

UNTIL FACILITIES ARE BUILT

Committee Asks Ban on Jumbo Jets Using Metro

ROMULUS--The banning of the huge Boeing 747 from Detroit's Metropolitan Airport until facilities for new passenger loading and baggage handling are constructed has been recommended by the

Transportation Committee of the Wayne County Board of Supervisors.

The supervisors' transportation committee, headed by Edmund Bizek of Romulus, voted unanimously to ban, at least temporarily,

the new 375 passenger "Jumbo" jets last Friday, Sept. 12.

The new plane, which is expected to increase greatly the number of passengers handled by the airlines, is scheduled for delivery to

some airlines later this year. And to start using Metro in 1970 or early 1971.

"Maybe this is brutal," said Bizek, "but we have a responsibility for the safety and convenience of people who use Metro."

WAYNE COUNTY has been unable to sell airport improvement bonds to pay for the new facilities, it was reported.

Two reasons for failure of the county to sell the bonds were cited by James M.

Davey, general manager of the Wayne County Road Commission, which runs the Metro Airport. They are:

The tax reform package passed by the U.S. House of Representatives and under consideration in the Senate

threatens the tax-exempt status of public bonds.

A state-imposed limit of six percent on interest the county can pay to potential bondholders handicaps the County in the present period of tight money.

THE FULL Board of Supervisors was to act on the Transportation Committee's suggestion Monday night.

Doubts has been expressed by some county officials that the ban could be enforced (Continued on Page 3)

Municipal Complex Near For Romulus Township

State Approves Bond Application

\$1,975,000 Revenue Bond Issue to Finance Program

By HENRY CANTIN
ANP Staff Writer

ROMULUS--The Municipal Finance Commission of Michigan has approved an application for the sale of \$1,975,000 in revenue bonds to finance construction of Romulus Municipal Complex.

Michigan's Attorney General Frank J. Kelley, who is commission chairman, notified local officials of the commission's authorization to go ahead with the bond sale.

Romulus Building Authority officers, legal advisors and township bonding consultants will now proceed with making preparation for the advertising of bond sale bids.

Authority Municipal Center Revenue Bonds will run, when issued, until 1996.

Bond proceeds will be used to acquire, furnish, equip, own, improve, enlarge, operate and, or, maintain the Municipal Center Complex, automobile parking lots, and

THE BONDS to be known as Romulus Building

NEW INDUSTRIAL COORDINATOR-Charles W. Hazen, 31 of 12061 Sharon. (Left) is the new Industrial Coordinator for Romulus Township. He is shown with Township Supervisor Roderick E. Smith looking over map of Romulus.

Industrial Coordinator Named By Township

ROMULUS--The appointment by the Township Board of Charles W. Hazen, 31, as Romulus' new Industrial Coordinator was announced Monday by Supervisor Roderick E. Smith.

Hazen, who resides at 12061 Sharon, Romulus with his wife, Helen and two young daughters, Frances, 8, and Carol Ann, 6, assumed the post on Sept. 15.

He replaces Jacob Golaney, 31, of Detroit, who resigned the post last April, 1969 to accept the position of Urban Planner in Philadelphia, Pa.

THE NEW Industrial coordinator has been a resident of Romulus for 10 years. Prior to his appointment he held the position of manager of Commercial Claims Division

of the Detroit Association of Credit Management and prior to this that of assistant credit manager of WWJ-TV-Radio.

He is a graduate of Easton High School, Easton, Pa., 1958 class. He also attended the University of Montana, Bozeman, Montana, University of Detroit, Walsh Institute.

He also took American law courses at the LaSalle University Extension Division and Duns and Bradstreets University, New York.

Romulus Homeowners Group Correct Published Report

ROMULUS--The lack of recreational facilities within the Township of Romulus is truly a sore spot with the Romulus Homeowners and residents.

The Romulus Homeowners Association cannot dispute the fact that something positive in this direction should be done but, we want to clarify an article in last week's Romulus Roman (9-10-69) regarding a site for

a Little League Park.

The article as submitted and printed, was done so without the approval of the Homeowners Association or that of the Little League and contains inaccuracies.

The Homeowners Association minutes show no record of any such request at either an open meeting or executive board meeting.

A cross-check with the president of the Little

League, Robert W. Walicki, disclaimed any overture on the part of the Little League in this direction. Further, it was indicated that they were well capable of "speaking" their own projects, as was evidenced last season (Incidentally, Mr. Walicki is also the Treasurer of the Homeowners Assoc.)

At the time the article was submitted and published, the Homeowners Association was not aware of any petitions being circulated, and still have yet to see one.

The Romulus Homeowners Association is dedicated to ALL the residents of the Township, BOTH male and female, and of ALL ages and interests.

(Continued on Page 3)

Planners To Meet

ROMULUS--A public hearing will be held at the Romulus Junior High School on the adoption of a new zoning map and new zoning ordinance starting at 7 p.m. Sept. 23.

The hearing is being called by the Romulus Township Planning Commission, Joseph Wallis, secretary of the commission, that must make its recommendations to the Township Board.

The firm of Parkins, Rogers & Associates, planning consultants for Romulus Township are preparing the

Time Bomb Fine at Airport Still Under Police Probe

ROMULUS--The discovery of a time bomb containing two quarter-pound blocks of TNT at Metro Airport is still under investigation by Michigan State Police detectives and members of the Airport Detail of the Wayne County Sheriff's Office.

The time bomb was found Sept. 10 in a field on a remote corner of the airport by Oscar Zacharias, an American Airlines

maintenance employee, at 9:58 a.m. near a service drive.

Bomb experts from Selfridge Field Air Force Base disarmed it. They had reported that it had been set to explode at 11 a.m., but the timing device had been disturbed and that it could have gone off sooner or later than the time set.

THE EXPERTS also stated that if the bomb had gone off, it would have only

made a loud noise and dented some equipment."

The bomb contents (explosive and timer) were in a brown box, the size of a shoebox, and inside a shopping bag.

When Zacharias found the bomb he took it to a nearby maintenance shed and called the airport's sheriff's detail. It was taken to a vacant field to await bomb experts from Selfridge, Detroit Police and State Police.

Ladies Want That Slim Figure? Well Here's Help

BY BEVERLY
McANALLY

ROMULUS--There is something definitely primordial in the nature of all of us who greet the bountiful fall season with uncontrollable urges to "put up" foods and make ourselves snug against the rigors of winter.

New Party Store Sets Opening

ROMULUS--The Zeco's Party Store, located at 35651 Goddard Road, will open its doors for the first time on Wednesday, Sept. 17, at 12 noon.

The business is a new venture for the proprietors Mr. and Mrs. C. Jones, but they feel that the entire community will benefit from this additional service.

During the first week, varied activities are being planned in an attempt to know you better.

The owners hope that their services will warrant returned visits.

Animals grow thick coats, hide away nuts and berries for future use and acquire a warm layer of fat to protect them from the cold.

Which brings us to the topic at hand, you don't really need that warm layer of fat anymore. Your car has a heater, your home is warm and all the fat does is make you unhappy and perhaps a candidate for heart disease.

The Romulus Township HiLow Club wants to help you keep that summer slim figure; or, if you didn't quite make it to "slim" this summer, they would like to help you achieve that goal by next spring.

Mrs. Donna Brazeau, HiLow president, invites any lady who is interested in losing weight to attend one of their meetings.

THE CLUB meets at Cory School, 35200 Smith Road, each Tuesday at 7:30 p.m.

The program includes exercise, discussion, films, and a weekly contest for a cash award.

The ladies are collecting recipes for their diet cookbook and, Mrs. Brazeau says, they plan future meetings with hair styling and makeup demonstrations.

A social night is held once a month, and all members look forward to this special occasion.

"I see a lot of heavy women," said Mrs. Brazeau, "And I do wish they'd come because we can help. 'No one should carry around excess weight, it's a matter of health as well as looking good.' Membership in the HiLows is \$3.50 a year and 60 cents a month.

So, girls, now is the time to begin. Remember: Thanksgiving, Christmas, New Years and Easter all tend to put on pounds and evasive action now will help you avoid winter inflation.

Romulus Area PTA Council Starts Year

ROMULUS--Mrs. Gary Gruber, president, announced the first meeting of the Romulus Area PTA council will be held at 7:30 PM in the

Multi-purpose Room at Romulus Elementary School (11165 Olive).

The council meets regularly throughout the school year on the last Tuesday of each month, said Mrs. Gruber. The first meeting will be to establish the program of work for the year and afford delegates an opportunity to become acquainted.

Each of the eight local units is entitled to five representatives on the council, explained Mrs. Gruber. They are:

The school principal, or his alternate, the local PTA President, or his alternate and

three regular delegates. She emphasized that all council meetings are public and any interested person is invited to attend.

PARTICIPATION in Council affairs is limited only in matters requiring a vote. In those cases each unit would be allowed five votes.

Council activities have followed the general outlines of the state and national PTA objectives with emphasis on local community and school problems. Their method has been to work through and with other community organizations to improve the situation of the child, home and school.

The group acts as an informational forum for the membership and the school board and administrators, it also serves as a coordinating agent between the local units.

IT'S PAYDAY

Your Romulus Roman Carrier will be making his monthly rounds this week to collect 40 cents for the four deliveries in September. Prompt payment of your bill will enable your carrier to meet his deadline.

Pay only your regular carrier. If you have any questions contact the Associated Newspapers Circulation Department at 729-4000.

"LITTLE BILL". Proudly showing "Little Bill," his Reserve Grand Champion Landrace boar, open and junior shows at the 120th Michigan State Fair is Edward Carpenter, 14, of Wayne. The son of Mr. and Mrs. George Carpenter of 6545 Cogswell Road, Edward is a student at Romulus High School.

FOR SLEEPING BEAR DUNES

Outdoor Group Asks Public Aid on Two U.S. Bills

BY ED SHUMBERA

BELLEVILLE--Residents in the State of Michigan who last November went to the polls and voted yes on proposals 3 and 4 were reminded this week that even though the money has been sliced up a different way than it was supposed to be, they can still put it to use by not

letting the, Sleeping Bear Dunes National Lakeshore, fall to the wayside.

The Huron Valley Conservation Association urged residents to act now, to protect this proposed 61,000-acre "National lakeshore" beauty and features of "the Bear", and also protect local communities and property.

Right now, encroachments and poorly planned developments are carving up the landscape, the Association charged.

THERE IS now a chance for the U.S. Congress to pass this proposal. Two versions of the bill are before Congress--The Hart-O'Hara bill (H.R. 11829) and the Vanderjagt-Ruppe bill (H.R. 12230).

The two bills are nearly identical, the few differences can be worked out by

Congressional committees, if they will take up these bills for consideration this fall.

How do we stand? Nine of our Michigan Congressmen are in favor of one of these bills. They are Senator Hart and Representatives Vanderjagt, O'Hara, Ruppe, Nedzi, William Ford, Riegle, Esch, Conyers and Dingell.

The other ten who have not, are representatives Broomfield, Diggs, Hutchinson, Brown, Griffiths,

Harvey, Chamberlain, McDonald and Gerald R. Ford.

Their co-sponsoring of a bill would help give united support from our own state. Without this united support, we can hardly expect the rest of the Congress to help.

President Nixon and Secretary of the Interior Walter J. Hickel have not taken a stand on this proposal--for or against it. Without their active support,

action is very unlikely this year.

The House of Representatives must approve the Bill first, but this will require hearings and favorable action by the Committees on Interior and Insular Affairs.

The chairman, Wayne Aspinall, and the ranking republican member, John Saylor, should be urged to take action.

TO MAKE the Sleeping Bear Dunes National Lakeshore a Reality, it is

necessary for YOU to express your concern and urge action by writing to your own congressman and asking him to co-sponsor and work for the Bill (HR11829 or HR 12230 or both) if he has not, also asking him to seek prompt hearings. To President Richard M. Nixon--Asking for his support for the bill this year, because we'll lose it if we delay To Secretary of the Interior, Walter J. Hickel--Asking him to support this bill as his top priority and to express his support to Congress.

To Hon. Wayne N. Aspinall, Chairman, Committee on Interior & Insular Affairs--urging prompt action by the committee this year in scheduling hearings in Washington and approving this important proposal.

(HR11829 and HR12230). Hon. John P. Saylor House Office Building Washington, D.C.

Copies of letters should also be sent to Senator Philip A. Hart, Senate Office Building, Washington, D.C.

Ask other people in your area--friends and relatives--to make their voices heard, too.

Kranick is Selected For U.S. Peace Corps

ROMULUS--Officials of the United States Peace Corps have approved the application of Harold A. Kranick, Jr., 22, for membership in the Peace Corps.

Kranick, son of Mr. and Mrs. Harold A. Kranick, Sr., of 30790, Smith, Inkster, will leave for Santa Domingo of the Dominican Republic on Sept. 22, for a two-year tour of duty. He will depart from the Metro Airport.

A desire to do something for those less fortunate and to further advance his educational pursuits prompted Kranick to apply for the Peace Corps.

HE RECEIVED word on being selected while studying for his Master of Arts degree at Northwestern University, Chicago, where he was majoring in Economics. He will teach accounting and set up a credit

HAROLD A. KRANICK co-operative while there. Kranick was born in Ypsilanti. He is a 1969 honor graduate University of Michigan where he received his Bachelor of Arts degree.

UF Opens Business Solicitation Campaign

The 1969 Torch Drive is underway this week for neighborhood stores, offices, plants and other businesses in this area.

Announcement that campaign solicitations are now in progress came from Joseph E. Godfrey, chairman of the drive's newly formed metropolitan unit which is comprised of the former community business campaigns and the schools and government unit.

Godfrey is vice president of General Motors Corp. and general manager of its Assembly Division which employs more than 75,000 persons in 14 plants across the nation.

"Traditionally, our neighborhood businesses have supported the annual United Foundation campaign," Godfrey said. "I am confident we can count on

their giving generously again this year."

HE SAID more than 29,000 neighborhood businesses in the Wayne-Oakland-Macomb area will be canvassed in the coming weeks.

The 21st annual UF campaign, scheduled for Oct. 14 through Nov. 6, will seek \$28,975,000 to underwrite 1970 operating costs for nearly 200 health and community services in the three-county area.

Neighborhood business solicitations annually bring in more than \$550,000 of the Torch Drive total.

Each neighborhood business giving to the 1969 Torch Drive will receive a certificate indicating it is a contributing metropolitan business sponsor of this year's campaign.

MAVERICK, the most successful new car ever introduced, offers good fuel economy, low purchase price, easy serviceability and smart design. Ford's "simple machine"--introduced in April as a 1970 model--surpassed the introductory sales records previously set by its older brother, Mustang. The new Maverick can be seen at Atchinson Ford Sales, 9800 Belleville Road, Belleville.

Leadership Course Demonstration Listed

ROMULUS--A free demonstration of the Gabriel Richard Leadership Course will be given Thursday, Sept. 25, at the St. Aloysius School, Romulus, starting at 8 p.m.

Folks attending will see a preview of the Course that has helped nearly 15,000 other persons learn confidence to express themselves and become more effective Christians.

There is no charge or obligation of any kind. Folks who might like to register for the course,

however, should bring along a little change.

The actual Leadership Course starts on Thursday, Oct. 9, at 8 p.m. at the St. Aloysius School.

The Course consists of nine sessions, held once a week. The cost is low, just enough to cover necessary books and expenses.

Those unable to attend the demonstration may call John Glaab at WH-1-1106 or WH 1-5297, or write the Gabriel Richard Institute, 2315 Orleans, Detroit, 7, Michigan for details or to register for the course.

New Officers

TRAVERSE CITY--Gerald W. Rykse, 52-year-old president of MX, Inc. of Grand Rapids, formerly Michigan Express, Inc. is the new president of the Michigan Trucking Association. He was elected last week at the 36th Annual Convention of MTA, Sept. 11.

Also elected were Dow Mitchell of Detroit; first vice president; Arthur E. Brainerd, Alpena, second vice president; Charles Deyman, Muskegon, treasurer; and Paul Hare of Detroit, secretary.

John J. Dooley of Detroit, last years MTA president, moves up to chairman of the MTA Executive Committee. Elected ATA state vice president was Harold J. Doyle, of Saginaw. He will represent the Michigan Trucking group on the American Trucking Association's executive committee.

The Chapman's and their employees cordially invite you to their...

STATE

(Continued from Page 1)

other structures on the Center's site for lease to the Township.

Other members of the Municipal Finance Commission are Allison Green, state treasurer; and Ira Polley, superintendent of Public Instruction.

The bond application now approved was filed with the state agency in March, 1969.

A CONTRACT for yearly rental of the proposed Municipal Complex was approved by the Building Authority last March.

The complex will be built on a 16-acre site, located at Wayne and Goddard Roads. It will, when completed, consist of a four building civic center that will include a police station and community center.

Also planned is a town square and a recreation and sports arena.

THE COMPLEX will provide space for the 34th District Court facilities.

The first two structures will be built on eight of the 16 acres, situated on the southeast side of Wayne and Goddard Roads.

Members of the Romulus Building Authority are:

Howard Dunisky, owner of the EM Market, Romulus, president; Edmund L. Galazka, manager of the Romulus Branch of the National Bank of Detroit; and Leo Kalota, second vice president of the Manufacturers National Bank and manager of the Romulus Branch of Manufacturers National Bank.

HOMEOWNERS

(Continued from Page 1)

An active member of either the Little League or Homeowners Association would be well aware of our plans and capable of spelling names used correctly, if they so desired to by-pass the publicity chairman in releasing information to the paper.

The Romulus Homeowners Association is grateful to the Romulus Roman for the cooperation they have given us and are most desirous of continuing this relationship.

In no way do we hold the Romulus Roman responsible for the article in question, as we are sure it was accepted in good faith as a newsworthy item.

Just a reminder, the next Open Meeting of the Romulus Homeowners Association will be held Monday, Sept. 22, at 8 p.m. in the Junior High School Library. Coffee will be served. Be sure to attend as it will be a lively meeting.

(Editor's Note: The article was on a report that Mrs. Mickey Lopota of The Homeowners Association disclosed that The Association was asked to spearhead a petition drive to obtain Township permission to improve a 20-acre parcel of land for a Little League Park.)

"HAVE A GOOD DAY"—Mickey Reel, prominent Industrial broker, shown standing beside one of two signs that he has erected in Romulus Township. He reports that the sign's expression is his way of saying thanks to the many people in the area who have contributed to the success of his business. Reel was one time Industrial Coordinator for Romulus. The signs have prompted considerable interest.

Home for Leave

ROMULUS—United States Army Private Melvin C. Schultz, Jr., son of Mr. and Mrs. Melvin C. Schultz, Sr., of 13595 Hannan Road, has completed advanced training in reconnaissance and is now home on leave.

Pvt. 'Bud' Schultz, formerly of Huron River Drive, New Boston, will leave on Sept. 24 for Fort Lewis, Washington enroute to Vietnam.

Huron Approves Sewer Ordinance

NEW BOSTON—The Huron Township Board of Trustees has approved a Storm and Sanitary Sewer Ordinance.

The Ordinance contains 10 articles relating to the use of public and private sewer and drains, private sewage disposal, installation and connection of building sewers and storm drains, and the discharge of water and waste in the public sewer system.

The new sewer and sanitary sewer regulations also provide for penalties up

Reel Takes to Highway To Express His Thanks

ROMULUS—Mickey Reel, prominent local industrial broker, has erected two new prominently displayed signs in Romulus Township, saying "HAVE A GOOD DAY". Are expressions of thanks to the many people in the area who

have contributed to the success of his business.

Reel has participated in over a million dollars of sales annually. He was formerly Industrial Coordinator for Romulus Township.

He continues to be the prime booster for Romulus being a great industrial center. The main selling point used by builders who have sold hundreds of new homes in Romulus is the low tax base.

This favorable tax structure is only possible because of the contribution made by industry. He feels that a concentrated effort in attracting industry is required to maintain the desirable tax base.

His lead line, on the signs—"ROMULUS WELCOMES INDUSTRY", is strongly supported by local government.

Reel in his evangelistic zeal to promote the community says to his many friends, "Have a good day".

The signs are located on Wayne road between I-94 expressway and Goddard Road, and On Merriman Road, north of the Metro Airport.

Germans seized Alsace-Lorraine, France, twice, once in 1871 and again in 1940.

'Project Return' Has Means Of Gaining More Education

NEW BOSTON—Consideration of "Project Return" as a possible means of gaining additional education or even a high school diploma by area citizens was strenuously urged by Louis Wegienka, Assistant Superintendent of Huron School District.

"Project Return" is an intensive two-week effort aimed at helping adults who want more schooling.

Offerings include basic education for those who want to polish such simple skills as reading, writing, or arithmetic; programs which lead to a high school diploma or equivalency certificate, and vocational or skill training in a variety of areas.

INFORMATION ABOUT the program may be obtained by contacting Wegienka, 32044 Huron River Drive, New Boston, Michigan, 728-2471.

"In the provision of adult education, our schools perform one of the most valuable of all services," said Wegienka. "Automation and

machines are replacing unskilled manpower almost faster than we can comprehend, and only with additional learning can we keep up.

"In 1800, machines only did about four percent of man's work for him, but today machines do about 95 percent of the work.

"The demand of undereducated, untrained and unskilled people is simply disappearing," said Wegienka. "Any adult who thinks a little more schooling—of any kind—might be helpful owes it to himself to make inquiries during 'Project Return.'"

AIMS OF "Project Return" are threefold: First, to inform citizens who want more education that it is available; second, to encourage citizens to make inquiries to see if the local adult education program offers something for them, and third, to better utilize the educational facilities in the community.

According to Michigan Superintendent of Public Instruction, Dr. Ira Polley, the growth of adult education in the last few years "has been one of the most encouraging signs in our whole educational picture."

More than seventy-five hundred high school diplomas

were awarded through adult education programs in the 1968-69 school year, compared with less than 750 just six years ago.

THE NUMBER of districts in the state offering high school completion programs has tripled in the same period.

Township Is Dead ; Long Live the City

One thing that can be said for sure about last week's election results in Westland is: Nankin Township is officially dead.

The victory of Councilman Gene McKinney and the defeat of Mayor Thomas H. Brown signalled, most certainly, the end of one era and the beginning of another.

The Brown administration is made up largely of the same people and many of the same approaches to community problems that City Hall reflected when it was still the Township Hall, more than three years ago.

There's nothing naturally wrong with that: City government probably couldn't be expected to rise mysteriously from the Township's ashes on the day of Cityhood. The transition had to be made, and to Mayor Brown's credit, he tried to make that transition.

But after a period of time, like three years, it became the obvious desire of the citizens of Westland to leave the transition period from Township to City, shake off the last vestiges of Township thinking, and move ahead with a new vigor, to steal a phrase from John F. Kennedy.

The result was that the City of Westland may now realize its full potential for action on behalf of the citizens of the community. Westland's form of government was specifically designed and geared for action.

The strong-major form of government that is contained in the City Charter was envisioned by the Charter Commission as the kind of government that could make forceful moves in areas that were forbidden to the old Township form of government.

Westland citizens chose to accept the Charter and create a new City because they believed that Township government was not good enough. Last week the citizens decided that City government should begin to respond the way it is meant to respond. It is

much like an automobile with a powerful engine that is never driven over 40 miles per hour. The citizens decided to give it some gas.

It is remarkable about Westland's governmental history that the City has often waited until it had little choice before making the right move to update local government. As Nankin Township, the community had nearly 75,000 residents before it decided to become a City. Its prime industrial land had been taken by its neighbor to the south, Wayne, and Livonia was threatening with annexation from the north.

It was a simple choice the citizens made in 1966, take Cityhood or die.

This year of 1969 is no different. As a community of more than 90,000 residents, Westland had to do something about its mounting problems with paving, drainage and community services. Governmental response at City Hall had to be pushed ahead of the City's growth, or the battle would be a losing one.

Despite what anyone says, we don't believe that the rivalry or infighting we have seen at City Hall in the last three years was really anything more than symptom of what really was ailing the City of Westland. The true malady was the fact that Westland wasn't keeping pace with its problems and challenges.

We don't expect, either, to hear one grand chorus of friendly accord rising from City Hall during the McKinney administration. Honest and intelligent men are going to disagree about the direction the City should take. But, the important thing is that the City will be taking a direction, and moving ahead.

We hope Nankin Township will now become just a pleasant memory in the annals of local history. Westland should have its chance to live in its own future.

No Fault Finding; But Progress Needed

Teachers demand higher salaries, less time in the class room, more benefits and more and better teaching materials to replace the so called antiquated items with which they must now work. The teachers threaten strikes, boycotts, walkouts, demonstrations, lawsuits and anything else which will throw a wrench into the gears of smooth operation. Sometimes these threats are followed up with actions, such as in Plymouth; or they can be used as a deterrent to a successful completion of a contract, as in Wayne which has cancelled an unfair labor hearing twice and has held one mass meeting, threatened another, only to have it cancelled, with the teachers being told to continue to teach and teach well.

Teach and teach well. How else is someone supposed to teach? The children do not deserve the brunt of the wrath which teacher's unions can incur upon local school boards; but they always do.

Neither side is blameless, yet neither side is totally at fault. Collective bargaining insures the rights of all to a good job with an adequate pay for services performed. In this case, however, the teachers are taking things a little bit too far.

Did anyone ever stop to consider just how much money the school boards have to spend? State aid does not pick up all the loose ends.

School boards, on the other hand, do not have a mandate to refuse monetary and fringe benefits, if they can afford them, and should do everything in their power to insure a quality education for the students under their jurisdiction.

Whoever is at fault is not of primary concern. What matters most is that both sides have manipulated long enough and that it is time that they started thinking of someone else besides themselves and their grievances or limitations, whichever the case

may be, and settle down to business. Iron out a contract so that the students will not have to continue to pay. In this case, the people being served are being hurt the most by the inaction of a few.

'91 91 Aug...!

It's Hard to Keep Laughing

I lost 110,000 readers and the editor said sorry, but he wanted a funny column every week and some weeks I'm not funny, in fact I'm pretty sad, and sometimes my adjectives are too rough on the nouns.

Which was obviously something I should worry about. This was an Ohio newspaper which paid good money. It was, in fact, the first customer I'd lost since this column became syndicated two years ago.

Golly gee, I thought, there's really no reason I can't be full of laughs every week. Maybe the trouble is that I worry too much. I'll cut that out, I decided. And I started with the rejection from the Ohio newspaper. I refused to worry about it.

Instead, I went out and played golf. And it was one of those golden days when everything went right.

My favorite enemy was my partner and he was lousy. He couldn't make a putt and this gave me splendid opportunities to insult him. Few things are more satisfying than calling a guy a bum and he can't answer you because he really is a bum and everybody knows it, even him. Marvelous.

Reflections

Screechers Are Made, Not Born

By Joyce Hagelthorn

Actually I became a screecher sometime between the fourth and fifth kid, when I discovered my children were all born without ears.

I was feeling pretty hopeless about it the other day, because after you've gotten through screeching at a half-dozen kids, one at a time, you're pretty well shot the whole weekend.

And then I picked up a newspaper and read Dr. Haim G. Ginott's theory. He's the fellow who's making a fortune telling parents what they're doing wrong.

He claims that in many homes, battles between parents and kids develop in a regular sequence. He says the kid does or says something the parent doesn't like, and the parent reacts with something insulting, and the kid answers with something worse... and you've got a big fight.

Dr. Ginott claims that when the kid comes in bouncing a ball next to your Tiffany lamp, you shouldn't get hysterical. And don't yell at him! Just get up off the sofa, place your hands firmly on the ball and take it away from him, telling him gently that the living room is no place to play ball.

I went over and sat on the sofa and waited for the next kid to come in bouncing something. Sure enough. It only took about a second and a half.

This kid had a baseball bat swinging it back and forth and threatening to kill his sister if he found her.

I gently raised myself from the sofa and walked over to the swinger, and I placed my hand firmly on the ball bat, and gently I said "The living room is no place to play with a bat."

"Who's playing?" the kid was hostile immediately and pulled the bat towards him.

I placed two hands firmly on the bat and tugged. He tugged back. Remembering Dr. Ginott I kept my voice tight behind my teeth.

The living room is no place to play with a bat," I hissed (softly).

He pulled the bat closer to him and growled.

And the lamp and the table went tumbling down... right on top of the bat and me.

Where, Dr. Ginott ... please, WHERE did I go wrong?

By Jim Fitzgerald

wouldn't be enough money to feed all the hungry kids. The demands of the Defense Department for weapons systems and research will eat up whatever is not spent on Vietnam. Without the war, the defense budget could remain the same or even go higher, Moynihan.

So what the heck, why end the war?

And then I began gathering the local news: Two more boys I knew had been killed in Vietnam. That makes 17 from my little county alone. Seventeen boys who didn't grow old enough to vote against politicians who calmly sent stuffed shirts to Paris, to talk peace, and young boys to war, to talk no more. I keep wondering who will be the last boy to die, bleeding in the mud while his stuttering leaders make half-hearted attempts to get out of a stupid, unjust war we should never have entered in the first place.

I wonder who the dead boy's parents will be, and would President Nixon like to tell them of their loss?

Funny every week? Sometimes I just don't have the guts to laugh.

IN THIS CORNER

Decorating Conspiracy Revealed

By Dick McKnight

If the wisest of our public servants placed all of the divorce courts next door to all of the home decorating shops, there would likely be a lot more divorces.

It was only the legal red tape and incredible restraint that kept my wife and I from committing mutual mayhem while painting and papering a room in our home recently.

I am not, repeat, not, one of those gifted persons who can take a few pieces of board, nails and a little paint and make most anything. In fact, I may even have an intense dislike for anyone like that.

My talents lie strictly in the mental sphere and do not extend to manual dexterity.

When the two of us settled in for a long evening of home decorating, we both made a verbal agreement not to complain, bicker and crab about the way each of us was slopping on the paint. We did fine until we finished putting down the papers to catch the drips. That was as far as we got.

I started on the ceiling. It looked lovely until I noticed the paint dripping down my elbow and into my armpit. Gets a little sticky. The roller worked just fine, until it spun a couple of times and speckled my entire face (and eyes) with little drops of forsythia yellow. Later it turned to a pea green when it began to mix with my body chemistry.

As the dribbles began hitting the papers below, the stuff started sticking to my feet. When the phone rang, I ran to answer it and took with me the entire Wednesday edition of the Eagle around my ankles.

When some local children began howling outside my front door about something I rushed to the window, plunking both arms down on the wet paint. My grimaced and I exploded. It was all down, down, down from there.

My rantings disturbed my wife so much that she angrily swiped my right knee with her paint-loaded brush, told me to leave and get cleaned up.

Upon inspecting the turpentine can I discovered it contained a dehydrated mass about the size of a crushed grape. We were out of turpentine, and naturally, every store in town was closed.

Gnashing my teeth, I began working on my paint smeared limbs with a scouring pad. It hurt a lot, but nothing came off. I discovered I had left traces of paint on several light switches and the kitchen sink. Despairing, I flung myself on the bed, permanently marking it with bright yellow. (It cost \$25, my wife informed me.)

Soaking in the tub as a last resort, I vowed to reveal in print the diabolical plot that is known as fix-it, do-it-yourself and home decorating in general.

Lift Up Your Head

All-White Isn't All Right

By Rosemary Kozielski

No matter how many laws are passed, the conspiracy of silence will keep Negroes "in their place" for a good many years to come. At least until the silent conspirators start speaking up.

I went to a perfectly nice shower recently. It was a very pleasant social event until someone, in the course of a conversation, used the word "nigger". There were a couple of uncomfortable moments among the women in the all-white group until someone made a joke and everybody laughed. Except me.

Why didn't I just tell her that I didn't like hearing people being referred to as niggers? Why didn't I point out to her that neither she nor any of the other ladies there would like to be called hillbillies, polaks, krauts, micks, or wasps or any other derogatory label. And why didn't any of the other women there, particularly those who don't like "nigger" any more than I do -- why didn't they speak up?

We didn't want to spoil the party, I suppose.

After all, there were no Negroes there and so no harm had been done. Why make a scene?

But there was harm done. I was offended and so were the other women who don't like "nigger." In a more selfish sense, I had to wonder what I would be called if I were not there; would the women who used "nigger" so freely hesitate to talk about "polaks"?

But finally I was the one who was offended by being made part of the conspiracy of silence, the self-righteous "It's okay, we're all white here" mentality. And not only had I allowed myself to be insulted, but I have that woman the silent assent that will insure her repeated use of "nigger."

I've changed my mind since that night. Next time I'll spoil the party, rather than spoil my peace my mind. I'm tired of people who assume that, just because I'm white, I will stand for their derogatory comments about people who are not white. That's one club I'd rather not be part of.

The "QUALITY MARK OF APPROVAL" - shown in insert - was stamped on the 100,000th M16A1 Rifle by James Mead (2nd from left), Government Quality Assurance Representative, as it was delivered to the Army by the Hydra-matic Division of General Motors Corporation. Also giving their approval are Hydramatic Superintendent, J.W. Moon, holding the weapon, and Colonel W.B. Dudley (left), Commander-Defense Contract Administration Region and J.S. Garlic (right), Hydra-matic Division's General Manager.

Law Officers Need Assistance

Do you like to go camping? Then wake up. One of the nation's vital resources is in danger--our recreation areas.

Joseph W. Bennett, in his recently published and revealing book, "Vandals Wild," has stated that by the year 2000 "...we'll have 16 to 20 million destructive vandals desecrating our parks and waterways..."

Presently 95 per cent of the population is allowing 5 per cent of the population to desecrate and ruin things that are meaningful to us. Widespread destruction done out of pure cussedness is common.

In one Oregon county, officials became so outraged over vandalism in a park that they closed it. The park was reopened after one resident volunteered information leading to the arrest and prosecution of the vandals involved.

It is up to the private citizen to help do something about this deliberate, lawless and costly destruction. If a cure is not found, closure of our public playgrounds and recreation areas will be in order.

No one wishes to pay taxes to provide vandals with property to destroy. So concerned citizens should help the authorities apprehend the destroyers.

Cox Opens Belleville Quarters

BELLEVILLE--The Clyde Cox Agency, general insurance, located at 1167 Eureka Road, Wyandotte, announced the opening of a Belleville office to serve their customers.

The new office is located at 515 Main Street, telephone 697-8036.

Hours are 12 noon to 6 p.m. Monday through Friday, and from 9 a.m. to 1 p.m. on Saturday. The Wyandotte office will be open from 9 a.m. to 6 p.m. and closed on Saturday.

Cemetery To Get Clean-up

BELLEVILLE--A contract with the Beaver Lawn Service to clean up Pleasant View Cemetery, located on Denton Road, was approved by the Township Board. The contract is for \$200.

Residents have complained about the appearance of the cemetery. The contract calls for a complete clean-up of dead trees and overgrown shrubbery and vines.

The present maintenance contract covers grasscutting and trimming around headstones.

Poetry Corner

"Our Tribute to Jim"

God's taken him and we ask why.
A bright, young man, why did he die?
I guess because he loved this land,
His wife, his son, this made him stand.

To all these things that are dear to us,
Jim felt them dear, and right and just.
He's done his part and even more
To show us what "America" stands for.

Yes, he is gone, but lest we forget,
Jim gave his life, his blood, his sweat
And Matthew dear, hope someday
Your mommy's tears will go away
For daddy was one of the great
For him, God opened up His gate.

Loving to Suzanne and Matthew
By Patyi, Ken and Michelle LaCross

(Editor's Note: The above tribute to Pvt. First Class James Davis, 20, killed in Vietnam on Aug. 13, 1969, was written by close school friends now residing in Norfolk, Va.)

No Substitute For Newspaper

Rumors persist of financial difficulties facing many publications. When such respected institutions as the late Saturday Evening Post find it impossible to make both ends meet, people cannot be blamed for wondering if the written word is to become a thing of the past.

One authority gives an encouraging answer to the contrary so far as newspapers are concerned. The dean of the school of journalism of a large university observed that, "Only the newspaper, of all the news media today, can fully live up to the challenge of providing the people with the news they are searching for. ... Nobody can fight City Hall--if City Hall has to be fought--like a crusading city editor. Nobody knows where the body is buried like a good reporter. Nobody can interpret the news in meaningful fashion like a good editorial writer. Nobody can be closer to understanding the impact of the news on the people of the community than a working publisher who is part of the life of that community."

The archives of the local newspaper constitute the only printed record of community life.

Learning to read is a useful achievement--and will remain so.

The Coming Of Autumn

Early risers don't need the calendar to tell them that autumn is here. The official date of its arrival is Sept. 23. But long before then cool, crisp mornings, the smoke-scented air and the hint of color on foliage and trees have heralded the coming event.

The days of autumn known as Indian Summer have been well named. There is something about the smell of fall that is easily identifiable with quiet woodland paths that for uncounted centuries knew nothing but the tread of wildlife and the moccassined Indian. This is the vision of America that so many of us would like to preserve as nearly as possible in fact as well as fancy.

And thanks to the efforts of a great many citizens in public and private life, the prospect is growing that the vision will be preserved. Forest trails and wilderness areas are now classed among the nation's most treasured assets.

Rohler Files Plea On Zoning

BELLEVILLE--The Van Buren Planning Commission is to set a date for a public hearing on a rezoning request involving a proposed construction of mobile homes and shopping center.

A petition seeking the rezoning was filed by mobile home park owner George Rohler, owner and operator of Belleville Manors Mobile Homes, 8701 Belleville Road. Setting of the hearing awaits further information.

Rohler proposed to build 306 additional mobile home sites and a commercial shopping center on acreage, located south of his present location.

Some 64 acres of land are involved, it was reported.

Harvest Dance Set By Ushers

NEW BOSTON--The Ushers Club of St. Stephens Catholic Church of New Boston will sponsor a Harvest Dance on Oct. 4, at the Romulus Progressive Hall, 11580 Ozga Road.

Music for dancing will be provided by the "Continental" from 9 p.m. to 1 a.m.

Refreshments and a buffet style dinner will be served. The cost will be \$4. per person. Free door prizes will be awarded.

License Transfer Approved

Belleville--A resolution approving the transfer of a SDM license from Joseph Pack, owner of Pack's Grocery, located at Ecorse and Hannan Roads, to Dallard Hall, of 8244 Morton-Taylor Road, was adopted by the Van Buren Board of Trustees.

The approval by the Board will be sent to the Michigan State Liquor Control Commission.

A SDM license permits the sale of beer and wine. Dall is purchasing the grocery store.

Wants Bids On Tap-ins

BELLEVILLE--The taking of bids for 300 water and sewer taps was authorized by the Van Buren Township Board.

Approval to advertise for bids was made after Edward C. Stoelton, township supervisor, reported that the township's verbal agreement for the construction of water and sewer taps had to be reviewed and a written contract drawn up because of rising costs of labor and materials.

Morris Levine, township engineer, was asked to draw up specifications for the taking of bids.

Cadillac presents the Spirit of the Seventies!

The elegantly spirited 1970 Cadillac

The brilliant new 1970 Cadillac is styled to reflect the quality of life in the spirited seventies. Its striking new beauty suggests the tempo of people on the move. Richly tailored appointments welcome you to a new era of Cadillac taste and elegance. Sparkling performance invites you to experience an entirely new dimension of motoring pleasure. In all eleven

Cadillac models, you'll discover new ideas attuned to the spirited seventies. You may choose a new radio that will seek out your favorite AM, FM or stereo-only station. The aerial is neatly concealed in the windshield. This year, Cadillac engineers have again made sure that the Cadillac ride continues to be the most enjoyable in motoring history.

Cadillac Motor Car Division MARK OF EXCELLENCE

The newly spirited 8.2 litre Eldorado

The Spirit of the Seventies is nowhere more evident than in the handsome 1970 Eldorado. MARRIED AT ST. STEPHEN'S

Newlyweds Honeymoon In Las Vegas For One Week

The glow of lighted tapers and arrangements of multi-colored gladioli and white chrysanthemums formed the setting Saturday, September 6, as Mary Agnes Chudzinski approached the sanctuary on the arm of her father to become the bride of Bernard H. Townsend. Double ring vows were exchanged before the Rev. Alexander Wytrywal at St. Stephen's Catholic Church, in New Boston.

Music for the five thirty o'clock nuptials was played by Cathy Klaes at the organ with Jerry Klaes as soloist.

Parents of the young couple are Mr. and Mrs. Alfred Chudzinski, of 48200 Harris road, Belleville, and Mr. and Mrs. Leo Townsend,

of 4340 Austin road, Saline.

MARY CHOSE for her wedding day an all-lace creation fashioned with a toe-touching bouffant skirt which fell in tiers to a chapel train. Her Chantilly gown featured a little fitted bodice with a scalloped neckline and wristpoint sleeves with accents of shimmering sequins.

Her full-length mantilla of silk illusion, banded in scalloped lace to match her dress, was held by a bell-shaped headpiece of lace studded with rhinestones and teardrop pearls.

Completing her bridal finery was a cascade bouquet of white carnations

surrounding a white orchid.

Royal blue lace was chosen for the frocks worn by the bridal attendants. Diane Netto, of Belleville, sister of the bride, was in royal blue lace over white taffeta for her role as maid of honor. A white bow covered with blue lace secured her pouf veil which was formed of blue and white lace tiers. Her bouquet was made of cascading white mums and blue bachelor buttons.

Bridesmaids in blue-on-blue dresses identical to Miss Netto's were Karen Davie, of Belleville; Connie Krajewski, the bride's cousin from Belleville; and Roberta Gotha, another cousin from Temperance.

Eight-year old June Johnson, cousin of the bride and daughter of the Lloyd Johnsons, of Ypsilanti, wore a miniature version of the honor maid's gown for her role as flower girl. The tiny white basket she carried held an arrangement of white mums and blue bachelor buttons.

Ringbearer was 10-year old Dennis Gorney, another cousin, son of the Kenneth Gorneys, of Temperance.

BEST MAN was the bridegroom's brother, Robert Townsend, of Tecumseh. Others on the esquire side were Donald Chudzinski, brother of the bride; Marvin Sannes, of Manchester; and William Stein, of Ann Arbor.

The 350 guests attending the reception which followed at the P.N.A. Lodge were greeted by Mrs. Chudzinski in a powder blue silk brocade ensemble with blue and white accessories. For her son's wedding Mrs. Townsend wore a navy blue walking suit of jersey knit with harmonizing accessories. Both mothers added corsages of white carnations and yellow roses to their frocks.

Following their week-long honeymoon in Las Vegas, Nevada, the newly weds will make their home at 201 Division street, Clinton.

A 1968 graduate of Belleville High, Mary is employed as a tele-control operator at Hoover Ball Bearing, Ann Arbor, where her husband works as a machine repairman. He graduated from Saline High School in 1964 and from International Correspondence School in Ann Arbor after four years training.

Istvan-Harkai Nuptials

Read At St. Anthony's

Arrangements of white carnations and gladioli and tall lighted tapers formed the setting Friday, August 22, for the ceremony which united Diane J. Istvan and Dennis M. Harkai in holy matrimony. St. Anthony's Catholic Church was reserved for the six thirty nuptials read by the Rev. Alexander Wytrywal.

Diane is the daughter of Mr. and Mrs. David Dubisky, of 41190 Savage Road, Belleville, and Dennis's parents are Mr. and Mrs. Frank Harkai, of 40555 Willis Road, Belleville.

Michael Ives at the organ provided traditional wedding selections for the double ring rite.

ESCORTED TO the altar by her step-father, Diane was gowning in silk organza over taffeta. The A-line creation included a high lace neckline set in tulle with matching lace forming the short cape sleeves. The lace motif was also used to frame the sides and hemline of the gown and to edge the tulle train which cascaded from a mid-back bow into cathedral length.

Clasping her short illusion veil was an openwork crown of crystals and pearls which she had borrowed from her aunt, Mrs. Ronald Smith. Completing her bridal finery was a cascade bouquet of pink roses and gardenias.

Diane also borrowed a gold cross necklace from her bridegroom's mother and carried a handkerchief belonging to her grandmother, Mrs. Marion Collins.

As her sister's maid of honor, Mrs. Denise Diamond, of Wyandotte, appeared in white lace over mint green fashioned with a high neckline and sleeveless bodice. Accenting her frock was an overlay of mint chiffon with a wide satin ribbon and bow tracing the empire lines. A headpiece of tiny pearls secured her brief veil and she carried an arrangement of mint green and white mums.

Another of the bride's sisters, Dawn Istvan, and a former classmate, Mrs. Debra Hendrix, of Flint, served as bridesmaids in identical costumes.

THE BRIDEGROOM asked a former classmate, John Wenzel, to be best man. His two brothers, Bob Harkai, of Denver, Colorado, and Gary Harkai, of Belleville, carried out the duties of ushers.

Some 200 friends and relatives greeted the young couple at their reception in

the P.N.A. Hall. For the happy occasion, Mrs. Dubisky wore a turquoise lace coat-dress ensemble with raspberry red accessories and a matching carnation corsage. Mrs. Harkai selected an ice blue lace frock with blue accessories. Her corsage was of pink carnations.

Now residing at 40565 Willis Road, Belleville, the newlyweds honeymooned for

one week while touring Northern Michigan.

Both Dennis and Diane are Belleville High School graduates. She is currently working for Michigan Bell Telephone in Ann Arbor and he is employed at Fisher Body, Willow Run. A veteran of the Vietnam conflict, he is also a part-time student at Washtenaw Community College.

MRS. JEROME McNALLY

Bridesmaids In Pink

Attend Betty J. Day

A week-long honeymoon in Michigan's northern country followed the summer wedding of Betty Jean Day, of Belleville, and Jerome McNally, of Wayne. Father Roms read the double ring rite which united the couple in holy matrimony at St. Mary's Catholic Church, in Wayne.

Baskets of carnations, gladioli, and baby's breath graced the altar as the bride approached on the arm of her father. The daughter of Mr. and Mrs. Douglas Day, of 13440 Martinsville road, Belleville, Betty appeared in a bouffant gown of Chantilly lace over silk. The fitted bodice was styled with a square neckline and wristpoint sleeves and the skirt fell in tiers into a chapel train.

Her illusion veil was cut in mid-back length and she carried a colonial bouquet of white carnations and baby's breath.

WEARING An empire frock with a candy pink bodice and tee-touching skirt, Charlotte Pullens, of Belleville, served as Maid of Honor for her life-long friend. Bridesmaids in identical

pale pink ensembles were Janice Ostrowski and Phillis Erie, both of Belleville; Gay McNally, of Wayne; and Nancy Keen, of Inkster.

Nine-year-old Terri Hnot and her seven-year old brother, Gary, children of the Edward Hnots, of Wayne, carried out the roles of flowergirl and ringbearer, respectively.

The bridegroom asked Dave Adamczyk to be best man. The corps of ushers included Frank Freemund, Frank Meyers, Larry Balettie, and John McNally.

Some 300 guests attended the reception which followed at the L. & L. Hall, in Romulus. Mrs. Day greeted friends and relatives in a blue lace dress with a corsage of blue and white carnations pinned at the shoulder. The bridegroom's mother donned a beige ensemble and corsage of white carnations for the occasion.

The new Mrs. McNally graduated from Belleville High School in 1967 and is employed by Kroger's, in Detroit. Her husband earned his diploma at St. Mary's, in Wayne, and is an employee of Landshire Sandwiches, Wayne.

BPW IS 22 YEARS OLD -- At a special dinner meeting Monday evening, September 8, at Edgemont School, the Belleville Business and Professional Women celebrated their 22nd birthday. A beautifully decorated cake was the highlight of the occasion with State President of the Michigan Federation of B.P.W., Mrs. Constance Geisler, (right) doing the cake-cutting honors. Pictured with Mrs. Geisler (left to right) are Mrs. Helen White, Club President; Mrs. Stella Adams, and Mrs. Bea Boldt, both past presidents of the organization.

Federation President Cuts Cake At 22nd Birthday Of BPW Club

On Monday evening, September 8, the Belleville Business and Professional Women celebrated their 22nd birthday dinner by having Mrs. Constance Geisler, State President of the Michigan Federation of B.P.W.; members from the Manchester and Ypsilanti Clubs; and Mr. Samuel LoPresto, Principal of Edgemont School, as guests.

The Ypsilanti Club, Belleville BPW's Mother Club, helped to start the local group many years ago.

Before dinner club members and guests socialized over punch, dip and crackers. A grand meal was topped off with a beautiful cake and ice cream with Mrs. Geisler doing the honor of cutting the cake. Entertainment following the

meal was provided by a quartet of Belleville BPW women who sang three selections.

Mrs. Geisler, guest speaker, used as her theme, "Building Membership Through Team Work and the ABC's."

A short business meeting followed the program. Plans were made for the fall rummage sale to be held September 27 at the Masonic Temple from 9 A.M. to 3 P.M. A money gift is being sent to help in the education of Frank Mills, Belleville High Junior, who was seriously injured this summer.

The membership committee planned the gala evening.

All Around The Town

... with Lee Smith
Women's Editor

Quite A Summer For Mary

MARY KOSIN (the junior version) had quite a summer for herself when, accompanying her grandmother, Mrs. Chester Kosin, of Inkster, she left for a 19-day tour of Canada and Alaska. Traveling with 34 others from all over the U.S., they left August 11 by bus to join the remainder of the tour group in Chicago.

Then it was northward via rail to Winnipeg, Manitoba where they boarded the Canadian National for the long ride to Vancouver, British Columbia.

There were several stops along the way beginning in Jasper where Mary and 11 others went soaring out to the Columbia Glacier in a 12-passenger snowmobile. Their driver stopped beside a hole in the ice about eight feet in diameter and 120 feet deep which was created by a small trickle of water eating through a soft spot in the ice.

Next stop was Banff where the weather and scenery were equally beautiful followed by a drive through the mountains to Lake Louise.

Upon arrival in Vancouver, they traveled by steamer to the island of Victoria. For the next eight days the Alaskan cruiser, "Princess Patricia" was 'home' to Mary and the most enjoyable part of her trip. She had occasion to meet many young people, especially those working aboard ship between college semesters. Each day the ship docked along the way for tours of the area, stops including Rupert, Ketchikan, Juneau, and Mendonhall Glacier with its crystals of blue.

After Skagway and White Pass the ship turned

southward to Wrangell and a visit to an Alaskan village noted for its colorful totem poles. Mary'd promised her brothers, Chester and Frankie, she'd bring them each a totem pole. However, the one she liked best was 30 feet tall and cemented down, so she compromised by sending them picture post cards and tucking two miniature totems for them into her suitcase.

At Kitimat, B.C., the group toured the Aluminum Company of Canada's stupendous smelter and hydro-electric development. The final landing was at Alert Bay and the Indian Village of Kimpkish where a group of children and adults performed native dances in appropriate costumes.

Highlight of the cruise was the Captain's Dinner and masquerade party for which Mary was awarded first prize (a seal skin purse) for her costume -- a vampire a la T.V.'s 'Dark Shadows'.

Before starting on the final lap of the journey, Mary toured Stanley Park in Vancouver and enjoyed lunch at the famous "Space Needle Restaurant" in Seattle.

The Northern Pacific brought the group home through the American Rockies to the Windy City. Greyhound provided transportation for the miles back to Detroit where Mary's dad and brother, Mark, were awaiting her arrival. They then whisked her off to the family cottage at Lake Le Ann for the Labor Day week-end. The rest of the family didn't seem to mind the 1 A.M. arrival one bit -- they were all mighty glad to have Mary home again.

Ladies Day Out

ON THE OCCASION of their mother's 75th birthday September 8, the four daughters of Mrs. Russell (Edna) Van Buhler treated her to luncheon at the local 'Town and Country' Restaurant. Hostesses for the special celebration were Bellevillites Odalee Hoeft and Gloria Polzin along with Phyllis Kinnell, of Dearborn, and Mary Carol Slagle, of Wyandotte. Also in on the festivities were the honoree's granddaughter, Chris Hoeft, and her friend, Sandy Gugin.

Party Marks Double Birthday

MAURICE JOANETTE, of Potter drive, and grandson, Jerome Joannette, of Detroit, were honored at a surprise birthday party at the home of the former's son, Roger Joannette, in Detroit. Hostesses for the get-together were Maurice's daughter, Rachelle Goodbred, and his daughter-in-law, Jane Joannette.

Some 55 persons enjoyed the festivities which included a hot supper, birthday cake, and cards. Relatives and friends came from Chatham, Ontario; Dearborn, Livonia, St. Clair Shores, Southgate, Romulus, Westland, and Belleville.

Back From East Coast

HAVING SISTERS on the Eastern Seaboard seemed to be the deciding factor on which direction to head for vacations these past few weeks. Holding off till they'd finished with their post-graduation jobs, Bill Hidenfelter and Rick Emerson took off for Norwalk, Connecticut to visit Rick's sister and brother-in-law, Pat and Bob Groeschner. The twosome camped enroute at Kingston, Ontario and Cranberry Lake, New York, and then spent a couple days with the Groeschners -- catching them after their teaching hours at nearby New Canaan. Bonnie Krueger Joseph Krachie, Wed

A quintet of bridal attendants in dotted Swiss frocks preceded Bonnie Krueger to the sanctuary of St. Mary's Catholic Church, in Wayne, Saturday, August 30, as she walked up the white-carpeted aisle with her father.

The daughter of Mr. and Mrs. James Merriman, of Wayne, Bonnie exchanged wedding vows and rings with Joseph Krachie, son of the senior Joseph Krachies, of Westland.

Father Raymond Sayres

officiated at the three o'clock ceremony before an altar appointed with baskets of white flowers. Some 75 friends and relatives were assembled for the ceremony which was followed by a reception for 300 in the American Legion Hall at Garden City.

SILK ORGANZA embellished with peau d'ange lace was the choice of the bride for her wedding day. Styled in the empire mode, the high-necked lace-on-organza bodice featured full, cuffed sleeves frosted with lace from shoulder to wrist. The lace motif was repeated on the gathered skirt and again on the silk illusion mantilla which drifted from a beaded lace cap to cathedral length. Her bridal bouquet was comprised of white roses and carnations with sprigs of heather brought from Scotland by the bridegroom's grandmother, Mrs. James Burns, of Detroit.

Mrs. Michael Wunkle, of Wayne, headed the bridal cortege as matron of honor in a mint green, nylon dotted Swiss frock over a taffeta underskirt. She wore matching daisies in her hair and carried a wicker basket filled with green and yellow daisies.

Bridesmaids in maize gowns identical to the honor attendant's were Mrs. Michael Knight, sister of the bridegroom from Wayne; Sharon Stone, a cousin of the bride from Gibraltar; and Vicki Porter and Patricia Reid, both of Wayne.

THE CORPS of groomsmen included best man John Burns, of Woodhaven, uncle of the bridegroom; Michael Krachie of Wayne, his brother; Gregory Krueger, brother of the bride, Peter Hall, and Albert Turco, all of Wayne.

Mrs. Krueger selected for her daughter's wedding an ensemble of silk and worsted shantique with a matching plume hat and corsage of roses tipped in blue. The bridegroom's mother donned a pink A-line brocade costume with a matching bow hat and rose corsage tipped in pink.

Among those attending the wedding and reception were the bride's grandparents, Mr. and Mrs. Elton Dennett, of Romulus; her aunt, Mrs. James Kelly, of St. Petersburg, Florida; and the bridegroom's grandparents, Mr. and Mrs. Robert Herr, of Rochester, and Mrs. James Burns, of Detroit.

The newlyweds honeymooned for one week in Northern Michigan and are now making their home in Jacksonville, North Carolina near Camp Le Jeune where the bridegroom is serving with the U.S. Marine Corps. A graduate of Wayne Memorial High School, he joined the Marines in 1966 and is a veteran of the Vietnam conflict.

The new Mrs. Krachie is also a Wayne Memorial High alumnus and prior to her marriage was employed by the Michigan Bell Telephone Company, Plymouth.

MR. AND MRS. JOSEPH KRACHIE

'Weight Watchers' Started

ROMULUS--A new "Weight Watchers" group was started last week in the New Boston area.

The group meets at 9:30 a.m. each Wednesday at St. Paul's Lutheran Church, New Boston.

The lecturer for this week's meeting (today) is Garnet Zilka of Merriman Road who has lost 59 1/2 pounds since a year ago.

Hatch's Visit In East Includes Wedding Of Their Grandson, Mike

BY
MRS. JOSEPH SPRING
OX 9-4021

Mr. and Mrs. Warren B. Hatch spent the month of August with their daughter and husband, Mr. and Mrs. Frank L. Mc Coy, at Trumbull, Conn., where he is employed with American Chain and Cable Co. as corporate purchasing coordinator.

While there the Hatches attended the wedding of their grandson, Michael Mc Coy, to Irene Mc Gregor of New York City and the reception at "Bruno's on the Boulevard."

On returning home, the Hatches visited the Michael Mc Coys at Kent State University in Ohio where Michael will be spending his senior year. They also visited the David Hatches at Dundee before arriving home.

George R. Conklin left Sunday for his home in San Antonio, Texas, after spending the past six weeks with his nephew and wife, Mr. and Mrs. George F. Conklin, of Haggerty Road, and other relatives.

Dr. and Mrs. Norman A. Miller of Glenside, Pa., recently spent four days visiting his parents, the Norman Millers Sr., of Second Street, and other relatives in the vicinity.

Mr. and Mrs. Wallace Saunders of East Detroit and the Clayton Saunders of Liberty Street enjoyed Sunday dinner in Tecumseh and later toured the Hidden Lake gardens near Tipton.

Mr. and Mrs. David Smith of Kettle Falls, Wash., are the proud parents of a baby boy born August 26, weight 7 lbs., 13 ozs. His mother is the former Maxine Helzerman and he has been named Shawn David.

Mrs. Janet Helzerman with daughter, Mrs. Shirley Mentel and little daughter, Tracie, returned home on Tuesday of last week after spending a few days with the David Smiths in Washington.

Mr. Earl Martin and daughter Ann, of Ann Arbor,

were Tuesday luncheon guests of Mr. and Mrs. Warren Hatch of Church Street.

Mr. and Mrs. Fred Riggs of Okemos were Tuesday and Wednesday callers on friends in this city and attended the funeral of a classmate, Kenneth L. Post.

Elaine Ann and Shelley Malloy of Winnipeg, Manitoba, Canada, left for their home last Sunday after spending two weeks with their grandparents, Mr. and Mrs. William Graham of Liberty Street and their Aunt and Uncle, Mr. and Mrs. Harvey Stabnau of Biggs Street.

The Glenn Feights, the Louis Fords and the David Falconers enjoyed several days of camping at Algonac this past week.

Clayton Saunders spent several days this past week at Charlevoix with his mother, Mrs. Lillian Moore.

Mr. and Mrs. Stewart Potts of W. Wabash street spent the week-end of Sept. 5, with the John Potts family at Mitchells Lake, Ontario.

Mr. and Mrs. Kenneth Mericle of Denton Road were Sunday night supper guests of friends, Mr. and Mrs. Don Mulinix, Sr., of Toledo, Ohio.

On Saturday evening, Sept. 13, a family dinner party was held at the home of Mrs. Emmer Sheats of New Boston for a double celebration honoring the birthday of Mrs. Sheats' daughter, Mrs. Russell Wilson of Elwell road and the 22nd wedding anniversary of a son and wife, Mr. and Mrs. Earl Sheats. Members were present from Lincoln Park, Milan, Belleville, and New Boston.

Janice Wilson, a freshman at U. of M., spent the week-end with her parents, the Russell Wilsons, of Elwell Road.

ALL AROUND THE TOWN ... with Lee

(Continued from Page 7)

also took the commuter train into New York City where they found plenty of interesting subjects for their shutter-bug mania before returning from their eight-day trip.

This past Sunday Bill left for freshman classes at Albion College, his dad's alma mater, and Friday Rick will be off for studies at Michigan State.

ANOTHER PAIR of recent B.H.S. grads, Jeff Miller and Lee Schmidt, have returned from their six-day stay in New York City. After jetting eastward, they taxied to Marcine and Mike Balk's Manhattan apartment (Lee's sister and brother-in-law) where they made their headquarters.

Greenwich Village, Wall Street, Coney Island, and the Empire State Building were included on their itinerary along with tickets to a couple television shows.

The pair, who'll be calling Michigan State their stomping grounds come Friday, landed back at Metro Airport Thursday night.

Here N There

MISSING FROM the line-up at Belleville High this term are junior Pam De Graves whose parents, the Fred De Graves, moved this summer to Battle Creek; and Gretchen Brown, a sophomore, who's now making her home in Sanford, Connecticut with her parents, the Ralph Browns.

CAPTAIN SAM EMERSON, who spent the past year with the U.S. Army in Vietnam, has been home on a 30-day leave. The son of the Justin Emersons, of Madelon street, he spent several days here in Belleville with his wife, Sue, before they motored to the Upper Peninsula for a visit with Sam's relatives. Come September 24 he's scheduled to leave for his new assignment at Ford McClellan, Alabama, and to set up housekeeping with Sue at nearby quarters. LAST TUESDAY, September 9, found Chet and Mary Kosin, of Elwell road, flying to Indianapolis with their host, Troy Fant, of Edgedale drive. As guests of Arvin Industries, they enjoyed dinner at the Holiday Inn, in Columbia, Indiana, and after breakfast the next A.M. toured the Arvin factory in Seymour and the Gladstone plant in Columbus where they manufacture mufflers and pipes. After lunch they visited the engineering and experimental offices and the huge warehouse in Freeland enroute to Weir Cook Airport for their flight home. The trip was related to Chet's business Kosin Auto Parts, in Inkster. SEPTEMBER 11 marked a rather important date for Mary Ann Sietz—her 21st birthday. And keeping with college tradition, she was scheduled for 'coming of age' festivities Friday at the Pretzel Bell, in Ann Arbor. Lending her moral support as she earned her 'bell' were her brother and sister-in-law, Dick and Grace Sietz, from Trenton; Chuck and Marilyn Svaluto, of Ecorse; Ellen Jo Rebeck, of Wyandotte; Linda Ziegler, of Ypsilanti; and her fiancé, Bill Emerson. Mary Ann has a signed 'bell' certificate to prove her prowess as well as a lovely gold charm bracelet with three tiny golden bells attached.

EMU Art Staff Show

YPSILANTI-The first of ten exhibits scheduled for the Sill Art Gallery on the Eastern Michigan University campus during the coming academic year will open Sept. 15 and continue through Oct. 10. Twelve members of the Department of Art will be exhibiting their latest works.

Covering the widest range of media, the show includes water colors, oil paintings, ceramic pots and sculptures, print drawings, acrylic paintings, metal sculptures and jewelry.

Exhibitors include long-time members of the department, Kingsley Calkins, head of the department, Jane Dart, John Loree, John Van Haren, and John Nick Pappas; and newer staff members, Igor Beginin, Barry Avedon, William Blaine, Robert Chew, Lynn Cohen, Lawrence Freeman and Ronald Paysner.

PVT. DONNA KUCISH

Completes Eight Weeks Of Training

Private Donna F. Kucish, whose parents, Mr. and Mrs. John Kucish, live at 42065 Van Born Road, Belleville, completed eight weeks of basic training at the Women's Army Corps Center at Ft. McClellan, Ala., Aug. 22.

She received instruction in Army history and traditions, administrative procedures, military justice, first aid and field training.

WOMEN Of The MOOSE

The Women of the Moose, Belleville Chapter No. 1135 held their meeting Monday night, Sept. 8. It was Publicity Chapter Night.

Linda Y. Barnett, sponsored by Shirley Groves, was enrolled that night. The dark horse was won by Harley Townsend. Lunch was served later.

On Sept. 16, a Card Party was held at Moose Home starting 7:30 p.m. Other dates to remember are Sept. 19. The fish fries will be started that night at 5 p.m.

Sept. 20, Enrollment dinner at the Moose Home starting at 5:30 p.m.

Senior Citizens Hear European Trip Report

BELLEVILLE--The Belleville Area Citizens Club will meet tomorrow (Thursday, Sept. 18).

VICKI PALMER

A program contributed by Miss Vicki Palmer, daughter of Mr. and Mrs. Kenneth Palmer of 125 Clarence Street, and a Belleville High School senior will highlight the meeting.

Vicki will show colored slides and tell of her experience this summer on a tour of five European countries. She spent 29 days with other Methodist Church youths visiting such places as London, Amsterdam, Paris, Rome and Geneva.

The first trip of the season to be taken by the Club will take place Thursday during the day.

Leaving the Belleville United Methodist Church at 10 a.m. for the Chelsea area, the members will visit the Chelsea Home and the Jiffy Mix Plant. The group will eat at 11 p.m. at Schumms. The return time should be around 4 a.m.

Contributions for the Senior Citizens Garage Sale on Friday and Saturday, Sept. 26 and 27 are welcomed by the club.

Contact Betty Taylor, Jette Melville or Dick Coffelt if you have any items of clothing, small furniture pieces or childrens tricycles or bikes.

Cradle Event Held

MRS. VIRGIL (pearl) Varner of Haggerty Road was honored by her Parke-Davis co-workers at a stork shower Tuesday evening, Sept. 9, at the home of Mrs. George (Deirdre) Tessman in Plymouth. Also attending were close relatives of the honoree, Mrs. Flora Morris, Mrs. F.W. Hay, Miss Pearl Morris, all of Romulus.

A social evening and a delicious hot buffet supper were enjoyed. Pearl, who is now on six months leave as an Assistant Research Biologist in the Pharmacology Department of Parke-Davis, Ann Arbor, received many pretty gifts for the expected "new arrival."

ROMULUS PERSONALS

Romulus '69 Grads Are Off To Local College Campuses

By Pearl Morris
Phone WH-1-1187

John Wagner of 14735 Huron River Drive South has begun his Freshman classes at Northern Michigan University at Marquette. His parents, Mr. and Mrs. William Wagner, drove him north the first week-end in September. John's younger brother, Jim, is a Senior at Romulus High School this fall.

Miss Flora Diepenhorst of Northline Road begins Freshman classes at Eastern Michigan University, Ypsilanti, this week. Flora, who was Valedictorian of her graduating class at Romulus High School, will reside at King Dorm on campus.

Miss Susan Bogotski, Romulus High graduate of '69, has enrolled in the Business College at Eastern Michigan University in Ypsilanti this fall. Her sister, Karen, is a Junior student at "Eastern".

The two are daughters of the John Bogotskis of VanPetten Street.

Fred Lorenz, Jr., son of the Fred Lorenzes, Sr. of Shook Road, is enrolled as a Freshman Student at the University of Detroit this fall. He plans to commute.

A FORMER LONG-TIME Romulus resident, Mrs. Elsie Drummond, 80, would like to hear from local friends. She is a patient at Venice Memorial Hospital, Venice, Florida, Room 256, after breaking four ribs in a fall over two weeks ago.

Mrs. Drummond has made her home in Osprey, Florida, with her son-in-law and daughter, Mr. and Mrs. Clay Sorrell, since moving from Romulus a few years ago.

Mr. and Mrs. Harold Morris of Bradenton, Florida, and Mr. and Mrs. Ed. Fry of New Boston visited Saturday afternoon and enjoyed lunch with Mrs. Flora Morris and Miss Pearl Morris on Huron River Drive South.

Other relatives also called to greet the Florida visitors. The H. Morris are spending this week with their daughter, Mrs. Donna Daubresses, and her daughters in Allen Park.

MR. AND MRS. FRED Wahrman, daughters, Susan and Debbie, and her mother, Mrs. Audrey Wiggins, all of Wahrman Road were Sunday visitors at the New Baltimore home of his brother and wife, Mr. and Mrs. Albert Wahrman, who also formerly resided on Wahrman road. Accompanying the Wahrman daughters were friends, Kathy Stears, and Carla Hay, both of Romulus.

The Romulus Area PTA Council meets the last Tuesday of the month. Each local PTA unit is host for these meetings with the Romulus Elementary PTA taking the first this year, on September 30, at 7:30 p.m. Mrs. Gary (Judy) Gruber of 38212 Castle Drive is the President of the Romulus Area Council. President of the Romulus PTA is Mrs. Ronald (Joanne) Hopson, 12120 Schultz Street.

Citation

MOUNT CLEMENS--Airman First Class Alyce M. Ellison, daughter of Mr. and Mrs. C. Ellison of 29105 Powers St., Inkster, Mich., has been recognized for helping her unit earn the Aerospace Defense Command "A" Award.

Airman Ellison is an administrative specialist in the 1st Fighter Wing at Selfridge AFB, Mich.

The wing was cited for meritorious service during the past year.

The airman is a graduate of Romulus (Mich.) Senior High School.

Head Start Gets School Approval

BELLEVILLE--The use of the Martinsville Elementary School by the Full Year Head Start Program was approved by the Van Buren Public Schools' Board of Education.

The request to use the school facilities was made by Eugene Love, Jr., director of Full Year Head Start and Assistant Child Development Coordinator for the County's Economic Office Committee.

The school is located at Martinsville and Judd Roads.

The beauty of surroundings.

helps to ease the sorrow of parting from a beloved member of the family or friend. That is why we strive to make the surroundings here as serene and lovely as possible.

If you have the idea that electric heat is too rich for your blood, you'd be surprised at the number of average people who are putting it in their homes.

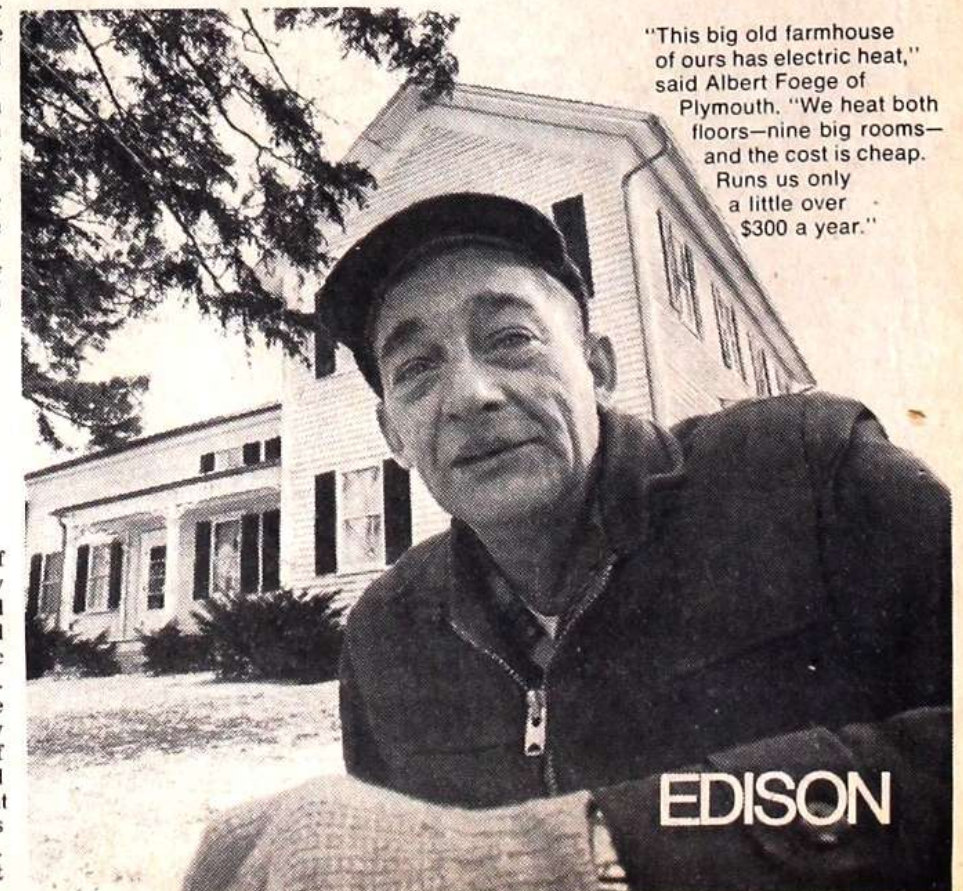

Their present homes. You'd find—just like they—a cleaner house than you've ever experienced. A quiet, even heat, completely worry-free. It's also more comfortable—never desert dry.

If you'd like a no-obligation estimate on installation and operating cost, call us for the name of an Edison Approved Electric Heat Contractor near you.

Don't wait for your next house to enjoy electric heat. You can afford it right now. Honest.

DREAM HOME YOUR HOUSE WITH ELECTRIC HEAT.

"This big old farmhouse of ours has electric heat," said Albert Foege of Plymouth. "We heat both floors—nine big rooms—and the cost is cheap. Runs us only a little over \$300 a year."

Motion by Oakley, supported by Lovette, that the regular bills in the amount of \$75,383.45 be paid when funds are available. Motion carried unanimously.

Motion by Budd, supported by Oakley, that the Building and Site bills in the amount of \$13,558.50 be paid. Motion carried unanimously.

Motion by Oakley, supported by Budd, that the Title I bills in the amount of \$462.30 be paid. Motion carried unanimously.

Motion by Budd, supported by Oakley, that the Adult Basic Education bills in the amount of

\$472.00 be paid. Motion carried unanimously.

Motion by Budd, supported by Hoffer, that the Summer Head Start bills in the amount of \$2,161.85 be paid. Motion carried unanimously.

Motion by Canejo, supported by Hoffer, that the NDEA Title III bills in the amount of \$119.43 be paid. Motion carried unanimously.

Report of the Assistant Superintendent:
Personnel Recommendations:

It was recommended that Mrs. Esther Frazier be released from her contract.

Motion by Oakley, supported by Budd, to accept the resignation of Mrs. Esther Frazier. Motion carried unanimously.

The following were recommended for contracts for 1969-70, Mrs. Catherine Begeman, Mrs. Lois Munkachy, Miss Lois Alofs, Mrs. Mary Root, Mrs. Sandra Feinberg, Mrs. Martha McClatchey and Mrs. Nancy Fader.

Motion by Budd, supported by Canejo, that the above named teachers be offered contracts for the 1969-70 school year. Motion carried unanimously.

Investment of Funds:
The assistant superintendent reported on the Wyandotte Savings Bank's request for a resolution and signature card authorizing deposit of funds.

Motion by Budd, supported by Oakley, that the board adopt a resolution granting the superintendent of schools the authority to deposit and withdraw funds from the Wyandotte Savings Bank. Motion carried unanimously.

Budgetary Summary:
Motion by Lovette, supported by Budd, that the Budgetary Summary be tabled until the August 25th meeting. Motion carried unanimously.

Item 5:

Mrs. Wilson and Mr. and Mrs. LeFever were present and were heard at this time. They were informed they would be notified of any change in the board's decision.

Item 6:
Deleted, no representation. Report of the Director of Maintenance & Operation:

The Director of M & O reported on all construction. The Director of M & O presented a resolution and promissory note required by the legal department of Wyandotte Savings Bank for process of bus loan authorized at July 28th meeting.

Motion by Draper, supported by Oakley, that the officers of the board be authorized to sign the resolution and promissory note presented by Wyandotte Savings Bank. Motion carried unanimously.

Cafeteria Equipment:
The Director of M & O informed the board that only one quotation had been received on cafeteria equipment.

Motion by Draper, supported by Oakley, that the time limit on Cafeteria Equipment Quotations be waived; Director of M & O be authorized to accept and examine any quotations received and be authorized to accept the low quotation within the dollar limitations and specifications. Motion carried unanimously.

Track Resurfacing:
It was the consensus that either Mr. Baum be invited to a future board meeting or the superintendent of schools review this matter and bring recommendations to the board.

Junior High School:
The Director of M & O reported on difficulties with the Jr. High heating facility; cost of labor and parts would approximate \$4,173.00.

Motion by Draper, supported by Oakley, that approximately \$4,500 be authorized for the Junior High School heating problems when funds are available. Motion carried unanimously.

Report of the Coordinator of State and Federal Funds:
The Coordinator reported on Title I and Section III proposals together with a report on Vocational Education.

Motion by Draper, supported by Lovette, that the ESEA Title I and Section III Programs be approved as proposed. The foregoing contingent upon approval of

application and funding by the Michigan Department of Education. Motion carried unanimously.

Motion by Draper, supported by Canejo, that the board direct the program administrators to encourage greater participation of disadvantaged young people in the Commercial Foods and Cosmetology programs. Motion carried unanimously.

Discussion:
A member asked about school break-ins and apprehension of offenders. A member of the audience asked about classes for pre-schoolers, and was informed the local YWCA has proposed such a program for fall.

The board convened in executive session at 9:50 p.m.

The board reconvened in general session at 10:58 p.m.

It was the consensus that all future resignations of school personnel must be accompanied by a formal, written statement of resignation. All administrators and department heads to be so notified.

Motion by Draper, supported by Lovette, that the meeting be adjourned. Motion carried unanimously.

The meeting adjourned at 11:14 p.m.

SPECIAL MEETING

August 25, 1969

The Special Meeting of the Board of Education held in the board office on August 25, 1969, was called to order at 7:35 p.m. by President Carl W. Morris.

Roll call showed Member Oakley absent. Messrs. McConeghy, Jakad and Janack were also present.

Communications:
Letter dated August 12 from Mr. Wade S. Jones, Chief Negotiator, Romulus Education Association, attaching letter mailed to Mr. Gallagher, State Mediation Board. Item of information.

Letter dated August 19 from the Michigan Association of School Boards re dues. Billing to be processed.

Letter dated August 19 from the State of Michigan Department of Treasury re Wayne County Tax Allocation appeal hearings. Item of information.

Letter dated August 21 from Economic Opportunity Committee requesting advisors, sponsors, centers, equipment and contributions for senior citizens, and particularly the use of school buses. Inasmuch as the law is very specific re the use of school buses, it was agreed that the request should be referred to the Coordinator of State and Federal Programs for review and recommendations.

Program received August 25 re Fourth Annual National Community School Education Association Convention in December. Action tabled until November meeting.

Copy of tentative MASA-MASB Convention Program received August 25. Convention at Cobo Hall September 23-25. The Superintendent was directed to pre-register all board members.

Letter dated August 14 addressed to Member Lovette from the Family and Neighborhood Services regarding pre-employment training program. Information supplied to High School and local newspaper.

Telephone call from Mrs. Kline of the Thrift Shop, requesting permission to continue use of school property in which she is now located though it will be necessary to make token charge for some items to pay overhead necessary to continue operation.

Motion by Budd, supported by Canejo, that the Thrift Shop be permitted to continue in the school facility and be notified that adequate records of income and expenditures must be kept to support its non-profit status. Motion carried unanimously.

Report of the Superintendent of schools:
Mr. E. Baum, Athletic Director, was present and discussed resurfacing the track area, which encompasses approximately 4,500 sq. ft., a major portion of which was unusable last year.

Motion by Draper, supported by Hoffer, that the board authorize expenditure of approximately \$1,600 to block-top the track area, and the superintendent be authorized to award the bid based on experience. Motion carried unanimously.

The June Budgetary Summary was presented and discussed.

Letter from Miller, Canfield, Paddock and Stone re request of Municipal Finance Commission to change maturity date on \$1,000,000 Tax Anticipation notes from May 1, 1970 to April 1, 1970, and enclosing a resolution for adoption and signature.

Motion by Budd, supported by Draper, moving the resolution be adopted as recommended by Miller, Canfield, Paddock and Stone. Motion carried unanimously.

Report of the Assistant Superintendent:
Requests for resignations have been received from Mary Root and Orville Duff.

Motion by Draper, supported by Hoffer, to accept the resignation of Mary Root. Motion carried unanimously.

Motion by Draper, supported by Hoffer, that the resignation of Orville Duff be accepted subject to receipt of a formal written letter of resignation. Motion carried unanimously.

It was recommended that Mrs. Joyce Sullivan be offered a contract to teach First Grade at Mt. Pleasant.

Motion by Canejo, supported by Budd, that Mrs. Joyce Sullivan be offered a contract as above. Motion carried unanimously.

Report of the Director of Maintenance and Operation:
The Director of M & O reported on all building construction.

Discussion:
Discussion of the Merriman Road School Drainage Agreement between the Board of Education and Dedecker and Spalding. The board re-affirmed its position to hold the agreement in abeyance until such time as approval for the use of the drain has been received from the Wayne County Road Commission.

The board convened in Executive Session at 9:05 p.m.

The board reconvened in general session at 10:12 p.m.

Motion by Lovette, supported by Draper, that the meeting be adjourned. Motion carried unanimously.

The meeting adjourned at 10:14 p.m.

Respectfully submitted,

Davis B. Draper, Secretary

Romulus Board of Education

SUPERVISOR'S REPORT
Motion by Mulberry, supported by Pennington, to approve the purchase of four (4) tires for Fire Engine No.

Huron Schools Approve New Teacher Contract

NEW BOSTON-An agreement on a new 1969-70 teacher employment contract between the Huron School District's Board of Education and the Huron Education Association has been announced.

Carl Renton, the school's system manager, reported that the new pact, embracing salary hikes for the teaching staff of 96 teachers, was agreed upon prior to the opening of school Sept. 2.

Teachers with Bachelor of Arts degrees have a pay range of \$7,300 to a 10-step maximum of \$11,605.

Teachers with Master of Arts degrees have a pay range of \$7,810 to \$13,065. Education Specialist start at \$8,300 to a 10-year maximum of \$14,235.

THE 1968-69 salary

schedules were: For holders of Bachelor of Arts degrees, \$6,650 to \$10,240, for those who held Master of Arts degrees, \$7,150 to \$11,000. In the 1968-69 contract there were no listings on Education Specialists.

Fringe benefits in the new contract were improved.

The school district is paying the full cost of health insurance for individual and family, an average cost of \$200. Non-economic issues were also improved. The contract contained no agency shop provision, Renton stated.

THE NEGOTIATING team for the School Board

consisted of School Superintendent Bryon Antcliff, Carl Renton, business manager; William Miller, principal of the Huron High School, William Balvinski, principal of Huron Elementary School.

Members of the Association's negotiation team were: Mrs. Carol Sitko, high school teacher; Richard Popov, secondary school teacher; Mrs. Shirley Bright, elementary school teacher; John Hampson, junior high school physical education teacher; Ronald Smith, high school athletic director; and Michael Lamb, high school teacher and president of the Association.

Moose Lodge Notes

by George W. Steger

The Belleville Lodge No. 934 of the Loyal Order of Moose held a Clam Diggers dance on Saturday, Sept. 13, which was very well attended.

Prizes were given for the best outfits and door prizes. Everyone who attended had a marvelous time.

On Saturday, Sept. 20, there will be an Enrollment at the Moose Home at 8 p.m.

with the Redford Ritual Team to put on the Ritualistic work. A dinner will be served by the Women of the Moose from 5 to 7:30 p.m. Candidates, wives, ritual men and wives will be free all others will be \$1.50 person.

After the Enrollment there will be dancing to the music of "Jeanne and the Starlighters." Members come out and bring your wives for an enjoyable evening.

Tonight (Wednesday, Sept. 17) there will be an Officers meeting at the Moose Home at 7 p.m.

On Saturday, Sept. 27, there will be country and Western nite at the Moose Home with music by "The Huron Valley Boys"

3. Motion carried unanimously.

Motion by Pennington, supported by Stewart, to hire Mr. Charles Hazen as Industrial Coordinator for Romulus Township. Amendment by Mulberry, supported by Perry, that the salary be based on six (6) months probation.

\$11,000.00 per year to start and after six (6) months \$12,500.00. Mr. Hazen to start work within two (2) weeks. Amendment carried, Raspberry abstaining. Main motion carried unanimously.

The meeting was adjourned at 12:31 A.M. by Chairman Smith.

Respectfully submitted,

Alfred J. Perry, Clerk

Township of Romulus

I, Alfred J. Perry, Clerk of the Township of Romulus, do hereby certify that the foregoing is a true copy of the minutes of a regular meeting of the Romulus Township Board, held on September 8, 1969, at the Water Board Building.

Alfred J. Perry, Clerk

APPROVED Roderick E.

Smith, Supervisor

NOTICE OF PUBLIC HEARING

Notice is hereby given that pursuant to the provision of Public Act No. 184 of the Public Acts of 1943, State of Michigan, and acts amendatory thereto, a Public Hearing will be held at a Special Meeting of the Romulus Township Planning Commission at the Romulus Junior High School gym, Tuesday, September 23, at 7:00 P.M. concerning the adoption of a revised text of the zoning ordinance and establishing of various zoning districts.

All interested parties will be given ample opportunity to participate in the above described hearing. All comments and/or suggestions will be given consideration by the Romulus Township Planning Commission and will be incorporated in the recommendation to the Romulus Township Board before final passage and adoption of the proposed zoning ordinance.

A copy of the proposed zoning ordinance and proposed zoning maps is on file in the Romulus Township Hall, and will be available for public examination during regular office hours.

I, Alfred J. Perry, Clerk of the Township of Romulus, do hereby certify that the foregoing is a true copy of a notice of public hearing approved at a regular Planning Commission Meeting held on August 26, 1969, in the Romulus Township Hall.

Alfred J. Perry, Clerk

Township of Romulus

PUBLISHED: 9-3 & 9-17-1969

Michigan's number one Country-Western Band last year.

Congratulations to Brother Jack Custer and his wife Jeanie on their new baby son born at Annapolis Hospital.

Brother Frank Ray's daughter Georgina (and Secretary Steger's grand-daughter) is in Annapolis Hospital.

A great big thank you to Margaret Gilbert for the cooking for the Pilgrim Robing also to Martha DePaulis who helped (Martha is a member of the Redford Chapter of the Women of the Moose) also thanks to all who donated the lovely food and helped to serve etc. it was greatly appreciated.

Brother Steger and family were very happy at the big turnout that nite, words cannot express our appreciation and there is not enough space to list everyone who did so much for this great occasion. All we can say is THANKS.

Holland Aids Unit

MOUNT CLEMENS, Technical Sergeant Columbus Holland Jr., son of Mr. and Mrs. Columbus Holland Sr. of 217 Connecticut St., Highland Park, has been recognized for helping his unit earn the Aerospace Defense Command "A" Award.

Sergeant Holland is an administrative supervisor in the 1st Fighter Wing at Selfridge AFB, Mich.

The wing was cited for meritorious service during the past year.

The sergeant, a graduate of Belleville (Mich.) High School, attended the University of Nebraska at Omaha and Florida State University.

His wife, Annie, is the daughter of Mr. and Mrs. David Watkins of 25022 Martinsville Road, Belleville.

Honor Levin

A Testimonial dinner honoring Michigan Senate's Minority Leader Sander M. Levin (D) 15th District, will be held this evening, Wednesday, Sept. 17.

The affair will be conducted in the Riverside Ballroom of Cobo Hall, Detroit.

Mt. Pleasant PTA Holds Meeting

ROMULUS-The first Mt. Pleasant School P.T.A. meeting was held last Tuesday, Sept. 9.

The new teachers were introduced by Harold Connon, school principal, including the teachers of the past years.

The new unit officers conducted this meeting very well with a fair turn out.

The Hot Lunch program will be back in effect again starting Sept. 17 There will be four types of hot lunches instead of two. The chairman of the hot lunch is in great need of kitchen help. Anyone interested is asked to please call 941-1916.

A SAVINGS STAMP program for school children will also start Sept. 17. Further information can be obtained by contacting Mrs. Shirley Gilbert at 941-2945.

Accounting Meet Scheduled

ANN ARBOR-The 43rd Annual Michigan Accounting Conference will be held in Ann Arbor Friday, Sept. 19, it was announced by the Michigan Association of Certified Public Accountants, co-sponsor of the annual event with the University of Michigan's Graduate School of Business Administration. More than 250 CPA's from all over Michigan are expected to attend the all-day event.

Dwight Carpenter Joins Institute

BELLEVILLE-Dwight D. Carpenter, son of Mr. and Mrs. George J. Carpenter, 5109 Haggerty Road, has enrolled at Four County Technical Institute, Archbold, Ohio, it was announced.

Dwight, a 1967 graduate of John Glenn High School, Wayne, has enrolled in the Food Service Management course.

ROMULUS TOWNSHIP RESOLUTION NO. 69-21

WHEREAS, House Bill No. 3734 would authorize County Boards of Supervisors to maintain voting registration records and thereby eliminate registration by Cities, Villages, and Townships; and

WHEREAS, Cities for a great number of years have maintained their own registration records and are capable of continuing this operation on behalf of their residents, always performing an outstanding job.

NOW, THEREFORE, BE IT RESOLVED, That the Supervisor and Board of Trustees of the Township of Romulus opposes House Bill No. 3734.

BE IT FURTHER RESOLVED, That copies of this Resolution be forwarded to Governor William Milliken, State Senator William Faust, and State Representative Edward E. Mahalak.

BE IT FURTHER RESOLVED, That copies of this Resolution also be forwarded to all Cities, Villages and Townships in Wayne County, indicating opposition to House Bill No. 3734.

Alfred J. Perry, Clerk
Township of Romulus

I, Alfred J. Perry, Clerk of the Township of Romulus, do hereby certify that the above is a true copy of a resolution passed by the Romulus Township Board, at a regular meeting held on September 8, 1969.

VAN BUREN PUBLIC SCHOOLS

MINUTES OF THE BOARD OF EDUCATION

REGULAR MEETING August 11, 1969

The regular meeting of the Van Buren Public Schools' Board of Education was held in the Board Room on Monday, August 11, 1969 at 8:00 p.m. Members present were Bole, Muse, Rogalle, Williams, Schweigert, Roe and Hopka. Also present were Superintendent Kaulitz and Business Manager Egan.

The minutes of the regular meeting of July 14, 1969 and special meeting of August 4, 1969 were approved as corrected. The minutes of July 21 and July 28, 1969 were approved as read.

The bills for the month of July were reviewed. Motion by Muse, and supported by Schweigert, that the bills be paid as presented.

Representative Edward Mahalak discussed Public Art 22, Section 18 a, regarding state appropriations for districts receiving portions of the dissolved Sumpter School District.

The Citizens Study Committee represented by Mrs. Lee Smith, Mrs. Helen Miller, and Robert Archer were present. Mr. Archer presented a progress report indicating a general meeting of the committee and 224 citizens, was set for Thursday, September 18, 1969, for the selection of a steering committee and seven subcommittees to be known as research committees. The committee titles shall be as follows: Elementary Curriculum, Jr. High Curriculum, Sr. High Curriculum, Finance, Public Relations, Transportation, Buildings and Facilities.

Moved by Roe, and supported by Muse, to accept the recommendation of the Summer Swimming Committee to pay qualified instructors \$5.50 per hour, retroactive to the start of this year's program. Motion carried.

Bids for kitchen equipment to be used at Sumpter and High School buildings were rejected in favor of sealed bids.

Moved by Williams, and supported by Rogalle, to allow the Business and Professional Women's Club use of the Edgemont multi-purpose room for meetings. Motion carried.

Motion by Hopka, and supported by Schweigert, to cast votes in the Michigan Association of School Boards' election for Mrs. Virginia D. Johnson and Mr. Glen Wolfe as directors. Motion carried.

Motion by Williams, and supported by Muse, to adopt the attached resolution regarding access to Safe Deposit Box. Motion carried.

Board Member Rogalle requested the record to show her present at the First Annual Orientation Workshop for Newly Elected School Board Members, sponsored by the Michigan Association of School Boards, at Eastern Michigan University, Ypsilanti, Michigan, July 22-24, 1969.

Motion by Schweigert, and supported by Rogalle, to adjourn this meeting. Motion carried.

Thomas Hopka
Secretary

SPECIAL MEETING August 18, 1969

A special meeting of the Van Buren Public Schools' Board of Education was held in the Board Room on Monday, August 18, 1969 at 7:00 p.m.

The meeting was called to order promptly at 7:00 p.m. by President Bole for the purpose of interviewing three applicants for the position of Transportation Director.

Members present were Rogalle, Roe, Hopka, Bole and Superintendent Kaulitz. Schweigert arrived at 7:04; Muse arrived at 7:05; Williams arrived at 7:08.

The three applicants were interviewed and this portion of the meeting was adjourned.

Business Manager Egan now present.

The meeting continued as a public meeting with Mr. Ted Buehler of M.E.A. insurance explaining their plan. Mr. Don Wirth of Blue Cross-Blue Shield explained their plan.

Motion by Schweigert, and supported by Rogalle, to accept the committee recommendations on the two-year Bus Driver Contract. Motion carried.

Motion by Muse, and supported by Rogalle, to hire Charles R. Cook as the Transportation Director on a one-year probationary basis within the salary range previously stipulated. Motion carried.

Motion by Schweigert, and supported by Muse, to adopt the Millage Rate Resolution in the Van Buren School District for the coming year as follows:

7.9 mills allocated by Wayne County.

16.0 mills voted by district citizens.

3.85 mills for Debt Retirement.

Shepherd Dog Show

BELLEVILLE--The German Shepherd Dog Club of Detroit, Inc. will hold its annual fall AKC Sanctioned Specialty Match on Sept 28, at 40504 Tyler Road, F.A. "Chum" Porter will be judging Conformation starting promptly at 10:30 a.m.

The age limit starts at three months. There will be classes

27.75 mills-Total.

Motion by Hopka, and supported by Williams, to accept the recommendation of Elda Bohl to grant all regular Cafeteria employees a 15 cent per hour salary increase and also to accept the recommendation of Business Manager Egan granting Elda Bohl a \$500.00 salary increase for the school year 1969-70. Motion carried.

Motion by Muse, and supported by Rogalle, to adjourn this meeting. Motion carried.

Thomas Hopka,
Secretary

SPECIAL MEETING August 25, 1969

A special meeting of the Van Buren Public Schools' Board of Education was held in the Board Room on Monday, August 25, 1969, at 8:00 p.m.

Members present were Hopka, Rogalle, Roe, Williams, Bole, Schweigert, and Muse. Also present was Superintendent Kaulitz.

The meeting was called to order at 8:05 p.m. by President Bole.

The Board Negotiating Committee presented the tentative two-year contract with the Van Buren Education Association covering the 1969-70, 1970-71 school year.

Mr. Ford, High School Principal, and Mr. Coplas, Assistant High School Principal, entered the meeting at 9:40 p.m.

Motion by Hopka, and supported by Roe, to grant, per Board policy, the request of Mrs. Reinhackel and Mrs. Liedel the use of the Cafeteria on September 13, 1969, for the Frank Mills' benefit dance. Motion carried.

Motion by Schweigert, and supported by Rogalle, to accept the low bid of \$9898.00 submitted by Montgomery Ward for proposed fencing specifications. Motion carried.

Motion by Hopka, and supported by Muse, to adopt the Secretarial Classifications' additions as recommended by the committee. Motion carried.

Motion by Williams, and supported by Schweigert, to grant the request of the Senior Citizens the use of a bus for trips within a fifty mile radius for the coming year provided the hours do not interfere with normal school operations. Driver's salaries are to be borne by the Senior Citizens' Club. Motion carried.

Motion by Hopka, and supported by Muse, to discharge Irene Cothorn from her duties as bus driver in the Transportation Department. The basis for the action being a written report, containing a police report and witnesses' observations, as submitted to the Board of Education. Motion carried.

Motion by Muse, and supported by Rogalle, to adjourn this meeting. Motion carried.

Thomas Hopka,
Secretary

SUMPTER TOWNSHIP BIDS WANTED

Sumpter Township is now accepting bids for trenching and tap-ins on their water system.

Sixty to one hundred twenty foot roads in the township; short and long taps.

Detailed specifications are available in the Township Hall, Monday through Friday excepting holidays, 8:00 a.m. to 5:00 p.m. These specifications should be consulted before bidding.

Submit sealed bids to Sumpter Township, 23483 Sumpter Road, Belleville, Michigan 48111 by September 22, 1969.

ROBERT D. MARBLE,
Clerk Sumpter Township

Richard D. DePas Serving Vietnam

ROMULUS-Builder Third Class Richard D. DePas, USN, son of Mr. and Mrs. Clarence R. DePas of 14855 Huron River Drive, is serving with U.S. Naval Mobile Construction Battalion 53 at Camp Haskins North near Danang in Vietnam.

The battalion is serving an eight month deployment in Vietnam. Its primary duty is to support Allied Forces in the I Corps area with large and small-scale construction projects. It also conducts numerous civic action projects.

September Is Fitness Month

Don't sit there! Exercise!

That's the word from the Family Fitness Council which is sponsoring National Family Fitness Month in September.

Objective of the month-long event is to crystallize attention on the urgent need for daily exercise for figure control and health.

"There is no substitute for daily exercise in developing a supple energetic body," states Herbert C. Johnson, Jr., President of the Council.

"The development of equipment for home use is a psychological inducement to use it regularly, unaffected by weather and with a cloak of privacy," Johnson points out.

THE ELDORADO--The Cadillac Fleetwood Eldorado for 1970 retains the classic look of its predecessors while highlighting changes in the grille, lighting and side molding. A new engine, the largest production passenger car engine in the world produces 400 horsepower and 550 ft. lbs. torque from 500 cu. in. The 1970 grille features a horizontal accent emphasizing the 8.2 litre engine.

THE 1970 CADILLAC FLEETWOOD BROUGHAM features a padded cross grain roof and a special halo molding. A strong design line from the front fender to the rear bumper emphasizes the long low look for 1970. The new grille has a bright vertical accent added to Cadillac's familiar cross-hatch design. Horizontal chrome trim on directional, parking and cornering lights, add to a new front end appearance and a longer look.

Shy Children Need Better Self Opinion

WAYNE--While it's "back to school" for some, it will be the very first day of a new and continuing social experience for thousands of kindergartners.

If you have an "almost-kindergartner" in your family, do you know how he will face and adapt to the new social interactions about to present themselves?

"Many children, faced with a situation they cannot handle, will react by hesitating and withdrawing, shutting their mouths clam-tight, even running away," observes Mrs.

Kathleen Bufton, extension home economist for Wayne County.

"SUCH CHILDREN are excessively shy and unfortunately this shyness is often misunderstood," she says.

While not all children are equally sociable, some children are less responsive to social situations because they lack self-reliance. This shyness, she continues, is an indication that something has gone wrong during the

process of growing up. And this makes it difficult for your child to take part in the classroom activities soon to face him.

"But it's not too late to help," advises Mrs. Bufton. "Your shy child needs to have a better opinion of himself. He must always feel that you want and love him, no matter what. He needs the security that comes from knowing his parents are standing by with approval, understanding and interest."

AMENDMENT TO THE VAN BUREN TOWNSHIP ZONING ORDINANCE NO. 9-20-65

An Amendment to Article XVII-Schedule of Regulations of Zoning Ordinance No. 9-20-65.

To read as follows:

R-1C Single-Family water & sewer 1200, 950, 1000, 820, 800, 724, 75, 120, 7,200, 25, 10, 20g, 35, 30, 30.

The aforesaid amendment will become effective immediately upon publication.

ERMA J. PAYNE, Clerk
Van Buren Township

LUCINDA ANN COOPER, 23, of 35460 West Jefferson, East Rockwood, will reign as Cinderella at the fabulous Cinderella Ball in Detroit's Sheraton-Cadillac Hotel on Saturday, Oct. 4. Lucinda, a recovered victim of tuberculosis, was chosen by the Women's Committee of the Tuberculosis and Health Society, Wayne County's Christmas Seal agency. After the Ball, she will serve as Michigan's 1969 Christmas Seal Chairman. Lucinda is one of five children of Mr. and Mrs. Everett Cooper. She contracted TB when she was 21, was a patient in Herman Kiefer Hospital for five months; is still on medication. Her prince charming at the Ball will be Dennis J. Slatkin of Detroit.

Police Title Deleted

ROMULUS--The title of Ordinance Officer has been deleted from the roster of Romulus Police Department by the Township board.

The Township Board acted on recommendation of Police Chief Jacob J. Koch.

Henceforth all police officers will be alerted to ordinance violations.

Patrolman Robert Kahl held the title of Ordinance Officer. He will now be a full time police officer at the same rate of annual as now in effect.

HENRY MAJORS
PUBLIC SAFETY COMMISSIONER

NOTICE OF PUBLIC HEARING

ON DEVELOPMENT PLAN
URBAN RENEWAL PROJECT
CENTRAL BUSINESS DISTRICT PROJECT NO. 1
MICHIGAN R - 192

PLEASE TAKE NOTICE that the Council of the City of Belleville will hold a public hearing on Monday, the 20th day of October, 1969, at 8:00 o'clock p.m. in the Council Chambers, in the City Hall at 6 Main Street, Belleville, County of Wayne, State of Michigan, on the feasibility and sufficiency of the proposed development plan for the above project.

This project is being undertaken by the City of Belleville, acting as the Local Public Agency.

The project boundaries are generally as follows: Main Street on the north; Roys Street on the east; and east-west line approximately 200 feet south of Main Street on the south; and High Street on the west. The area is further described as Lots 249-256, both inclusive, Assessor's Belleville Plat No. 5. The size of the project area is approximately 1-1/2 acres.

The purpose of this hearing is to consider a proposal for the undertaking of this project by the Local Public Agency, City of Belleville, under State and local law with Federal financial assistance under Title I of the Housing Act of 1949, as amended, to acquire land in the project area, to demolish or remove buildings and improvements; to install storm sewers, sidewalks, pavement, street trees, street furniture and signs, traffic control device, and other appropriate public improvements, to make the land available for development by private enterprise or public agencies as authorized by law, and to relocate families and individuals who will be displaced from the development area. The Local Public Agency will administer a relocation program in accordance with regulations of the Department of Housing and Urban Development.

Any person or organization desiring to be heard in favor of or in opposition to the plan will be afforded an opportunity to speak and to introduce documentary evidence pertinent thereto. All aspects of the development plan will be open for discussion at the public hearing.

A map of the project area, sketches of proposed redevelopment and general information about the proposed redevelopment of the Central Business District including the method of relocating families and individuals who will be displaced from the area will be available for inspection at the City Hall, 6 Main Street, Belleville, Michigan by interested parties from 8:30 a.m. to 5:00 p.m. daily.

IRWIN W. STECH,
City Clerk

VICTORY SHAKE—State Senator William P. Faust (D-13th District), congratulates Westland Mayor-elect Eugene McKinney on McKinney's election last week in Westland Democratic primary balloting. Faust, also of Westland, supported McKinney's bid, serving as honorary chairman of the campaign.

Turco Recall Halted By Court Decision

WESTLAND—The Supervisor recall movement that met with its greatest success in Western Wayne County died quietly in Wayne County Circuit Court last Friday.

Petitions signed by many residents of Westland, Garden City and Inkster, aimed at the recall of Supervisor Ralph P. Turco (D-25th District) were ruled improperly circulated.

Circuit Judge Charles Kaufman said the petitions were circulated too soon after the supervisors took office, since County Supervisors have both legislative and administrative powers and must be in office 90 days

before recall proceedings are brought against them.

The petitions were thrown out Friday because three Supervisors faced with recall—Turco, Robert Tripp and Harvey Beadle—had challenged the validity of the petitions after the petitions were filed.

The recall, spearheaded in Detroit by the Jaycees, was picked up in this area by a coalition of Jaycees, independent voters and a group called WATCH (Workers Allied To Clean House).

The drive was successful only against the three

involved in Friday's court decision—Tripp, Turco and Beadle. But when the petitions were filed, they were challenged.

During the progress of the suit, a special recall election on Turco that would have been held September 9, was put off until the outcome of the suit was known. The date would have coincided with the Westland City Democratic primary election.

Turco said this week-end that he intends "to keep on doing the best job I can in office, and I'll see what the voters say in 1970." Turco said the press of his official duties has prompted him to sell his party store in Wayne. Turco said he was "encouraged" by the outcome of the suit.

Dearborn Thespians

At Roundtable

The Dearborn Civic Theatre retreats to the lighthearted days of medieval Knights of the Roundtable, kings and princesses, fantasy mixed with reality in presenting the Lerner and Loewe musical "Camelot" September 19, 20, 26, 27 and 28 at Edsel Ford High School auditorium.

Curtain time is 8:30 p.m. except for Sunday's performance at 7:30 p.m.

Reserved seat tickets can be purchased for \$2.50 each at the Dearborn Recreation Department, Hudson's Downtown and Westland, Dearborn Grinnell's Store, Little Professor Bookstore or the Dearborn Youth Center.

Tickets may also be reserved by calling the Dearborn Recreation Department at LU 4-1200, ext. 263. Blocks of 20 tickets or more may be purchased for \$2 each.

Harry Albertson directs the production with Mary Jane Trokel serving as choreographer and city fine arts coordinator Kenneth Hansen the musical director.

Kalamazoo, and Darnell who attends Franklin Junior High School.

He has preached in 18 states as well as Canada and served in Romulus from 1955 until 1957.

Wayne Church Gets New Pastor

WAYNE—Cecil Corkren moved to Wayne September 1 to assume the duties of minister at Wayne Church of Christ, 3789 Venoy Rd., Wayne.

He replaced Edward Boring, who served the Church for seven years, and has moved to Cleveland, Ohio.

YMCA Fall Program Begins

Open to All in Western Wayne

WESTLAND—The Western Wayne County YMCA serving Westland, Wayne, Garden City, Inkster, Sumpter, Belleville, Huron, Van Buren, Romulus and Canton has announced its fall program.

SWIM CLASSES—Instructional swim classes for boys and girls six and older will begin Thursday, Sept. 25 or Saturday, Sept. 27 at Wayne Memorial High School. Classes are held Thursdays at 7 p.m. with specialized swim at 8 p.m. and Saturdays at noon or 1 p.m.

Registration must be made in advance at the YMCA office; the cost is \$10 per child for ten weeks, or \$18 for two children in the same family.

FAMILY SWIM—Family swims are open to only those persons holding Family Memberships, and it starts Friday, Sept. 26 at 7 p.m. There is no charge.

JUDO—This course is offered to boys and girls 9 years and older to adults. The six week course will meet each Monday at 7 p.m. with Fred Rafferty as the instructor. Registration must be made at the YMCA before classes start, and the course costs \$7.50 per person.

GRA-Y and TRI-GRAY—Club-type activities including basketball, trampoline, table tennis pool and ping-pong are offered to boys and girls of GRAde school age, and to 4th, 5th and 6th graders.

The cost for the program is \$20 per school year which includes membership, program fee and bus fare. For members, it will cost \$15 per year. Open house will be held next week.

YOGA—This class will begin Tuesday, Sept. 23 between 7:30 and 9 p.m. in the new YMCA facility with Emily Strohmer as the instructor. The eight-week course costs \$10 per person, and registrations must be made in advance.

PRE-SCHOOL PHYSICAL FITNESS—Starting Monday, Sept. 29 between 9 and 11 a.m., this class is open to those between 3 and 5. Meeting on Mondays and Wednesdays, the cost is \$15 for the first child, and \$10 for the second child. The course lasts eight weeks.

FUN CLUB—Meeting each Saturday morning starting Sept. 27 in the Red Barn, boys and girls between 6 and 14 are able to play basketball, use the trampoline, play ping-pong and pool. The Club is open from 9 to 11:30 a.m. The cost is 50 cents each time, or a maximum of \$1 for

three or more children. No registration is necessary, but membership is required.

INDIAN GUIDES—This program is designed for boys 6-9 years and their Dads. Each Dad and son belong to a tribe that meets regularly for crafts, sports, camp outs and

outings. Family membership is required, and contact the Y for further details.

The YMCA facility is located at 827 S. Wayne Rd., south of Cherry Hill in Westland. For further information about YMCA activities, call 721-7044.

SERTA MATTRESSES or box spring twin size 3" 3" mismatched cover. An unbeatable value! **\$24**

SERTA ORTHO-TYPE mattress or box spring. Smooth-top. Extra firm. **\$34**

SERTA-PEDIC mattress or box springs. Finest quality model Smooth-top. **\$58**

BEDROOM SETS

MAPLE BUNK BEDS by Serta. Complete with innerspring mattress. Golden maple finish hardwood for years of service. Twin size 3" 3". **\$88**

4-PIECE MODERN bedroom sets walnut finish. Double Dresser with mirror. Full size bed. Chest. One only Floor sample. **\$98**

FRENCH PROVINCIAL bedroom sets. Fruitwood or Antique White finish. Three pieces. **\$159**

SPANISH 4-PIECE bedroom set. Best quality. Complete with large dresser, bed, chest, and framed mirror. **\$187**

DINING ROOM GROUPS

7 PIECE DINETTE 36 x 60 plastic top table. Six chair, factory sample. **\$56**

MAPLE DINING ROOM set. 5-piece Colonial styling. Huge family-size round table with four "mate's" chairs. **\$77**

9 PIECE DINETTE SET. Table extends to 72". Mar-Proof plastic top. Comes with 8 chairs. Factory sample. **\$76**

COLONIAL PINE 42 x 42 x 54 round plastic top. Plastic edged table with leaf. 4 padded chairs. **\$139**

LIVING ROOM SETS

CONTEMPORARY 80" SOFAS. Choice of handsome decorator fabrics. Zippered polyfoam cushions. **\$119**

3 PIECE GROUP features round-the-corner sectional sofa with plastic-top corner table. **\$147**

COLONIAL SOFAS. Three-cushion styling. In zippered polyfoam. Self-decked with protective arm covers. **\$149**

"SPANISH" STYLE SOFAS. Authentic design with massive carved wood arms and trim. Decorator fabrics retain Old World charm. **\$189**

TRADITIONAL SOFAS. Grand Rapids quality. Deluxe quilted upholstery fabrics, foam rubber cushioning. **\$186**

SOFA BEDS & CHAIRS

MR. OR MRS. CHAIRS. Clean, modern styling. Choice of contemporary fabrics and colors. **\$49**

RECLINER CHAIR. Three positions. Upholstered in heavy vinyl. In stock for immediate delivery. **\$58**

PADDED BOSTON rocker s. Boston rocking chairs very comfortable. cash and carry. **\$19**

SERTA "CONVERTIBLE" sofas. An instant bedroom! Comes complete with innerspring mattress. **\$148**

Early Bird Specials

CASH & CARRY pictures 24 x 48 framed. Cash & Carry **\$8**

Brass magazine rack **99¢**

Special group of swag lamps & table lamps. **50% OFF**

"Early Bird Special"

16-GALLON TRASH CAN
Heavy-duty plastic with lock-right cover. Molded vertical ribs for extra strength. Built-in handles. Cash & Carry. **88¢**

"Early Bird Special"

COLONIAL MAPLE MILK STOOL
A classic Pennsylvania Dutch design. Solid hard wood construction. Makes a perfect "accent" piece. Cash & Carry. **1.29**

"Early Bird Special"

HURON TOWNSHIP STORM AND SANITARY SEWER ORDINANCE NO. 69-2

AN ORDINANCE REGULATING THE USE OF PUBLIC AND PRIVATE SEWERS AND DRAINS, PRIVATE SEWAGE DISPOSAL, THE INSTALLATION AND CONNECTION OF BUILDING SEWERS, THE INSTALLATION OF SANITARY SEWERS AND STORM DRAINS AND THE DISCHARGE OF WATERS AND WASTES INTO THE PUBLIC SEWER SYSTEMS AND PROVIDING PENALTIES FOR VIOLATIONS THEREOF IN THE TOWNSHIP OF HURON, COUNTY OF WAYNE, STATE OF MICHIGAN.

Be it ordained and enacted by the Township Board of the Township of Huron, State of Michigan as follows:

ARTICLE I DEFINITIONS

Unless the context specifically indicates otherwise, the meaning of terms used in this Ordinance shall be as follows:

SECTION 1. "B.O.D." (denoting Biochemical Oxygen Demand) shall mean the quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five days at 20 degrees C. expressed in milligrams per liter.

SECTION 2. "Building Drain" shall mean that part of the lowest horizontal piping of a drainage system, which receives the discharge from soil, waste and other drainage sewer beginning five feet outside of the inner face of the building wall.

SECTION 3. "Building Sewer" or "House Lead" shall mean the extension from the building drain to the public sewer or other place of disposal.

SECTION 4. "Combined Sewer" shall mean a sewer receiving both storm water and sewage.

SECTION 5. "Garbage" shall mean solid wastes from the domestic and commercial preparation, cooking and dispensing of food and the handling, storage and sale of produce.

SECTION 6. "Industrial wastes" shall mean the liquid wastes from industrial, manufacturing processes, trade or business as distinct from sanitary sewage.

SECTION 7. "Manager" shall mean the Manager of the Township Sewer Department or his authorized deputy, agent or representative.

SECTION 8. "Natural Outlet" shall mean any outlet into a water course, pond, ditch, lake or other body of surface or ground water.

SECTION 9. "Person" shall mean any individual, firm, company, association, society, corporation or group.

SECTION 10. "PH" shall mean the logarithm of the reciprocal of the weight of hydrogen ions expressed in grams per liter of solution.

SECTION 11. "Properly Shredded Garbage" shall mean wastes from the preparation, cooking and dispensing of food that have been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers and having no particle greater than one-half inch in any dimension.

SECTION 12. "Public Sewer" shall mean a sewer which is controlled by public authority.

SECTION 13. "Sanitary Sewer" shall mean a sewer which carries sewage and to which storm waters are not admitted.

SECTION 14. "Sewage" shall mean a combination of the water-carried wastes from residences, business buildings, institutions and industrial establishments, together with such ground, surface and storm waters as may be present.

SECTION 15. "Sewage Treatment Plant" shall mean any arrangements of devices and structures used for treating sewage.

SECTION 16. "Sewage Works, Sewerage or Sewer System" shall mean all facilities for collecting, pumping, treating and disposing of sewage and/or storm water.

SECTION 17. "Sewer" shall mean a pipe or conduit for carrying sewage or storm water.

SECTION 18. "Shall" is mandatory, "May" is permissive.

SECTION 19. "Slug" shall mean any discharge of water, sewage or industrial waste, which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than fifteen (15) minutes more than five (5) times the average twenty-four (24) hour concentration or flows during normal operation.

SECTION 20. "Storm Drain or Storm Sewer" shall mean any drain or sewer, either natural or artificial, which is intended expressly for the conveyance of storm water and other uncontaminated wastes.

SECTION 21. "Storm Water" shall mean that part of the rainfall which reaches the sewers as run-off from natural land surfaces, building roofs, pavements or as ground water infiltration.

SECTION 22. "Suspended Solids" shall mean solids that either float on the surface of or are in suspension in water, sewage or other liquids and which are removable by laboratory filtering.

SECTION 23. "Township" shall mean the Township of Huron, Wayne County, Michigan.

SECTION 24. "Township Board" shall mean the Township Board of the Township of Huron, Wayne County, Michigan.

SECTION 25. "Township Sewer Commission" shall mean the duly constituted Sewer Commission for the Township of Huron as provided for by Township Ordinance.

SECTION 26. "Uncontaminated Industrial Wastes" shall mean water which has not come into contact with any substance used in or incidental to industrial processing operations, E.G., unpolluted cooling water.

SECTION 27. "User" shall mean the Owner, occupant or proprietor of any premises connected with and using any of the facilities of the Sewer System for the collection and disposal of sewage or other wastes.

SECTION 28. "Water Course" shall mean an open channel through which water or other fluids flow either continuously or intermittently.

SECTION 29. "Excavating Contractor" shall mean any person who shall do the work of a Drainer operating as a contractor, but no person shall act as a Contractor Drainer in the Township who does not hold a Contractor Drainer's license.

SECTION 30. A "Drainer" shall mean any person who shall engage in the business trade or occupation of installing, altering, replacing or repairing, or who shall actually install, alter, replace or repair crock sewers or other drains to carry either storm water or sanitary sewage or both to such installation.

ARTICLE II SEWER USE REGULATIONS

SECTION 1. REQUIRED USE OF PUBLIC SEWERS

1. It shall be unlawful for any person to place, deposit or permit to be deposited in any unsanitary manner upon public or private property within the Township or in any area under the jurisdiction of the Township, except in the pursuit of a normally accepted farming or gardening practice any human or animal excrement, garbage or other waste.

2. It shall be unlawful to discharge into any natural outlet within the Township or in any area under the jurisdiction of the Township any sewage, industrial wastes or other polluted waters, except where suitable treatment has been provided in accordance with this Ordinance.

3. Except as hereinafter provided, it shall be unlawful to construct or maintain any privy, privy vault, septic tank, cesspool or other facility intended or used for the disposal of sewage.

4. The Owner of all buildings used for human occupancy, employment, recreation or any other purpose situated within

the Township and abutting on any street, alley or right-of-way in which there is now located or shall in the future be located a public sanitary sewer, is hereby required, at his expense, to install toilet facilities in conformity with law and to connect such facilities directly with the proper public sanitary sewer in accordance with the provisions of this Ordinance. In the case of a public health hazard, said connection shall be made within sixty (60) days after the date of official notice to do so, provided that said public sewer is within four hundred (400) feet of distance from the structure on such property from which the sanitary sewage emanates.

SECTION 2. PRIVATE SEWAGE DISPOSAL

1. Where a public sanitary sewer is not available under the provisions of Article II, Sec. 1, Par. 4, the Building Sewer shall be connected to a private sewage disposal system complying with the requirements of the Wayne County Department of Health and any requirements which the Township may deem necessary to protect the public health. Temporary use of privies or privy vaults meeting the requirements of the Wayne County Department of Health may be allowed on construction projects with the approval of the Township.

2. The Owner shall operate and maintain the private sewage disposal facilities in a sanitary manner at all times, at no expense to the Township.

3. AT SUCH TIME AS A PUBLIC SEWER BECOMES AVAILABLE TO A PROPERTY SERVED BY A PRIVATE SEWAGE DISPOSAL SYSTEM, AS PROVIDED IN ARTICLE II, SEC. 2, PAR. 1, A DIRECT CONNECTION SHALL BE MADE TO THE PUBLIC SEWER IN COMPLIANCE WITH THIS ORDINANCE AND ALL SEPTIC TANKS, CESSPOOLS AND SIMILAR PRIVATE SEWAGE DISPOSAL FACILITIES SHALL BE COMPLETELY ABANDONED AND CLEANED OF SLUDGE AND THE TOP REMOVED OR COMPLETELY CRUSHED AND THE TANK FILLED WITH CLEAN BANKRUN GRAVEL OR OTHER SUITABLE MATERIAL. SAID CONNECTION SHALL BE MADE WITHIN THE TIME PROVIDED IN ARTICLE II, SEC. 1, PAR. 4.

4. No statement contained in this Section shall be construed to conflict with any more stringent requirements that may now or hereafter be imposed by the Wayne County Department of Health.

SECTION 3. ALLOWABLE USE OF THE PUBLIC SANITARY SEWERS

1. No person shall intentionally discharge or cause to be discharged runoff of surface water, subsurface drainage such as footing drains for basements or uncontaminated industrial waste to any sanitary sewer. In no case shall the excavation for basements be temporarily or permanently drained into a sanitary sewer system. The house lead and building drain, immediately upon being placed, shall be tightly capped or thoroughly leaded and all interior stacks and openings shall remain in this condition until the basement floor and basement walls have been laid to grade. This requirement will necessitate the use of a temporary sump from which ground water will be pumped to proper disposal. It is the intent of this requirement that no sand, clay or foreign matter incidental to building operations will, at any time, be permitted to reach the Township sanitary sewer system or the connections thereto.

2. Storm water and all other unpolluted drainage shall be discharged upon approval of the Township, County Drain Commissioner and other lawful authorities to such sewers as are specifically designated as storm sewer or to a natural outlet. Uncontaminated industrial waste may be discharged upon approval of the Township Sewer Commission, County Drain Commissioner, Michigan Water Resources Commission and other lawful authorities to a storm sewer or natural outlet.

3. No person shall knowingly discharge or cause to be discharged any of the following described substances, materials, waters or wastes into any public sewers or receiving stream which will otherwise endanger life, limb, public or private property or constitute a nuisance.

A. Any liquid or vapor having a temperature upon discharge higher than 150 degrees Fahrenheit (65 degrees C.).

B. Any water or waste containing fats, wax, grease or oils, whether emulsified or not in excess of 100 parts per million or containing substances which solidify or become viscous at temperatures between 32 degrees Fahrenheit and 150 degrees Fahrenheit.

C. Any garbage that has not been properly shredded. The installation and operation of any garbage shredder equipped with a motor of 3/4 horsepower or greater shall be subject to the review and approval of the Township.

D. Any waters or wastes containing acid iron pickling wastes or concentrated plating solutions whether neutralized or not.

E. Any waters or wastes containing iron, chromium, copper, zinc and similar objectionable or toxic substances or wastes exerting excessive chlorine requirements to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the Township Sewer Commission or County Board of Public Works.

F. Any waters or wastes having a pH lower than (5.5) or in excess of (9.5) or having any other corrosive property capable of causing damage to structures and equipment or creating a hazardous condition for personnel of the sewage works.

G. Solid or viscous substances such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, woods, unground garbage, whole blood, paunch manure, hair, entrails and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders in quantities or of such size as to be capable of causing obstruction to the flow in sewers or other interference with the proper operation of the sewer works.

H. Any waters or wastes containing toxic or poisonous solids, liquids or gases in sufficient quantity (either singly or reasonable anticipated interaction with other wastes) to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance or create a hazard in the receiving waters of the sewage treatment plants.

I. Any waters or wastes, containing phenols or other taste or odor producing substances in such concentrations exceeding limits which may be established by the Township Sewer Commission or County Board of Public Works as necessary after treatment of the composite sewage to meet the requirements of the State, Federal or other public agencies having jurisdiction of such discharge to the receiving waters.

J. Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Township Sewer Commission or County Board of Public Works in compliance with applicable State or Federal Regulations.

K. Materials which exert or cause:

- (1) Unusual concentrations of inert suspended solids such as, but not limited to Fuller's earth, lime slurries and lime residues or of dissolved solids such as, but not limited to sodium chloride and sodium sulfate.

- (2) Excessive discoloration such as, but not limited to dye wastes and vegetable tanning solutions.

- (3) Unusual B.O.D. chemical oxygen demand or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.

- (4) Unusual volume of flow or concentration of wastes constituting slugs.

L. Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

4. If any waters or wastes are discharged or are proposed to be discharged to the public sewers, which contain the substances or possess the characteristics enumerated in Par. 3 of this Section and which in the judgment of the Township Sewer Commission may have a deleterious effect upon the sewage works, processes, equipment or receiving waters or which otherwise create a hazard to life or constitute a public nuisance, the Township Sewer Commission may:

A. Reject the wastes.

B. Require pretreatment to an acceptable condition for discharge to the public sanitary sewers.

C. Require control over the quantities and rates of discharge.

D. Require payment to cover the added cost of handling and treating the wastes not covered by existing taxes and charges.

The pretreatment or equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Township Sewer Commission.

5. Grease, oil and sand interceptors shall be provided when it is determined by the Township that they're necessary for the proper handling of liquid wastes containing grease in excessive amounts or any flammable wastes, sand and other harmful ingredients, except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the Township Board and shall be so located as to be readily and easily accessible for cleaning and inspection. Grease and oil interceptors shall be constructed of impervious materials capable of withstanding abrupt and extreme changes in temperature. They shall be of substantial construction, water-tight and equipped with easily removable covers which when bolted in place shall be gas-tight and water-tight. Where installed, all grease, oil and sand interceptors shall be maintained by the Owner at his expense in continuously efficient operation at all times.

6. Where preliminary treatment or flow equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the Owner at his expense.

ARTICLE III BUILDING SEWERS AND CONNECTIONS

SECTION 1. PERMITS AND CONNECTION REQUIREMENTS

No person shall lay, alter or repair any building sewer or house lead or make any connections whatsoever with any lateral sewer, trunk sewer or building drain or do any kind of work connected with the laying of building sewers or house leads or make any repairs, additions or alterations to any drain or sewer connected with or designated to be connected with the sanitary sewer system without first obtaining a written Township Permit.

1. Application for Permit shall be made on the application forms furnished by the Township Sewer Department. All applications for Permits, other than homeowner's permit as hereinafter defined, shall be made by a Master Plumber licensed by the Michigan State Plumbing Board and registered to do business by the Township or an excavating contractor licensed by the Township. Both the plumber and the excavator shall hold State of Michigan Contractor's Licenses.

Each Application for Permit shall be assessed an application and inspection fee to defray the cost of processing the application and the subsequent inspection of construction or installation. Should conditions require more than two (2) inspections or should a full time inspector be required, an additional inspection fee will be charged for all additional time over and above the two (2) inspections. In the case of commercial, multiple dwelling or industrial developments, a review fee may be charged if the complexity of the waste disposal facilities warrant specific review of the detail plans by the Sewer Department.

2. Application for a Permit by a homeowner shall be made on a Homeowner's Permit Form furnished by the Township. Homeowner's who do not have a Master Plumber's License or an Excavating Contractor's License to work in the Township may obtain a Permit for the laying of building sewers or house leads on premises occupied or to be occupied by the applicant upon payment of the application and inspection fees and depositing four hundred dollars (\$400.00) with the Township. The application shall provide for but not limited to:

A. The forfeiting of the cash deposit, if it is shown that he or she is not performing the actual work of installing building sewer.

B. The forfeiting of the cash deposit if applicant does not conform with the provisions of this Ordinance, including but not limited to the payment of any additional inspection or review fees, the connection and laying of the building sewer prior to the backfilling of the installation.

Upon completion of the installation, the Township shall audit this account and deduct such additional charges found necessary from cash deposit and then refund the balance to the homeowner.

3. The application and inspection fee, the additional inspection fee and the review fee shall be prescribed from time to time by resolution of the Township Board.

4. In addition to the application and inspection fee, the additional inspection fee and the review fee, all applicants for Sewer Connection Permit shall be required to pay the applicable charge, provided by the Township Ordinance or by subsequent resolution of the Township Board.

5. No openings shall be made into the Sewer System without first obtaining a Sewer Connection Permit as specified under Paragraphs 1 and 2 above. The removal of the plug, cookie, stopper or any other type of connection to the sanitary sewer system shall be performed only in the immediate presence of the Township Sewer Department Inspector. Upon failure to comply with this requirement, the Master Plumber or any other person responsible for the work, shall be served with a notice of violation as provided for under Article VI and VIII. Any Master Plumber who shall knowingly neglect or refuse to comply with the requirements of this Ordinance, other rules and regulations hereinafter established or with the conditions of the permit shall be subject to the immediate revocation of his registration by the Township, in addition to the other penalties set forth in this Ordinance. Any violation by agents, servants or employees of a Master Plumber under the terms of these regulations shall be deemed to be a violation by the Master Plumber in whose name the permit is issued.

6. It shall be unlawful for any person performing work under a permit for the laying of building sewer to cover any portion of a building sewer until such time as same has been inspected and approved by the plumbing inspector or his authorized agent. Such person shall give the Township Sewer Commission written notice when the work is ready for inspection and shall leave the premises in a condition convenient for examination by the work, restore all public streets and alleys to a similar condition as existed prior to excavation and shall make all adjustments necessary to fully meet the requirements of this Ordinance, other rules and regulations hereinafter established and the conditions of the permit to the reasonable satisfaction of the Township.

7. Old building sewers may be used in connection with new buildings only when they are found, on examination and test by the Township Sewer Commission, to meet all requirements of these regulations.

SECTION 2. LICENSE, INSURANCE AND BONDS

1. Each person or company other than a homeowner applying for Sewer Connection Permits shall be licensed with the Township. Said license shall be fifty dollars (\$50.00) and shall be for a period of one year or any part thereof. License shall run from January 1 to December 31. All applicants for a

license shall be either:

A. Master or Journeyman Plumber currently licensed by the State of Michigan under the provisions of Act 260, Public Acts of Michigan, 1933, as amended.

B. Excavating Contractor who shall have demonstrated his capabilities by satisfactorily passing such written and/or oral examination as the Township so directs. It must be shown by the applicant that he has the training, experience and equipment which qualifies him to install building sewers.

2. Applicants for Huron Township License must hold current registration as a contractor with the State of Michigan.

3. Each applicant shall provide the Township with all the insurance bonds and cash deposits required under Article III, Section 2, Paragraph 5.

4. Each application for registration by the Township shall contain the following information:

A. The legal name of the person or company.

B. The type of ownership of the Company.

C. The principal or principals of the company.

D. The legal address and business phone numbers of the person or company.

E. The name, address and State License Number of the principal of the company.

F. The name, address and phone number of an individual in responsible charge who can be contacted at all times in the event of an emergency on the project.

5. Each person or company acting as principal contractor in the installation, alteration or repair of any building sewer or house lead prior to commencing work must place on file with the Township Sewer Department evidence of the following insurance and bonds. All such insurance shall be written with an insurance company licensed to do business and maintaining an office within the State of Michigan, which office shall have the authority to process and settle claims.

A. Employers Liability and Workman's Compensation Insurance for all employees to be engaged in work on the project, as provided by the Michigan Workman's Compensation Law.

B. Contractor's Public Liability Insurance in an amount not less than \$100,000.00 for injuries to each person and \$300,000.00 for each occurrence and Contractor's Property Damage Insurance in an amount not less than \$50,000.00 for each occurrence and \$100,000.00 aggregate.

C. Contractor's Motor Vehicle Bodily Injury Insurance in an amount not less than \$100,000.00 for injuries to each person and \$300,000.00 for each occurrence and Contractor's Motor Vehicle Property Damage Insurance in an amount not less than \$50,000.00 for each occurrence.

D. Owners and Contractor's Protective Public Liability and Property Damage Insurance in the name of the Township and in an amount not less than \$100,000.00 for injuries to each person, \$300,000.00 for each occurrence and property damage in an amount not less than \$50,000.00 for each occurrence and \$100,000.00 aggregate. Such insurance shall include motor vehicle exposure and be endorsed with the so-called explosion, collapse and underground hazards coverage.

E. Each person or Company shall procure or cause to be procured, insurance coverage as provided in subparagraphs A/D hereof with respect to each subcontractor with which it contracts.

F. A License Bond in favor of the Township in an amount of not less than \$5,000.00. The License Bond shall be prepared on the form prescribed by the Township Sewer Department and shall be renewed at least once each year. It is the intent of the Bond to guarantee that the Contractor shall faithfully observe and honestly comply with such ordinance, rules, regulations and amendments thereto as may apply to the installation, alteration or repair of any building sewer or house lead and further that the contractor shall keep all work undertaken within the period of said Bond, whether done by himself or someone for him, free of defects due to faulty workmanship or defective materials for a period of one (1) year from completion of said work. This work is to be done at no expense to the Township. The Township Sewer Commission shall give the contractor written notice of corrections needed by first class mail to the current address listed on his registration papers on file with the Township, Article III, Section 2, Par. 1 on the Project and in the event the Contractor fails to undertake the correction of the work as indicated in the notice within one (1) week after the date of such notice, the Township Sewer Commission may cause the corrections to be made and charge all expenses to the Contractor or the Surety.

G. A security cash deposit in the amount of one hundred dollars (\$100.00) shall be deposited with the Township by each person or company. The cash deposit shall be a security deposit for indemnification arising from minor surface damage to adjacent lands. In the event of such damage, the Township Sewer Commission shall give the Contractor written notice of corrections needed on the Project and in the event the Contractor fails to undertake the correction of the damage as indicated in the notice within one (1) week after the date of such notice, the Township Sewer Commission may cause the corrections to be made and deduct all expenses therefrom from the security cash deposit. At such time as the cash deposit falls below fifty dollars (\$50.00), the Contractor will be required to renew the cash deposit to the full one hundred dollars (\$100.00) amount before additional Sewer Connection Permits will be issued to him.

3. All homeowners applying for a Sewer Connection Permit under Article III, Sec. 1, Par. 2, hereof, shall as a condition of the Homeowner's Permit and in lieu of the insurance and bond requirements (Art. III, Sec. 2, Par. 3) sign a Homeowner's agreement as prescribed by the Township Board.

SECTION 3. USE REGULATIONS REQUIRING SEPARATE BUILDING SEWER OR HOUSE LEAD

As provided in the County Board of Public Works Regulations, the Michigan State Department of Health Regulations and the City of Detroit State Plumbing Code of June 28, 1935, as amended, there shall be a separate Building Sewer or House Lead independent of that for any other building, for every building connected to the sanitary sewer system, except for those instances where the Township Sewer Commission determines that one of the following conditions prevails, in which case a multiple connection may be allowed:

1. Where one (1) building stands in the rear of residential building on an interior lot and no sewer is available or can be made available for the rear building through an adjoining alley, court, yard or driveway and where such buildings are under common ownership.

2. Where a complex of commercial establishments or multiple dwelling units are situated under a common roof and share common interior walls. The interior connection of adjacent units by companionways or underground utility tunnels does not constitute sufficient physical connection to allow the use of a single building sewer or house lead.

3. Where an industrial complex consists of several adjacent buildings, which are an integral part of an industrial process or production sequence and where all portions of the complex are under a common ownership. In the event of a sale of a portion of the complex, a separate and independent building sewer or house lead will be required for each portion of the divided complex.

SECTION 4. BUILDING SEWER OR HOUSE LEAD CONSTRUCTION METHODS, MATERIALS AND STANDARDS

The Township Board may adopt by resolution from time to time such rules and regulations relating building sewer or house lead construction methods, materials and standards as it may deem advisable, which rules and regulations shall be

(Continued on Page 15)

HURON TOWNSHIP STORM AND SANITARY SEWER ORDINANCE NO. 69-2

(Continued from Page 14)

published and copies of which shall at all times be available at the Sewer Department.

ARTICLE IV SANITARY SEWER EXTENSION

SECTION 1. USE REGULATIONS REQUIRING PUBLIC SANITARY EXTENSIONS

Except in those instances provided for in Article III, Sec. 3, all sanitary sewer serving more than one (1) building shall be public sanitary sewers and require the approval of the Township Board, Wayne County Board of Public Works and Michigan Health Department for a construction permit.

SECTION 2. SANITARY SEWER EXTENSION PROCEDURE

All public sanitary sewers installed within the Township shall be constructed under contract awarded by the Township Board. When a person wishes to sponsor the construction of public sanitary sewers, he shall proceed as follows:

1. The project sponsor shall submit preliminary plans to the Township Sewer Commission for their tentative approval (approval in principle).

2. Upon the giving of the tentative approval, the sponsor shall have prepared complete plans and specifications meeting the minimum standards of the Township Sewer Commission. These plans shall be prepared and sealed by a Registered Professional Engineer in the State of Michigan. The Township Sewer Commission shall refer construction plans to the Township's Consulting Engineers for technical review.

3. Prior to each review by the Township Consulting Engineers, the project sponsor shall remit to the Township Sewer Department a sanitary sewer review fee based on the cost of construction as estimated by the Township Consulting Engineer. This remittance is to cover the cost of:

- A. Examination and preliminary engineering work required to determine the adequacy of said plans.
- B. The obtaining of the necessary permits from the County Board of Public Works and the Michigan Department of Health.
- C. Sewer Department Administration.

The schedule or amount of the Sanitary Sewer Review Fee shall be prescribed from time to time by resolution of the Township Board.

4. When the Township Sewer Commission, upon the advice of the Township Consulting Engineers, shall have declared the plans adequate and all the necessary permits have been obtained, the project sponsor shall submit a complete set of reproducible original drawings for the project along with evidence of all necessary permits, other than those listed under Par. 3 above.

5. The Township Sewer Commission shall, upon receipt of said drawings and permits, refer the project to the Township Board together with their recommendation regarding construction of the project.

6. At such time as the Township Board may elect to establish a date for receipt of Bids, the project sponsor shall be directed to the Township or to deposit or secure in such manner as is acceptable to the Township Board an amount equal to the entire project cost including construction contingencies, field supervision, staking, inspection and administration as estimated by the Township Consulting Engineers.

7. Upon receipt of the full remittance, as defined under Par. 6 above, the Township Clerk shall cause an Advertisement for Bids to be placed in the appropriate trade publications and direct the Township's Consulting Engineers to prepare the necessary Bid Documents for use by the prospective bidders.

8. Following the receipt and tabulation of bids, but prior to the award of a contract, the project costs shall be reviewed to determine if the construction funds previously deposited with the Township are adequate to construct the project. In the event the construction deposit exceeds the adjusted project cost, the surplus shall be refunded to the project sponsor. In the event the construction deposit is less than the adjusted project cost, the project sponsor shall be given the option of either remitting sufficient additional funds to the Township to cover the differences or directing that the bids be rejected, in which case an amount of money equal to the actual administrative, engineering and publishing cost incurred by the Township in bidding the project, but in no case less than One Hundred Dollars (\$100.00) will be charged the project sponsor by the Township Board.

9. The Township Board shall act on the formal award and signing of the contract or the rejection of the bids as outlined in Par. 8.

10. Upon completion of the Project, the project costs shall be audited and all surplus funds returned to the project sponsor.

SECTION 3. ALTERNATE PROCEDURE

In lieu of the procedure set forth in Section IV, Par. 1-4, the Project sponsor may elect to request the Township Sewer Commission to handle the entire project. In this case, the project sponsor shall remit to the Township fifteen percent (15%) of the estimated project cost as a good faith deposit. The Township Sewer Commission shall then cause engineering drawings to be prepared and the necessary approvals and permits obtained. In the event the sponsor elects not to proceed with the project, the deposit or so much as is necessary, shall be used to defray engineering and administrative costs incurred and the balance, if any, shall be refunded to the sponsor.

SECTION 4. ON SITE DEVELOPMENT

The project sponsor may elect to construct all of the on site sanitary sewers, in which case he shall follow all those procedures outlined in Article IV, Section 2, Paragraphs 1-5, then the sponsor shall remit to the Township such deposits as determined necessary by the Township Sewer Commission to cover any administration cost and inspection cost. All sewers to be installed shall be in accordance with the Township minimum construction standards.

SECTION 5. ACCEPTANCE OF SANITARY SEWER BY THE TOWNSHIP

Prior to acceptance of the completed sewer system by the Township, all fees shall be audited and all surplus funds returned to the project sponsor or if any deficiencies are found from the original deposit, the sponsor shall remit the same to the Township. The project sponsor shall, at this time, dedicate all sewers and appurtenances to the Township on the form provided by the Township, assign all easements to the Township and provide the Township with a maintenance and guarantee bond for materials and workmanship for a period of one year from the date of acceptance equal to 100% of the Contract Construction Cost.

SECTION 6. SEWER CONSTRUCTION METHODS, MATERIALS AND STANDARDS

The Township Board may adopt from time to time such rules and regulations relating to sewer construction methods, materials, standards and permit procedures as it may deem advisable and as recommended by the Township Sewer Commission.

The following minimum standards shall be followed for the design of any sanitary sewer. These sewers shall also be installed in accordance with Huron Township Construction Specifications.

1. Downspouts or any conduit that carries storm or ground water including foundation footing drains shall not be allowed to discharge into the sanitary sewer except as otherwise provided by other provisions of the Township Code.

2. No sewer installation or portion thereof shall have an infiltration exceeding two hundred and fifty (250) gallons per inch diameter per mile of pipe per twenty-four (24) hour period for the overall project nor shall the infiltration exceed 500 gallons per inch of diameter per mile of pipe per 24 hours for any individual run between manholes.

3. Types of sewer joints:

A. Joints on extra strength pipe shall conform to the A.S.T.M. C-425-64, Type I and III. This specification provides for a premium compression type joint of a resilient material such as Wedge Lock Type I or Wedge Lock Type III, Amvit or Tylox Type B. The joints shall be as manufactured and installed in strict adherence to the provisions of the A.S.T.M.

B. Joints of asbestos cement sewer pipe shall be fluid tight, ring tight or equal.

C. Joints on concrete sewer pipe for sizes 8" through 27" shall be modified grooved tongue with rubber gasket. Joints on concrete sewer pipe for sizes 30" and larger shall be modified grooved tongue with rubber gasket and the inside of the joint shall be cement pointed with cement mortar compound of one (1) part of cement and two (2) parts of sand.

D. Concrete pipe wye openings shall contain factory installed premium joint material of a type suitable for use with house lead joint specified.

E. Cast iron soil pipe shall have hot poured lead joints or approved compression joints.

4. Wherever existing manholes or sewer pipes are to be tapped, drill holes at 4" center to center around the periphery of the opening to create a plan of weakness joint before breaking section out.

5. For the purposes of testing and dewatering, a temporary 12" deep sump with a masonry bulkhead on discharge side of the manhole shall be provided in the first manhole above the connection. After successful completion of the television inspection and infiltration test and on approval of the Township Sewer Commission, said bulkhead may be removed and the sump filled in to provide a standard fillet for the flow channel.

6. Minimum Slopes. The following table of Minimum Slopes for sanitary sewers shall be adhered to:

Size and Minimum Slope	
8" at 0.40	
10" at 0.30	
12" at 0.22	
15" at 0.15	
18" at 0.12	
21" at 0.10	
24" at 0.08	

7. Bedding. All sewer pipe shall be installed on a Class B or better bedding. For sewers 18" I.D. and larger, the bedding from 4" below the pipe to the 0.8 O.D. point of the pipe shall be clean washed granular material, which will pass a 5/8" sieve and be retained on a 1/4" sieve.

8. Manholes. Sanitary Sewer Manholes shall be spaced an average of 350 feet apart for sewer lines 18" or smaller with an absolute maximum spacing of 400 feet for sewer lines 21" or larger. Manholes shall be placed in the street right-of-way. In general, sanitary sewers will not be approved in the rear lot easement.

9. Profile. The sewer profile shall indicate the length of run between each manhole, the size, class of pipe, etc., slope of sewer between each manhole and the class of bedding in the event that Class A bedding is required. Top elevations of all manholes shall be indicated.

10. Depth. A minimum depth from top of curb (or road centerline) to the top of any sanitary sewer shall be 8 1/2 feet at local control points or a minimum of 9 feet at locations where the sewer grade is parallel to the road grade.

11. Wye Plugs. Each wye or end of a house connection shall have a plug with the same type of joint as the main sewer.

12. Pipe Specifications. Allowable types of sewer pipe shall be as follows: Minimum diameter of any individual building sanitary sewer shall be 6". Any sewer serving more than one building shall have a minimum diameter of 8".

A. Extra strength clay pipe - A.S.T.M. Designation C-200-64T in sizes 6"-26" inclusive.

B. Extra strength unglazed clay pipe known as vitrachem A.S.T.M. designation C-278-60-T, in size 6-26" inclusive.

C. Extra strength nonreinforced concrete sewer pipe - A.S.T.M. designation C-14-55 in sizes 8"-24" inclusive.

D. Standard reinforced concrete sewer pipe - A.S.T.M. designation C-76-68, Classes I through V.

E. Asbestos Cement sewer pipe - A.S.T.M. designation C-428-59T in sizes 6"-12" inclusive, Class 2400 or greater.

F. Cast iron soil pipe, extra heavy and standard weight - A.S.T.M. A74-42 or N.B.S. commercial standard CS-188-53 service weight.

13. Manholes. Wherever possible, manholes shall be constructed of precast concrete sections with modified grooved tongue and rubber gasket joints. Precast sections shall conform to A.S.T.M. C-478-68 with 5 inch minimum wall thickness. Other details shall be as specified above under paragraphs 15, Section 4, Article IV.

14. Television Inspection. All sanitary sewer lines must pass an inspection by a Huron Township Inspector by the means of a closed circuit television before they will be accepted into the Huron Township Sewer System.

15. Huron Township standard details and specification as prepared by the Township's Consulting Engineers, as adopted by resolution of the Township Board, March 26, 1969, including all current Township approved revisions, shall be incorporated as part of the plans.

ARTICLE V STORM SEWERS

SECTION 1. DEFINITION

No person shall construct, alter, divert, enlarge, tap into, connect to or in any manner tamper with any storm sewer, drain or outlet over which the Township has ownership, control, regulation or maintains either in its own name or by contract with any other municipality, commission or public body, without first obtaining a permit therefrom from the Township Sewer Commission.

SECTION 2. PERMIT

Because the storm sewers, drains and outlets possess unique characteristics, which do not lend themselves to categorical regulation, it is hereby required that specific plans and specifications be submitted to the Huron Township Board of Sewer Commissioners setting forth the design criteria and construction details. The Commission shall then alter, amend or approve said plans and issue a permit. Therefore, the Commission shall set a fee for said permit sufficient to defray the cost of review, inspections and supervisions of said permit.

SECTION 3. STORM SEWER EXTENSION PROCEDURE

1. The project sponsor shall submit three (3) preliminary sets of Plans to the Board of Sewer Commissioners of the Township for their tentative approval. These Plans shall detail storm sewer design computations and the drainage area map indicating the various drainage areas contributing to the sewer. The finish grading patterns for all structures, buildings, lots, easements and road surfaces shall be indicated on the plans.

2. The Board of Sewer Commissioners shall have these plans reviewed for conformity to such current standards as adopted by the Township Board.

3. One set of Plans will be returned to the project sponsor with appropriate comments. The project sponsor, after making changes requested on the set of plans returned to him, shall then resubmit three sets of these corrected plans to the Board of Sewer Commissioners for their final approval prior to submitting said storm sewer plans to the Wayne County Drain Commission and Road Commission.

4. All review fees shall be received by the Township prior to final approval. Before final approval is given, all easements shall be dedicated to the Township and the project sponsor shall dedicate all rights of utility to the Township of Huron on forms provided by the Township.

SECTION 4 STORM SEWER DESIGN STANDARDS

All storm sewers located within the road right-of-way or for pavement drainage for roads and streets under the jurisdiction of the Board of Wayne County Road Commissioners shall comply with the current subdivisions rules and regulations they may enact. All other storm sewers or drainage systems shall comply with the following minimum standards:

1. Storm drainage systems shall be designed for a ten year storm. The rational method for arriving at storm water runoff shall be used. The formula for rainfall intensity shall be equivalent to: $T=175$ in which T is the time of concentration. $T+75$

The sponsors engineer shall use judgment in arriving at proper impervious factors.

The sponsors engineer shall submit a map outlining the various areas which drain to the points of inlet used for design together with the storm sewer design computations and shall place the professional engineer seal thereon.

In general, sufficient depth and capacity shall be provided in the storm sewer system to take fully developed (full paved and sewer) upstream drainage into the system. No gravity flow storm sewer shall be less than 12" in diameter.

2. Manholes. Manhole spacing for storm sewers shall be as follows:

Diameter of Sewer	Absolute Maximum Manhole Spacing
12" - 15"	330'
18" - 30"	350'
36" & 42"	400'
48"	450'
54" & 60"	500'
66" and larger	600'

Note: Height for "Lo-Head" pipe shall be used as the criteria for manhole spacing.

Catch basins shall not be constructed over a sewer line to replace manholes.

3. Profile. The profile for the storm sewer shall indicate the length of run between each manhole, the size, type and slope of sewer between each manhole and the class of bedding in the event that Class A bedding is required. Show top elevations of all manholes. Where possible, the slope of the sewers shall provide a minimum velocity of 2.5' per second velocity. Limits of required power compacted sand backfill shall be shown on the profile.

4. Bedding. All sewer pipe shall be installed on Class B or better bedding. For sewers 18" I.D. and larger, the bedding from 4" below the pipe to the 0.8 O.D. point of the pipe shall be clean washed granular materials, which will pass a 5/8" sieve and be retained on a 1/4" sieve.

5. Open Drains. Improved open drains may be permitted under special circumstances upon approval of the Board of Sewer Commissioners.

6. Headwalls. Headwalls and inlet structures shall be placed as required.

7. Pipe specifications and joint materials shall be the same as required in Article IV, Section 6.

8. Inlet structures shall be required for rear yard drainage. These structures shall be located so that there shall be a minimum of one per block of lots and spaced approximately at a maximum of 300' intervals.

9. A separate storm sewer lead shall be provided for each building which is equipped with an electric sump pump for drainage basements. These leads shall be connected to a low head pressure collection system located in easements outside of the road right-of-way, if a gravity sewer is not available within the road right-of-way. Said low head pressure system may utilize pipe of less than 12" diameter until such point the minimum diameter of the sewer shall be 12" and the manholes shall be installed on the line. The size, type and joint material used on this pressure system shall be as approved by the Sewer Commission.

ARTICLE VI PROTECTION FROM DAMAGE

SECTION 1. FINES

No unauthorized person shall maliciously, willfully or recklessly break, damage, destroy, uncover, deface or tamper with any structure, appurtenance or equipment, which is a part of the sewage or water works. Any person knowingly violating this provision shall be subject to immediate arrest under charge of a misdemeanor and on conviction thereof shall be fined in any amount not exceeding one hundred dollars (\$100.00) or 90 days in jail or both for each violation. Each day in which any such violation shall continue shall be deemed a separate offense. If a licensed registered contractor is found to be in violation of this act, this shall be grounds for the revoking of his license and he shall be denied further permits until the Township Boards sees fit to reissue said license.

ARTICLE VII POWERS AND AUTHORITY OF INSPECTORS

SECTION 1. INSPECTORS

Any duly authorized employee of Huron Township and their agents bearing proper credentials and identification, shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling and testing in accordance with the provisions of this Ordinance and shall be empowered to procure all necessary legal process to gain entry to such properties. These representatives shall have no authority to inquire into any processes including metallurgical, chemical, oil, refining, ceramic, paper or industries beyond that point having a direct bearing on the kind and source of discharge to the sewers, waterways or facilities for waste treatment.

SECTION 2. SAFETY RULES

While performing the necessary work on private properties referred to in Article VII, Section 1 above, the duly authorized employees of Huron Township or their agents shall observe all safety rules applicable to the premises established by the company.

SECTION 3. EASEMENTS.

Any duly authorized employees of Huron Township and their agents bearing proper credentials and identification shall subject any pertinent restrictions to the easement, be permitted to enter all private properties which the Township holds an easement for the purposes of, but not limited to, inspection, observation, measurement, sampling repair and maintenance of any portion of the sewage work lying within said easement. All entry and subsequent work, if any, on said easement shall be done in full accordance with the terms of the easement pertaining to the private property involved.

ARTICLE VIII PENALTIES

SECTION 1.

Any person found to be violating any provision of this Ordinance except Article VI shall be served by the Township with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease all violations.

SECTION 2.

Any person who shall knowingly continue any violation beyond the time limit provided for in Article VIII, Section 1, shall be guilty of a misdemeanor and on conviction thereof shall be fined in an amount not exceeding one hundred dollars (\$100.00) or 90 days in jail or both, for each violation. Each day on which any such violation shall continue shall be deemed a separate offense.

SECTION 3.

Any person violating any of the provisions of this Ordinance shall become liable to the Township for any expense, loss or damage occasioned the Township by person of such violation.

MUSTANG GALLOPS into 1970 with design changes and improvements for performance, comfort, convenience and safety. Grande offers a standard three-quarter Landau-style vinyl roof, dual body side stripes, aluminum rocker panel moldings, and houndstooth upholstery. Car can be seen at Atchinson Ford Sales, 9800 Belleville Road.

SCHOOL TIME IS SAFETY TIME

DOUBLE GUARD RAILS reduce the possibility of head-on collisions on divided highways with narrow medians, the Department of State Highways reports. The top rail, extending eight inches beyond the lower rail, is designed to prevent errant vehicles from rolling sideways over the guard rail and into opposing traffic lanes. It also acts as a buffer between the vehicles and the heavy wooden posts which support the lower rail.

Modern drugs have contributed to an increased life expectancy by 20 years since 1905. The Passaic River in New Jersey is nearly 100 miles long but if straightened out would be only 15 miles long.

ARTICLE IX VALIDITY

SECTION 1.

All Ordinances or parts of Ordinances in conflict herewith are hereby repealed.

SECTION 2

This Ordinance and the various Articles, Sections and Paragraphs and thereof, are hereby declared to be severable. If any Article, Section, Paragraph or clause is adjudged unconstitutional or invalid, it is hereby provided that the remainder of the Ordinance shall not be affected thereby.

ARTICLE X BOARD OF SEWER COMMISSIONERS

The Township Board shall appoint a Board of Sewer Commissioners and a Manager of the Township Sewer Department. The primary function of this Board shall be the enforcement of all sewer ordinances and such other duties as shall be directed by the Township Board.

A Manager of the Township Sewer Department shall be appointed by the Township Board, whose responsibility it shall be to manage this department and perform such other duties as may be directed by the Board of Sewer Commissioners.

Until such time as the Township Sewer Commission and Manager are appointed, the Township Board shall perform all duties necessary for the management and enforcement of this Ordinance.

ARTICLE XI ORDINANCE IN FORCE

This Ordinance shall become effective thirty (30) days after its publication.

I hereby certify that the foregoing constitutes a true and complete copy of Ordinance No. 69-2 duly adopted by the Township Board of the Township of Huron at a regular meeting held on August 27, 1969, at which all Members were present.

I further certify that Member Radabaugh moved adoption of said Ordinance and that Member Kreyger supported said motion.

I further certify that the following Members voted for adoption of said Ordinance, Mr. Angel, Mr. Carey, Mr. Krause, Mr. Kreyger, Mr. Raker, Mr. Radabaugh and Mrs. Wilson, and that none of the Members voted against adoption of said Ordinance.

I further certify that said Ordinance has been recorded in the Ordinance Book of the Township and that such recording has been authenticated by the signatures of the Supervisor and Township Clerk.

Mrs. Wilma Wilson
Huron Township Clerk

The non-newsmakers...

what are they doing?

Publicity and public attention at any price is the farthest thing from their minds. They are not looking for something to complain about. They can see things about them which need improvement and they are willing to tackle the task. But they see some good things too.

They don't believe in criticism and protest without offering constructive alternatives. They believe that soap and water and a neat appearance go hand in hand with health and happiness. They know their strength is in their numbers because they comprise the overwhelming majority of the young people in the world today.

Why are they so inconspicuous? Because they are busy doing things which need to be done. More of them perform works of charity than we ever hear about. They

are applying themselves to their educations, going to church every week, participating in sports, furnishing the real leadership in their own groups, and working in ways which contribute to the betterment of society.

Right now they are seeking summer jobs. Thousands upon thousands of them are ready to contribute an honest day's work for a fair wage during the summer months. Groups like this are studying the Want Ad pages in search of summer work. Can you use a fine American in your place of business this summer? If you can, let them know of your opening by placing a Help Wanted Ad in the **Associated Newspapers**

NEW-STYLE COMPACT—Two new models are added to the Plymouth Valiant line for 1970, an all-new two-door coupe, the Duster, and a new high-performance model sharing the same body, the Duster 340. Styling changes on the Valiant four-door sedan include new grille, turn signal lamps, taillamps, and trim. The new youth-oriented Duster 340 has a light-weight high performance 340 cubic-inch four-barrel engine as standard, and many performance-associated features. Low basic price and availability of many options feature each of the three Valiant Models. See the new cars at John Barber, Inc., Belleville, Sept. 23.

Adult Leadership Classes Announced

Adults are invited to examine the possibilities of taking the Gabriel Richard Course by attending any of the 17 free, no obligation, explanation sessions during the week of Sept. 21.

This 9-Session Course, with over 20,000 graduates from every walk of life, focuses on the building of leadership qualities in people such as self-confidence, speaking ability and an influential personality.

In announcing the Fall Classes, Rev. Thomas J. Bresnahan, Director, said, "We believe that God has given everyone qualities for leadership. They need only to be developed."

"PSYCHOLOGISTS TELL US that the average person develops only a small portion of his abilities. Through this Course we try to raise this average. Participants gain self-confidence and poise, learn to express themselves more effectively, become more creative, gain a new outlook on life, and become more influential wherever they live and work."

Fr. Bresnahan continues, "The Course is open to businessmen, housewives, factory workers, students—anyone interested in developing leadership qualities."

The fee is very low because the Gabriel Richard Institute

is a non-profit, Detroit-based organization dedicated to adult leadership.

Unemployment Gets New Look

WAYNE — The Michigan Unemployment Security Commission, located on Sims Avenue, has a new look. The service has been divided into two separate divisions operating out of the same office.

The first department is now known as Manpower and is the employment service. Bernard McShane is the manager of the Manpower Division.

Secondly is the Unemployment Insurance Division, headed by Edward A. Sawyer. This was formerly the unemployment compensation department but Sawyer said that they are getting away from the term compensation and replacing it with insurance.

The change took place on July 1 and is part of a nationwide trend to change the offices into two separate departments in the same building wherever it is economically possible. The original idea was conceived in 1962. At that time, all the Detroit offices were split.

"We feel that we can give much better service with this type of operation," Sawyer said.

McShane and Sawyer released the figures for 1968. The office handled a total of 58,677 claims during the year and paid out \$389,644.50 in benefits. "We are still not operating at full capacity yet and have to send orders to other agencies because we don't have the people coming in to fill them," McShane said.

In August of 1969, the office handled 10,981 claims.

A breakup of the placements shows that approximately 55% of the workers placed are hired in factory jobs while 45% are placed in clerical, sales, warehousing or other non manufacturing positions.

Specially needed at this time are: auto assemblers, secretaries, typists, arc welders, skilled tradesmen, kitchen helpers, material handlers and delivery men with chauffeur's licenses.

Especially needed is an experienced jack hammer operator.

Huron-Clinton Authority Makes Two Promotions

David O. Laidlaw, director of the Huron-Clinton Metropolitan Authority which has eight parks serving the citizens of the counties of Livingston, Macomb, Oakland, Washtenaw and Wayne has announced two appointments.

Robert L. Bryan, who joined the Authority in 1963 as a lands-use specialist, has been promoted to Chief Planner.

James W. Smith, field landscape architect for the HCMA since 1960 and resident landscape architect at Kensington Metropolitan Park from 1949 to 1960, has been promoted to Supervising Landscape Architect.

In his new capacity, Bryan is responsible for planning and landscape design of all parks of the Authority. He replaces Edward Mallonen who died in July of 1969.

on urban land problems in the southeastern region of Michigan. He is a registered landscape architect in the State of Michigan.

He served with the armed forces from 1942 to 1946

supervising landscape architect has expanded responsibilities with the Authority. These include supervision of landscape architects on the HCMA staff in addition to continued

Four Area Women Entertain Patients

BELLEVILLE—Approximately 100 patients of "M" Building, at Wayne County General Hospital, were entertained by an afternoon of visiting, refreshments, and music, on Monday, Sept. 8, by four area women, three of them members of the John M. Wahl Corps No. 87, Women's Relief Corps, of Belleville, who spent the afternoon at the hospital.

Mrs. Ruth Ann Knysz, Mrs. Betty Jeckna, and Mrs. Olive Caswell, of the WRC furnished cup cakes, candy bars, life savers fresh picked tomatoes, and the hospital furnished the coffee.

To see the look of pleasure on the patients faces and the way so many say "thank you," is really a reward, for the small amount of effort necessary to put a little bit of sunshine in the lives of these less fortunate people, as they are all residents of the mental wards," The women said.

MRS. CASWELL played several popular songs on the piano, and the patients were

either tapping their feet, or singing along with the music. If only more people who have the time, would do more volunteer work such as this it would be wonderful, as some of the patients said: "the days have a way of dragging, and to have outsiders take an interest in us, gives us something to look forward to, as some of us people very seldom, or never have a visitor."

Any one interested in going the next time, can find out more details by calling WH 1-1170.

Security Time Savings... the "decision makers" way to enjoy life!

Think of it... at the end of each calendar quarter Security Time Savers are faced with a delightful decision... what to do with their interest... interest that never seems to stop growing! We developed STS for people who can stand up under the quarterly "burden" of having to decide where to spend 5% interest, compounded continuously, as it piles up in their account! All it takes to get in, is an initial deposit of \$1000. From then on,

deposits of \$50 or more, will do just fine. To make sure you are aware of how your money is growing, we provide a quarterly statement of activity. And for tax purposes, as well as your own records, we forward a year end statement. And do we play "hard to get" when you want your money? Not on your life! You can withdraw all, or part of your savings at any time during the first 10 days of each calendar quarter, or with 90 days (the minimum legal

requirement) written notice. If you haven't opened a Security Time Savings Account yet, get with it! If you have, prepare yourself... the next interest payment is closer than you think! And, by the way, if the thought of having to make periodic decisions is standing between you and opening an account, relax... we'll be happy to add the interest to your account and let your money continue to multiply, or mail you a check. "Enjoy life," with a Security Time Savings Account!

When it comes to banking, Security is all you need!

Member F.D.I.C.

5% annual interest, compounded continuously. No bank pays more!*

'But There Are Some Flaws'

Tiger Grid Machine Clicks in Opener

Belleville unveiled its 1969 football machine Friday night before a bleacher-packed home crowd and, although Coach Jim Richendollar's design appeared to show some faults, it was good enough to pass the first test.

On hand for the opening night festivities was Wayne Memorial and first year Zebra

grid strategist Wayne Gorman who, despite taking a 24-12 loss, also felt he has a pretty good product.

The Belleville victory also spoiled Coach Gorman's debut as head coach.

Richendollar walked off the field satisfied with what he saw on opening night.

"I was pleased with the desire our boys exhibited,"

said Richendollar, a veteran of three-years of grid war in the area. "But I am disappointed with the number of mental errors our boys made."

Gorman, accustomed to winning downriver as coach of St. Patrick's of Wyandotte, expressed disappointment in the loss but said he felt that his boys fared well for the opener.

The Tigers snapped back from an 8-6 halftime trance to increase their margin with two touchdowns in the third quarter before Wayne tallied its final six-pointer in the last period.

Playing under ideal weather conditions, Belleville took the initiative after Wayne failed to make headway with the kick-off and their first series of plays.

Getting their hands on the ball on their own 45 yard line, Belleville, under the leadership of senior quarterback Dick Wenzel, used 13 plays to go the distance of the field.

Wenzel, on a two-yard quarterback sneak, went over for the initial TD and he later passed to Chris Boyd for the two-point conversion.

The key play in the TD drive was a 36-yard pass from Wenzel to split end Victor Ogletree.

Midway in the second quarter, Wayne Memorial got its first break when Jim Bourgault recovered a Belleville fumble on the Tiger 19 yard line.

Wayne QB Jim Green had two minutes to get the Zebras

on the scoreboard. After Ernie Righetti and Bill Hood picked up small gains, however, Wayne wound up on the Belleville 24 after a delay of game penalty.

With 1:02 on the clock, Righetti brought Wayne fans to their feet as he grabbed the ball from Green on an old Statute of Liberty play and raced 24 yards into the end zone.

Wayne's attempt for the two-point equalizer failed leaving Belleville with the 8-6 lead.

Belleville dominated the third quarter, padding their precarious margin with touchdowns by Garrade Pettus and Wenzel. Pettus, the second best high-jumper in the state last year, (Continued on 2nd Sports)

THE SPORTS MERIDIAN

By Tom Mooradian

A Football Spy Thriller

How would you like your coach to reveal the school's football strategy, the plays, and the game plan to the team you're going to play before the game?

I know someone who did.

No, we're not looking for a libel suit.

But, we know who did just that — Cherry Hill's Joe LaScola. We know, because Joe LaScola told us so. You don't believe it, huh? Neither did I until I heard the entire story. Let's tell it before we force the popular Spartan coach into early retirement.

It appears that Joe was working his head off in preparation of last Saturday's nonleague opener with Thurston.

LaScola, a soft-spoken, good-natured guy off of any athletic field, a masochist on the field, was drilling his lads unaware someone was ready to stab him in the back.

On this particular hot afternoon, with the temperatures hitting the near nineties, Coach LaScola was barking out "you-do-this and you do that", and detailing each play for his minions. A spy had stepped in from out of the shade, and taken a seat in the bleachers.

Unnoticed by all, the spy did his work and was about to slip back into the shadows when he bumped into one of the Cherry Hill fans.

"What are you doing here," said the fan who quickly grasped the true nature of the man's visit, a member of the Thurston coaching staff.

"Oh, just dropped in to say, 'Hello'." (Reminds me somewhat of the intruder who was caught in a closet and when the gal's husband came home and found him hiding and asked what he was doing, the guilty one replied, would you believe I'm waiting for a streetcar? (Boy, that's an old one, Mr. Meridian. What's a streetcar, anyway?).

Now back to our spy story.

A Mafia Takeover?

Of course the Cherry Hill fan reported the incident to La Scola, forcing the Spartan mentor to revamp his entire strategy.

"If I ever get my hands on that guy," warned the 190-pound former three-sports man, I'll, I'll . . .

I interrupted Joe to remind him that this was the Sabbath.

"Well they know, or should know better, than that," replied the angered LaScola. "Heck, they have one of the best ball clubs in this area and to use sneak-thief methods is uncalled for.

"We're lucky if we're able to stay on the same field with them Saturday. We're just trying to make it a ball game for them and what do they do, send someone to gather our plays.

"Could it be that 'this spy' was gathering the information without the knowledge of the school?" I asked trying to give the school the benefit of the doubt.

"Just not logical," answered LaScola. "Why would anyone sit through a high school football practice in that heat, gather up all the facts if it wasn't for someone?"

"Maybe it's the Mafia moving in on you, Joe? You know they're everywhere! Or, worst, could it be a communist plot to overthrow your Spartans?"

No, Joe knew very well who and what the guy was. He wasn't fooling anyone.

"Sure it's the first game and they haven't had the chance of spotting us," said LaScola, "but they're taking all the fun out of the game."

The mystery man who caused Joe's blood pressure to soar to the boiling point?

Naw, we're not going to reveal his name — it's not worth the space.

After all, football and sports are a means to build character, not to tear it down:

Romulus 941-1640

SURPRISE—Romulus senior right end Bruce Jackson (80) was at the right place at the right time when he grabbed this sprint pass which was deflected off a Franklin griddler in the third period. It didn't count, though, (see the ref's red flag?) for the Eagles were penalized for pass interference. The Livonia team spoiled Romulus' non-conference opener, 14-0.

History Repeats at Romulus

To Romulus head football Coach George Pratt's dismay, history does repeat itself. Throughout the 1968 grid season, the parasitic Eagle offense lived off of the defense, and the Eagles' 1969 non-conference opener with Franklin produced the same ailment.

Generating only one genuine threat, Romulus failed to get on the scoreboard and surrendered a 14-0 decision over to the

Patriots who launched the defense of their Northwest Suburban Conference tri-title looking greener than ever.

Pratt's defense, moreover, apparently is made up of three men—Russell Reaume, Gary Stanek and Leon Janes who accounted for 46 tackles between them.

Franklin, which defeated Romulus 32-7 last year, ran 55 offensive plays.

Romulus, plagued with financial difficulties over the

past few years and unable to field a winning team in nearly a decade did prove to an enthusiastic home crowd that they will not be pushovers this season.

"This is the best coached Romulus team we have played," said Franklin coach George Lovich.

"I was very disappointed that we lost this game," said Coach Pratt who has guided the Eagles for the past three years. "Although we lost, I do feel we are a much improved ball club.

"And I really feel that we do have an offense and after getting some experience, we're going to move the ball

and win some ball games.

Chris Glinski in his '69 quarterback debut completed nine of 15 passes for 122 yards. Five of those tosses, were to end Frank Nesbit, and three went to Rance Thomas. Flinski and Nesbitt combined in the second quarter to move the Eagles inside the Pat 5-yard line where they were left standing as time ran out.

Franklin threatened in the opening quarter but it wasn't until midway in the second that Coach George Lovich's Patriots got on the scoreboard.

After gaining possession of the ball at midfield, Pat

Panel of Experts Go Back to Work

There's been a couple of additions to this year's "Panel of Experts", that scholarly body which predicts the outcome of high school football games each week.

Belleville, which demands representation on the Panel, will get in with Bert Osterberg, the Manager of the Belleville Enterprise.

The Panel, in its first week's selections, had fared well — with the exception of that Garden City East and Riverside game (which Riverside won), most of the panelists emerged with 7 or 9 correct.

Taking the lead is Charlie Dickson, not bad for "an avid sports fan".

This week's "toughie"? The evenly matched Wayne Memorial-Romulus game. How did the Panelists pick 'em? Turn to "Prep Grid Predictions" and find out.

STOP SIGN AHEAD—Going nowhere but fast is halfback Rance Thomas who runs into Franklin's Mark Lehto in Friday's game at Romulus High. Lehto and the Patriots scored twice in the second quarter to stop the Eagles in the 1969 high school season debut 14-0.

Romulus Launches LL Grid Year

Romulus' Little League grid teams, the Flyers, staged a dogfight with Garden City's Panthers in the Western Suburban Football League opener and managed to shoot down GC's Junior Varsity squad while they sustained losses in the Freshman and Varsity divisions.

The Freshmen dropped a 18-14 decision to the Panthers while the Junior Varsity, playing a flawless first quarter breezed to a 28-14 victory after holding a 16-0 lead.

"It was a tremendous team effort," said Don Ellis, president of the Romulus Atlantic Club, who went on to say that he felt the Romulus Little League program is progressing rapidly.

The Romulus Varsity unit gave their peers a good battle before yielding 20-0.

Anchor Block Ousted in Ecorse Tournament

Anchor Block blew a five run fifth inning lead at the Ecorse Softball District Tournament last week and lost their second game, 8-6, and was ousted from the tournament.

The Romulus Parks & Recreation champs, with W. Soave on the mound in the first game, dropped a 7-2 decision for their first loss.

"Errors were our downfall," said manager D. Rakotz who's team earned the city softball title. "We had ample opportunity to win, but blew them with our miscues."

In other softball action, Baum Funeral Home played a doubleheader at the Milan Federal Reformatory in Milan and walked away with a pair of easy victories.

Baum's, an also ran in the Romulus softball league this season, downed Milan 15-10 in the opening game and came back to whip the inmates 17 to 12 in the nightcap.

In a 21-hit assault, Baum's scored five runs in the opening frame of the first game and went on to get on the scoreboard six times in the second, two more in each of the third and fifth innings.

Milan closed the gap to 5-3 in the first frame and came up with two in the third, another tally in the fourth

and scored four in a sixth inning rally.

Topping the Baum's battery were D. Hayes, with a homer and single; R. Hartford, with four safeties in five trips and M. Pratt and D. Wisarwaski who collected three hits in four appearances at the plate each.

Wright paced Milan's attack with a pair of round-trippers and a double while teammates May added three for three and Lippie and Brandel stroked doubles.

Ivan Kinshella was the winning pitcher and Burns took the loss.

A spectacular catch by Al

Stahl who nabbed a hard-hit liner and turned it into a double play highlighted Baum's defense in the nightcap which saw Kinshella and Burns again duelling on the mound.

Baum's Hayes blasted a pair of homers and Hartford chipped in four hits in five tries and M. Pratt bagged three hits in four attempts to lead the winners. Stahl also contributed a pair of safeties for three appearances.

Wright again sparked Milan with a homer and double, finishing the day with 3 for 4. Teammates Yonkin and May each helped out with two hits in three official times at the plate.

HANDS DOWN—The long hands of a Livonia Franklin griddier reaches out and brings down Romulus' senior left half, Rance Thomas, in one of his 11 running attempts Friday afternoon. Thomas and the Eagles failed to generate enough yardage to break through the TD barrier in the season's opener, although they threatened several times.

Little League Asks Return of Uniforms

ROMULUS--Parents of Romulus Little League are being asked this week to return uniforms of players to respective coaches, Robert Walicki, president of

Romulus Little League, reported.

An earlier report that the uniforms be turned over to the parents for cleaning was apparently misunderstood as some parents have failed to give the uniforms back to the coaches.

Recently Romulus Township Supervisor Roderick E. Smith, reported that the uniforms, apparently purchased with funds donated to the league by the Department of Parks and Recreation, was by Township Board action, transferred to the Little League Baseball Organization of Romulus Township.

The Board, Smith reported, felt that the uniforms in their present condition would be a liability to the Township. And the cleaning and storing of them would also be a liability. The cleaning was left up to the parents.

Grid Machine

(Continued from 1st Sports) climaxed a 52-yard drive with a seven-yard, off-tackle TD sprint.

Wenzel went over on a quarterback sneak to cap another 52-yard drive. The Tiger signal-caller hit Ogletree for the first conversion of the half and later returned to run over the second point after attempt.

Early in the fourth quarter Wayne again got on the scoreboard with Bourgault's timely interception. He picked off a pass on his own 45 yard line and brought it back to the Belleville 25.

Green, on the first play, chewed up 19 yards as he cut off left, tackle on an option play. Hood picked up one yard on the next try and then the Wayne's signal-caller slipped through off tackle to the 12.

On the first play, Green surprised the Tigers with a pass in the flats to Righetti who grabbed the ball and went over for the TD. Again, the Zebras failed to get the point after.

Wayne came back in the closing minutes and marched from their own 33-yard line with the aid of a pass interference call and a 22-yard run by Righetti plus a couple of pass completions from Green to Righetti who played havoc on the Tiger defense with his speed.

The Zebras stopped two

yards short of the goal line.

Statistically, Belleville compiled a total of 260 yards from its rushing and passing game of which speedy Mike Fant picked up 100 for 20 carries. Pettus piled up 65 on 13 tries.

Wenzel, making his QB debut, hit on 4 of 6 of his passes, good for 41 yards.

Wayne found it burdensome running partly due to the defensive efforts of middle guard Jim Singleton and linebacker Rick Mussehl.

Coach Richendollar and his Tigers shouldn't find it difficult to post their second victory Friday night when Dearborn Heights Robichaud is their guests.

Robichaud, thin in numbers, dropped an 48-0 decision to Willow Run in its opener.

The nonleague contest begins at 8 p.m.

"We felt we were beaten by a very big, very strong, well coached Belleville team," said Coach Gorman. "The kids gave us an excellent effort but the lack of size and experience proved to be the difference."

Wayne's clashes with a much improved Romulus team Friday night at home. Kick-off is at 8 p.m. Romulus lost its opener 14-0 to Livonia Franklin.

Duck Hunters' Tournament Scheduled Sunday, Sept. 21

An annual sports program that belongs exclusively to Michigan will be held at the Pointe Mouillee State Game Area all day Sunday, Sept. 21.

The Duck Hunters' Tournament presents all of the skills of wildfowling as developed in the waterways and marshes between Lake Huron and Lake Erie.

The tournament was launched 22 years ago by Hy Dahlka of Gibraltar. There is no admission charge, no entry fees.

Several thousand spectators assemble for the all-day program, with reunions of duck hunters and their families from Michigan and Ohio.

YOUNGSTERS ARE enchanted by the tales of famous old-timers while experts criticize the performances of contestants. The first event will be a sneak-shooter's contest in which teams of two men will set out decoys, make a sneak with clay birds representing ducks.

There will be a retriever trial, duck calling contest, duck picking contest, races of various kinds, including a hip boat race across the marsh. A

contest in whittling decoy heads.

In connection with the tournament, which is sponsored by the Trenton Sportsmen's Club and the Michigan Consolidated Gas Company Sportsmen's Club, in cooperation with the state Department of Natural Resources, there will be the Midwest Decoy Contest with

decoys of every type on exhibition, sponsored by the Michigan Waterfowl Decoy Association. There will be turtle races for youngsters, a jumping frog contest. The famous George Storey punt gun will again be on display, a cannon that harvested ducks by the hundreds more than a century ago.

4-H Leader Honored At Birthday Party

ROMULUS-The guest of honor at a Hawaiian Luau surprise Birthday Party last Saturday night was Mrs. Rosemary Fischer of 13135 South Wayne Road, Romulus.

Escorting her to the home of Mr. and Mrs. Donald Curry and daughters, Donna and Ardyth, where the party was given was her husband, Christian Fischer.

Upon entering, the lights went on and the guests were all attired in muu-muus, colorful floral printed shirts and wore flower leis around their necks. Ardyth Curry and Shalimar Beaty were the official Hula girls, with their grass skirts and flowered leis.

The guest list included Mr. and Mrs. Russ MacGraw from Plymouth, Mr. and Mrs. Roland Barrette of Detroit and Mr. and Mrs. Don Lauzon from Windsor, Canada.

From Belleville, were Jan Fischer, daughter of the Christian Fischers, Mr. and Mrs. Edsel Beaty, Mr. and Mrs. Roy Traskos, Mr. and Mrs. Gerry Pawlowski, Mr. and Mrs. John Katona and Mr. and Mrs. Robert Davis, and Mr. and Mrs. Edward Kentala from New Boston.

THE EVENINGS activities consisted of various games, a hula contest, dancing and those brave enough went swimming in the pool. After which Hawaiian foods were served Buffet style and eaten outdoors at lovely decorated tables.

A beautiful decorated birthday cake complete with palm trees, hula girl and grass hut and candles was presented to the honoree to make her wish and blow out the candles, which was done immediately. Mrs. Fischer received some very lovely gifts.

The Currys, Beatys and MacGraws put up the authentic Hawaiian decorations which were "simply gorgeous." Also Mrs. Beaty supplied the Hawaiian recipes for the dishes which were served.

After this true surprise, the Honoree will never again appear in blue jeans, and plain tennis shoes - but she was presented with very colorful hostess pajamas and a flower lei for the evening.

Perry Receives Certificate

ROMULUS--Alfred J. Perry, Romulus Township clerk, is a surprised recipient of a Certification of Appreciation from the Wayne County Suburban Services, an agency of the Wayne County Office of Economic Opportunity.

The Citation was sent to Perry in appreciation of his thoughtful assistance to the agency in their efforts on behalf of the people of Wayne County, Paul W. Harty, chairman of the Board of Directors, stated. It read: "The Wayne County Suburban Legal Service expresses its sincere appreciation to you for the invaluable services rendered in the cause of legal education for the residents of the County."

ALFRED J. PERRY

Perry explained to seven and eight year olds about city status, city charter and other government operations during a session at the Romulus Junior High School recently.

Boating is the slow-paced pleasure rapidly becoming as frustrating and potentially dangerous as a trip on a congested highway.

Steger Honored

The Belleville Lodge No. 934 of the Loyal Order of Moose held the Pilgrim Robing of Secretary George W. Steger on Friday, Sept. 12, at the P.N.A. Hall located at Sumpter & Harris Road at 8 p.m. The Hall was filled to capacity with friends.

Pilgrim Governor and State Director Harold Kretsinger of Kalamazoo did the Robing assisted by the following Pilgrims: Sgt-at-Arms Oliver Hawver of Lincoln Park, Junior Past Governor, Marion Coffin of Ypsilanti; Junior Governor, Ira Lauer of Wyandotte and Prelate Jack Tessier of Windsor, Ontario Canada.

Other Pilgrims present who were Pilgrim Honor Guard were: Past State President Jerry Bradow of Bay City, Past State President and Past Deputy Supreme Gov. of Michigan Robert Dunn of Midland, Brother Swanson of Hastings, Herman VanHeck of Grand Rapids, Leo D'Amice of Dearborn, Robert Markle of Dearborn, Harry Krueger of Adrian, William White of Taylor, Stanley Baxter of Ann Arbor, Christ Nielsen of Redford, George Hager of Ann Arbor, and James Newman Past Legion Herder of Legion 105 of Detroit.

AMONG THE guests were State President Harold Harris of Farmington, State Civic Affairs Chairman Willard Miller of Wayne, District No. 1 Vice President Richard Alberts of Rockwood, State Ritual Chairman Kenneth Taylor of Detroit, Past State Presidents Warren West of Dearborn, Roy Hamlin of Milan, and Millard Collins. State Finance Chairman Ray Lewis of Ann Arbor, District No. 1 Civic Affairs Chairman Frank Ward of Wayne, Conservation Chairman Elmer Drewy of Dearborn, Finance Chairman George Evans of Wyandotte Legion 105 Herder Omer Riggs of Lincoln Park.

Others were Governor George Manley of Belleville Lodge also from Belleville Lodge Junior. Past Gov. Arthur LaPorte, Prelate Harold Blanck, Treasurer David Wertz, Three-year Trustee Dayle Mead, one-year Trustee Carl Higgins, Ritual Chairman Charles Morton, Membership Chairman Raymond Little, Past Gov. Ivar Strom, Family present were son William Steger, wife Annalee, children Kimberly, Shawn (who took part in robing) and Salina, Daughter Ann Ray, husband Frank and children Cheryl, Margie and Shirley (who took part) the youngest Georgina was not present as she was in Annapolis Hospital.

Son Frederick Steger and family from Indianapolis, Indiana could not attend but sent a telegram of congratulations. Others present were too numerous to mention. Tom Hamlin City Councilman was present.

Brother Steger received a beautiful wrist watch from the members of the lodge plus many other lovely gifts from attending friends and cash. Thanks to the many members of lodge and Women of the Moose who put on a lovely and delicious dinner.

Lt. David Westerman, Crew Receive Honor

ROMULUS--Lt. David L. Westerman, USNR, a member of Helicopter Antisubmarine Squadron Five based at Naval Air Station Quonset Point, R.I., was recently honored as co-pilot of Commander Fleet Air Quonset's outstanding antisubmarine warfare helicopter crew for fiscal year 1969.

The honor came in the

LT. DAVID WESTERMAN

form of the Dipper Award - an annual presentation made to the flight crew which best demonstrates antisubmarine warfare excellence.

In addition to these merits, Lt. Westerman's crew also won praise for hoisting a burn victim from a destroyer and ferrying him to the aircraft carrier Wasp for treatment during extremely poor weather conditions.

THE CREW also set a new Wasp Man overboard Drill record. From the time they

were notified to the time they had started their engines, launched, landed and placed a dummy survivor in the ship's medical center, only twelve minutes had elapsed, which broke the existing record by two minutes.

These feats were accomplished during the Wasp's (CVS-18) recent four month Nato goodwill cruise

to Western Europe including the ports of Lisbon, Portugal; Portsmouth, England; Rotterdam, Holland; The Netherlands; Oslo, Norway; and Copenhagen, Denmark.

Lt. Westerman holds a B.A. and M.A. from the University of Michigan and is married to the former Miss Barbara Fleszar, daughter of Mr. and Mrs. Anthony Fleszar, 30551 King Road.

Regular passbook savings earn 4.5% with interest paid and compounded quarterly.

TEFLON KITCHEN TOOL SET (top) Made by Ekco, a name you know for quality utensils. You'll receive two pancake turners, a broad spoon, a long spatula and a special holder for the set. All have gold-decorated plastic handles and are treated for use with teflon cookware.

CLOTH-COVERED PHOTO ALBUM (left) The thick, hard-bound pages are treated with a miracle finish: photos stick wherever you place them, yet can be moved without leaving a trace. See-through plastic protects the pictures on each page. The cover is a bright, psychedelic flower pattern.

SEWING KIT (bottom) Here are 11 sewing aids—ideal for a beginner or the experienced seamstress. The kit includes 7" bent-handled dressmaker shears, pins and needles, tracing paper and wheel and six other essential sewing accessories.

17 PIECE KITCHEN TOWEL SET (right) It's a wonderful gift for any homemaker. The 17 piece terrycloth set includes fringed kitchen towels, ribbed utility towels, waffle-weave dish cloths and thick potholders, in a bright and cheerful stripe design.

Gifts cannot be mailed. Offer effective only as long as supplies last.

ALSO HOUSE BILL 3734

Township Trustees Oppose Delinquent Tax Resolution

BELLEVILLE--The Romulus Township Board of Trustees have adopted two resolutions relating to collection of delinquent property taxes, and the

maintaining of voting registrations.

The Township Board acted following receipt of information that the Wayne County Board of Supervisors has passed a resolution requiring townships and municipalities of Wayne County to collect their respective delinquent personal property taxes, effective March 1, 1970, date that 1968 taxes will become delinquent.

And information that the State House Bill No. 3734 would authorize County Board of Supervisors to maintain voting registration records and thereby eliminate registration by cities, villages and townships.

ROMULUS TRUSTEES contend that cities have for a great number of years have maintained their own registration records and are capable of continuing this operation on behalf of their residents. The trustees therefore filed opposition to the bill.

As to the collection of delinquent taxes, the trustees

stated in their resolution that the Wayne County's Treasurer's office has collected taxes for all municipalities for the last 21 years, and over these years has developed an experienced and qualified staff.

The Board of Supervisors' resolution discards the 21 years of experience and now throws the burden on local municipalities who do not have this background of experience and expertise, they said.

IN ADDITION the expense to municipalities in legal, administrative and collection expense would be considerably greater taxpayer burden than heretofore.

Copies of the Board's resolution on tax collection has been sent to the Wayne County Board of Supervisors and Senator William Faust and State Representative Edward E. Mahalak, were notified of the Board's action on House Bill No. 3734.

Troop 231 Committeemen Treat Wives

BELLEVILLE--The committeemen of Boy Scout Troop No. 231 treated their wives to a weekend on the Manistee River last weekend.

The group camped in the State Forest campgrounds near Grayling. Their canoe trip on Saturday took them 25 miles along the winding Manistee.

Enjoying the trip for the fifth consecutive year were Mr. and Mrs. Elbert Ray, Mr. and Mrs. Kenneth Harden and Mr. and Mrs. George Simons.

Also repeating their experience of an all day canoe float were Mr. and Mrs. Calvin Light and Mr. and Mrs. Vincent Weigenka. First-timers included Mr. and Mrs. Elbert Johnson and Mr. and Mrs. James Emhoff.

The trip is a yearly event to thank the committee and their wives members of the Auxiliary, for all the help they have given the troop during the year.

The men set up camp with a variety of tents, campers and trailers; prepare three meals, two breakfasts and a delicious steak dinner; and do all the dishes; quite a treat for the grateful wives.

Stamp To Honor Easter Seal

Those with concern for crippled children and also an interest in stamp collecting have the opportunity to combine these two apparently divergent pursuits when the National Easter Seal Society convenes in Columbus, Ohio Nov. 19-22.

The highlight of this, the Society's Golden Anniversary. The highlight of this, the issuance of a Commemorative Stamp with all the impressive ceremony which characterizes such occasions.

Official first day covers, issued by the National Easter Seal Society, will be available in several forms. The envelope, engraved in a three color process, carries the official 50th anniversary symbol, as well as the Easter Seal symbol, and the legend "Official First Day Cover".

A card telling, in brief, the nationwide Easter Seal story will be enclosed. Information concerning the blank envelopes, or those fully serviced with stamp and First Day cancellation may be secured from your local Easter Seal Society by telephoning the Center at PA 2-3055.

American farmers, according to the Arizona Farm Bureau Federation, will be feeding a population in the United States of 235 million by 1980.

Romulus' Pre-School Nursery Being Readied

ROMULUS--The Romulus Township YWCA Pre-School Nursery committee met on Thursday, Sept. 11 to review plans and to make final preparations for enrollment during the last week of September and the first week of October.

Pending a decision by the Romulus Board of Education as to the use of a room in the Special Services Building, plans are proceeding for the nursery to hold morning sessions on Tuesdays and Thursdays, 30 children in each group.

Mothers will act as teachers' aids and must have a chest X-ray before beginning work in the nursery. X-rays are free through the Wayne County Department of Health.

CHILDREN WILL be required to have physicals and Tuberculin tests, also free through the Department of Health.

Age groups will be between two years six months, and six years. The child must be trained. If a child misses three

consecutive sessions, unless excused for illness, his place will be given to another child.

Cost will not be less than 50 cents a session, and YWCA membership by the mother is required.

Each child will bring a toy to donate to the toy shelf. Juice and cookies will be donated by parents. Each mother will act as a Teacher's aid not less than once each

quarter.

The committee plans to meet again on Sept. 22nd to prepare posters and to distribute flyers to announce the beginning of the Nursery.

Courtney Appointed By Dura

John E. Courtney has been appointed sales representative for the Chrysler Corporation account at Dura Corporation's Automotive Division, it was announced by Carl L. Kalitta, sales manager.

Prior to joining Dura, Courtney was with the Avis Industrial Corporation.

A native of Chicago, Courtney holds a degree in engineering from the University of Notre Dame, and holds the rank of Lieutenant Colonel in the U.S. Marine Reserves. He lives with his wife, Pat, and their six children in Dearborn, Michigan.

Dura Corporation, a division of Walter Kidde & Company, Inc., is a Detroit-based producer of original equipment for the automotive industry, with plants in Adrian and Ypsilanti, Michigan, and in Toledo, Ohio.

Unemployment insurance benefits totaling nearly \$50 billion have been paid to almost 150 million jobless workers since 1936.

Romulus Kiwanis Sends Two to Meet

ROMULUS--Alfred J. Perry, president of the Romulus Kiwanis Club and Edmund Bizek, president-elect and delegate, attended sessions of the Michigan Convention of Kiwanis.

The convention was held at Grand Rapids Sept. 14-16.

CH, Easter Seal Crafts Offered

INKSTER—Interest groups of teenagers and adults, featuring crafts, hobbies and pre-occupational tasks, are replacing summer activities at the Easter Seal Center, near Middlebelt and Michigan in Inkster.

During the summer 39 physically handicapped boys and girls between the ages of 4 and 12 years spent six

weeks in Day Camp at the Center. Co-sponsored by the Cherry Hill School District, the program featured all kinds of do-it-yourself projects from cook-outs, a Fourth of July parade to a Hawaiian Luau. Twenty-five teen age volunteers compiled a service record of over 1000 hours.

The two-week Teen Camp featured field trips to Metropolitan Airport, Cranbrook Museum of Science, the Detroit Lions Training Camp, Westland Shopping Center, Bob-Lo and to the Town and Country Bowling Alleys.

With the children returning to school, the emphasis at the Easter Seal Center shifts of serving teen-agers in special education programs, recently out of school youth, and adults with Judi Berdis, directing these programs.

Additional information regarding Easter Seal services may be secured at the Center, by mail to P.O. Box No. 101, Inkster 48141 or by telephoning PA 2-3055.

Bloodmobile

The Red Cross Bloodmobile will be at the West Regional Red Cross office, 2440 S. Telegraph, Dearborn, Thursday, Sept. 25 between 2 and 8 p.m.

To make an appointment to donate, call CR 4-5450.

'Easy Rider' Travels American Byways

By Dann Barkume

EVERYBODY today is concerned about 'doing their thing' and Peter Fonda and Dennis Hopper travel across the country on motorcycles in search of their 'thing' in Columbia's newest release, "Easy Rider" which will open at the La Parisis Theater on October 1.

The entire film centers around two men who travel from Los Angeles to New Orleans on motorcycles. They push heroin to finance their trip and then take off, leaving all possessions and ties behind.

Fonda calls himself Captain America and Hopper goes simply by Billy. Their travels and experiences include a hippie commune, daily experience with marijuana, a house of prostitution and a number of Southern gentlemen who make their feelings of dislike

for the two men quite obvious, to say the least.

The conflict becomes evident with Fonda. He is deeply troubled by the way of life in America and is constantly searching for something better. The audience cannot help but become involved as Fonda ponders over people and instances he has come across while enroute to New Orleans.

The film doesn't pull any punches, yet is deeply religious in its treatment of the now famous hippie.

The viewer encounters an emotional experience for anyone who makes any effort to get involved with the story. One cannot help but sympathize with Fonda and Hopper and their quest for satisfaction and a better way of life.

"Easy Rider" is a film which explodes with the

wrongs we take for granted and can only be described as powerful.

Anyone who has ever thought about life or about people must see "Easy Rider".

Pastels In UMD Art Show

DEARBORN—The oil pastels of Detroit artist Suzanne Zimmerman will comprise the September art show on display in the University of Michigan, Dearborn Campus library.

Entitled "Shaped Drawings," the 10 paintings will be displayed daily through Oct. 7. A graduate of Wayne State University, Miss Zimmerman has spent considerable time studying and working in Mexico.

Area Persons Among 1339 MSU Graduates

Area residents were among the 1,339 students who earned degrees from Michigan State University during summer term.

Belleville graduates include Charles R. Frigard of 383 Church, BA in Social Science; Jerold L. Grashoff of 13085 Lake Pointe, MS in Botany; Judith A. Hollander of 42915 Savage, BA in Elementary Education and Katherine Stopa of 167 Main, BA in Business Education.

Science; and Michael L. Riley, of 433 N. Sheldon Rd., BA in EIP program.

Wayne graduates are Dale E. Kinnamon of 4560 Treadwell, BS in Geography and Marianne Sarie of 32949 Franklin, BA in German.

Receiving degrees are Westlanders Theodore J. Clark of 32527 Newaygo, BS in Zoology; Beatrice Beau-

champ of 33135 W. Warren, BA in Social Science teaching; Michael Courtney of 36215 Oakwood Lane, BS in Biology; Candice A. Dowell of 6200 N. Wayne, BA in Psychology; Joseph J. Landini of 30870 Van Born, BS in Packaging; and Cynthia G. Zampas of 8659 Alper Blvd., BA in Elementary Education.

UF's 'Help Yourself'-- A Social Fact-finder

If you're ready to delve into conditions of despair and eyewitness tragedies and misfortune to bolster your desire to "help" then "Help Yourself," a new UF movie, may bring those facts to you.

The United Foundation has released an 11-minute color movie depicting the work of nearly 200 Torch Drive services for this year's campaign appeal.

Both the film and

volunteer professional speakers will be available to Wayne-Oakland-Macomb clubs and organizations without charge.

Requests for the film and speakers should be addressed to Edgar Schmidt, UF Speakers' Bureau, 1528 Woodward Ave., Detroit 48226, or by telephoning 965-7100.

Here's What's Running At Your Local Show

CALVIN—West Dearborn, Michigan Ave. presents "BRIDGE AT REMAGEN" with George Segal—Ben Gazzara, (color), (M) and "THE SCALPHUNTERS" with Burt Lancaster—Shelly Winters.

Players Prepare New Production

The Wayne Civic Players have cast their forthcoming production of "Catch Me If You Can," to be presented, October 17, 18, and 19. Cast in the lead roles are David Eastmen, a newcomer to theater, and Karen Anderson, who is known for her role in "Witness for the Prosecution."

Others in the cast include Carl Schuman, Al Emmerling, Ron Goldman, Ginnie Tadlock and Al LaCroix.

The play, a mystery, is adapted from the French version by Jack Weinstock and Willie Gilbert. The setting is in a summer home in the Catskill Mountains.

Diabetes Forum Set

Four Tech Students Take Honor

Four Western Wayne County students were named to the Dean's List for the spring quarter at Michigan Technological University.

Earning a 3.5 or better were Sally J. Buss of Belleville, a sophomore in biological engineering; Richard E. Jones of Plymouth, a junior in chemical engineering; Jean L. Seestedt of Romulus, a sophomore in mathematics; and Rickey H. Hodder of Wayne, a freshman in electrical engineering.

Philip N. Christi Gets Appointment

LANSING--Philip N. Christi of Detroit has been appointed to serve as the American Legion representative on the Wayne County Veterans Trust Fund Committee. He will serve for the term ending Dec. 31, 1971.

Home Needs Help!!

Plymouth State Home has an urgent need for volunteers who have obtained either the Red Cross Senior Life Saving or Water Safety Instructor certificates. Such volunteers will be involved in a therapeutic swimming program for the mentally retarded residents of Plymouth State Home.

Interested and qualified people are urged to contact the Volunteer Office at 453-1500, ext. 259 for additional information.

American Drama--It Grows On You!

By ALAN KROKER
ANP Amusement Critic

As the Greenfield Village Players wrap up another American Drama Festival season, the conviction grows that here could be the basis for a major festival--if only something could be done about the company. Stratford, Ontario, parlayed nothing more than a name into a company of world renown. This festival has a lot more going for it--what could be a more natural setting for historical American drama than Greenfield Village? 19th century drama, while it is usually ranked pretty low in the scheme of things, may well be closer to the heart of the average American than the somewhat alien Shakespeare.

Unfortunately, the Players company, like those before it, willing be doing well if it achieves any recognition as far away as St. Clair Shores. It simply hasn't the talent to attract New York critics. After a number of painful years, the company has developed a certain sense of 19th century style; things aren't nearly so ponderous as they once were, but the ability of the company is appallingly uneven.

"Davy Crockett," the company's second new production this year demonstrates this well. Kenneth Chomont, the villain, is comfortably at home with a role which could easily deteriorate into a cliché. Cheryl Bound, Davy's mother, is as always totally professional. Then at the other extreme, Julia cassells gives the important female lead role about as much quality as the average high school production. Just why Joseph French persists in such casting is a mystery; it would be most interesting to see what the group could do with a professional casting call next year.

A couple of hours spent with Laurel and Hardy and W.C. Fields at the Village Theatre should be sufficient to add a sign to anyone's statement that "they're not making them like they used to." Today it may be fashionable to add a "thank goodness" to such a statement, implying that any film not made in the last couple of years is pure cowardly corn, but they were laughing out loud in the theatre-- out loud, mind you, and who does that any more.

There is no need to look for any message in "The Crazy World of Laurel and Hardy," a compilation of bits and scenes spanning the duo's career at the Roach studios. In those days success was measured only by how long and how loud the audience laughed and by this standard Laurel and Hardy rank high indeed. "Crazy World" covers both sound and silent days and includes both complete shorts and scenes from feature films, plus a huge variety of short bits and snatches, effectively assembled, with a narration by L-H aficionado Gary Moore.

Companion pieces are three Field shorts, "The Pharmacist," "The Barber Shop" and "The Fatal Glass of Beer," aptly showcasing the Fields drollery and knack of spontaneous invention. Is this sort of stuff too stale to pull off today. Emphatically no, as several films faithful to the old idiom, like "Mad, Mad, Mad, MAD WORLD" and "Magnificent Men in Their Flying Machines" can testify. Is something wrong with honest laughter?

Patty Duke ably atones for "Valley of the Dolls" with a stunning performance of Oscar caliber in "Me, Natalie," an equal but ingratiating blend of old style syrup and the modern idiom. Natalie is an ugly duckling,

hounded through childhood and school days, dateless and insecure, pressured by concerned parents, who finally takes a Greenwich Village apartment to find herself.

Dream Business Plane A Hit on Debut

BUSINESSMAN'S DREAM—A new concept in executive aircraft has made its debut in the skies above Metro Airport. The new Shrike Commander, a twin-engine plane designed especially for the businessman-pilot has been introduced by the Aero Commander Division of North American Rockwell Corporation.

The first showing of the new twin-engine airplane in its class with FAA approval for aerobatic maneuvers including chandelles, lazy 8's and steep turns.

The new Shrike is certified in the FAA utility category. Certification in this category requires the aircraft structures to withstand above normal flight stresses. Utility category certification also permits the pilot to engage in limited aerobatics.

The Shrike Commander can be operated from

metropolitan airports or unimproved airstrips. Under ICAO standard atmospheric conditions, at its full gross weight of 6,750 pounds, it can take off in 1,915 feet and clear a 50 foot obstacle or land in 2,235 feet.

Built into this airplane are the things that a businessman needs for safety, for economy and convenience, and for the fun of flying.

An all metal, high-wing plane, the Shrike has a useful load of 2,230 pounds. It can carry up to 7 people and their baggage. Separate doors are provided for the passengers and for the pilot.

Initial rate of climb is 1,340 feet per minute. The Shrike Commander's top speed is 215 miles per hour. Standard usable fuel capacity is 156 gallons with maximum range of 1,078 statute miles.

Wing span is 49 feet, 5 inches. Length is 36 feet, 7 inches, height from the ground to top of the vertical stabilizer is 14 feet, 6 inches. Total cabin volume is 177 cubic feet; baggage compartment capacity is 500 pounds, with 32 cubic feet of volume.

Power is supplied by two direct-drive, fuel injected, 6-cylinder engines. Each develops 290 horsepower at 2,575 rpm.

Entrance into the Shrike is comfortable since the cabin deck is only 18 inches above the ground. The main cabin has a completely unobstructed floor without slope or taper. Wall to wall carpeting is standard as are large, individual seats positioned to provide every passenger with a clear view of the ground.

Interior and harmonizing exterior decor is available in

surf blue, auburn or buckskin, with matching carpeting, leather-trimmed upholstery, and curtains.

The Shrike's fuel system comprises five interconnected fuel cells with all cells gravity feeding into a center tank, eliminating the necessity of fuel tank selection and cross-feed systems.

The Shrike is built for instrument flying, and can be factory equipped with any of three Aero Commander Conflite avionics systems.

Standard equipment for the Shrike Commander includes such items as: flight and engine instruments, control lock, a 159.6-gallon capacity fuel system, interior and exterior decor, power steering, heavy duty tires, a cabin ventilating system, and a corrosion resistant zinc chromated internal structure.

SLEEK AND SWIFT—Like a graceful bird over the Western Wayne countryside the new Shrike Commander makes striking picture. The twin-engine business and executive aircraft has met with instant success and highly praised by all who flown it. It is highly comfortable and its ease of operation tends to make it a very popular aircraft in the business flying field.

Big Boeing Jet Ready Soon

The International Civil Aviation Organization (ICAO) reported that within three years after the inauguration of its airline

service, Boeing's 747 (375 passengers in Delta Air Lines' configuration) will be operating into 107 airports across the world, on the service of 26 international airlines.

ICAO said that while not all of the airports were presently prepared to receive the giant new airliner, it is presumed they would be up to standard by the time (1972) 747 arrives. The list includes 18 U.S. airports. 747 is expected to enter airline service with Pan American World Airways early this winter.

To Build New Helicopter

The Bell Helicopter Company of Fort Worth has awarded a \$624,000 NASA contract to develop and build a 25-foot diameter propeller-rotor which can be stopped and folded for high speed flight. The rotor would be used on advanced VTOL aircraft.

French SST Going Great

The French Concorde Supersonic Transport, now undergoing a flight-test program near this French city, is expected to be grounded for modifications in mid-September after attaining flight speeds of up to Mach 1.4. The big SST, to be flown by Sud Aviation test pilot Andre Turcat, will fly at Mach 2.0 (supersonic) early in the spring of 1970 if the current testing program "continues successfully."

Orders Pour In For Transport

Assembly of the McDonnell Douglas DC-10 luxury tri-jet has begun at the corporation's Santa Monica facility.

Current orders and options for the DC-10 total 184 from American Airlines, KLM, Northwest, Overseas National Airways, SAS, Swissair, Trans International, Union de Transports Aeriens, and United.

CAP Aids Hurricane Hit Areas

The Civil Air Patrol has been credited by authorities in the hurricane-battered Mississippi coast/Louisiana delta areas with a "major assist" in early warning and rescue operations. CAP Volunteers, working around the clock before, during, and after the storm, established a workable ground radio network in the storm area when normal communications facilities had been obliterated. CAP patrols fanned out along the coast prior to the hurricane, warning residents of the danger. "When we came back the place was a shambles," one CAP official said. CAP members not manning radio equipment were used in rescue operations and in searches for the injured and dead.

*** Spain now has a social security system.

LUFTWAFFE CHAMPION—Many of Flying World's readers have called or asked if we had a good photo of a Messerschmitt 109. Here is a photo of the ME-109G, one of the first aircraft of the German Air Force in World War II. This fighter aircraft was the backbone of Nazi air power and carried the bulk of the fighting load right up to the last day of the war.

South Pole Airline Safest

"The World's Only Antarctic Airline" has celebrated completion of 30,000 accident-free hours of operations. The "airline," U.S. Navy Antarctic Development Squadron Six, is comprised of five Lockheed C-130E Hercules prop-jet freighters. The safety record is more outstanding because the squadron operates in a small weather conditions—"white-outs," bitter cold, and unusually high winds. In addition, the Hercules have landed hundreds of times without benefit of modern approach facilities, lighting or runways.

Mini Set Engine Made In Michigan

(WALLED LAKE, Michigan)—The Williams Research Corporation has announced development of a miniature jet engine designed to power a "Jet Flying Belt," under development by Bell Aerosystems Company for the Defense Department. The small jet, called the WR-19, is two feet long and one foot in diameter.

Computer Aids Air Control

The Federal Aviation Administration has installed an IBM 9020 high capacity computer in its air route traffic control center at Washington, D.C. The computer is said to be able to process more than 500 flight plans per hour and performs its calculations at 500 times the speed of previous equipment.

Aikin Named To Sales Post

The appointment of Allan C. Aikin to the position of Zone Sales Manager for American Airlines in Detroit was announced today by Jack A. Tompkins, Vice President for American in Detroit. He will assume his new position immediately, according to Tompkins.

Hi-Jacking Is Probed

A subcommittee of the International Civil Aviation Organization (ICAO), formed to investigate civil aviation "highjacking," will meet in Montreal on September 23 to consider a draft treaty on prosecution, punishment and extradition of persons committing the act of unlawful seizure of aircraft.

The committee drafted the treaty earlier this year and circulated it to the 116 ICAO member states. ICAO believes that its proposed treaty, if adopted, would be a highjackers, possibly a "discouraging factor to prevention factor."

Peacocks have an unfriendly disposition.

WYAN DOTTIE SAVINGS BANK

BIG NAME IN BANKING SINCE 1871

Wyandotte Savings Bank is older than the telephone (1876), the phonograph (1877), and the electric light bulb (1879).

Now being old doesn't necessarily mean any more in banking than it does in any other field.

But when an institution's been an area's banking leader for 98 years—and continued to grow and expand its services throughout that time—that tells you something im-

portant. WSB now has eleven offices to serve you. Every one offers a full range of the most modern banking services, and a philosophy that puts your individual needs ahead of everything else. And no matter how old we get, we're looking for new ideas to serve you better every day.

You might call it growing old aggressively.

SPECIAL FOR THIS WEEK

DOLL HOUSE, \$17,500

Just listed, this immaculate 2 bedroom home on Winslow. This home is really neat and clean and has carpeting, dishwasher, new garage, all on corner lot. Just closing cost to move in FHA.

3/4 ACRE

A nice building site in Westland with sewer and water. Good building restrictions for neighborhood protection. 134 ft. frontage in vicinity of Newburgh and Palmer Rds. \$4,900. \$200 down, \$45 per month.

PRICED REDUCED \$500

An immaculate 3 bedroom brick ranch with basement in Westland. 1 1/2 car garage, gorgeous landscaping with abundance of flowers. Now \$20,500, \$1300 down, FHA.

\$2,600 ASSUMES MORTGAGE

A neat and clean home at 3989 Winifred. Downstairs there is a bedroom and den or bedroom number 2. A dormer upstairs provides bedroom number 3, which is beautifully finished into a dormitory type bedroom. There is a basement. Take over FHA mortgage with no qualifying or red tape. Owner transferred, quick possession.

\$750 DOWN

This Norwayne single on large lot with attached garage is now vacant and can be purchased to just \$750. FHA to move in and payments less than rent.

2 HOUSES & 7 ACRES

Prime house is a 2 bedroom buff brick with family room, fireplace and attached garage. Secondary house is a small frame in need of some repair, but good for dependent or rental. \$42,000, terms.

EUREKA ROAD

A gray brick winged ranch with 3 bedrooms, large dining room, carpeting, attached garage. \$21,000 terms.

TRI LEVEL

\$22,900. This well constructed tri-level has over 1900 sq. ft. of living area, kitchen has built-ins, 3 huge bedrooms, huge family room, natural fireplace in living room, 1 1/2 baths, baseboard heat, garage. Situated in established neighborhood on Schley Street. Hurry on this. Low down payment FHA or GI.

A LOW RANCH

A smartly appointed 3 bedroom, all brick ranch. No basement, but over 1200 sq. ft. all carpeted makes a good deal of living area. 1 1/2 car garage. \$23,500. FHA terms. Immediate possession.

VOLKSWAGEN
VW Trade-ins Come In All Sizes.
MUSTANG CONVERTIBLE '69 \$2395
There is tremendous saving on this car! It's apple red with a white top, 4 speed, V-8, and it was only driven 9,000 miles. It carries a balance of New Car Warranty.
SCOUT INTERNATIONAL '64 \$995
A stout car in very fine condition. 4-wheel drive, Warner hubs and enclosed cab.
VOLKSWAGEN FASTBACK SEDAN '68 \$1795
This mileage is low and this car carries a balance of New Car Warranty. Tan, with whitewall tires, radio and heater.
KARMANN GHIA CONVERTIBLE '64 \$895
The beauty of the VW line! It's jet black and has a radio and heater. In very nice shape. 100% Guaranteed.
VOLKSWAGEN STATION WAGON '64 \$495
A very low price for good transportation. It'll carry 9 people and run a lot of errands for you.
DODGE STATION WINDOW '64 \$795
This is a sharp one! V-8, automatic, power steering, radio and heater.
*We guarantee the repair or replacement of all mechanical parts for 30 days or 1,000 miles (whichever comes first)-engine, transmission, rear axle, front axle assemblies, brake and electrical systems.

BEEF CHUCK ROAST

Center Blade Cut **55¢** lb.

BONELESS FLAT CUT 85¢ lb.

ROUND BONE 75¢ lb.

GROUND CHUCK

Ground Fresh! **75¢** lb.

YANKEE POT ROAST

Select a 3- to 4-lb. chuck roast. Trim excess fat, and heat trimmings in Dutch oven. Roll the pot roast in flour, then brown slowly on all sides in 2 tbsp. hot fat. Season with salt and pepper. Add 1/2 cup water. Cover tightly and cook over low heat 2 1/2 to 3 hours or till tender. (Add more water if needed.) The last hour of cooking, add small whole onions, carrots, and small potatoes. Thicken liquid for Pot-roast Gravy. Makes 6 to 8 servings.

BEEF LOAF

Mix 1 1/2 lbs. ground beef, 2 cups soft bread crumbs, 2 eggs, 1/2 cup evaporated milk, 1/2 cup finely chopped onion, 1 tsp. salt, and 1/4 tsp. pepper. On waxed paper or foil, shape meat in a 12-inch roll, 2 inches in diameter. Press pickles lengthwise into center of roll, molding meat over to cover. Shape long loaf. Place in shallow baking dish. Brush meat with mixture of 1/4 cup each bottled barbecue sauce and catsup. Bake at 350° for 1 hour.
